MONDAY MORNING, JUNE 3.

Secession Troubles at Wesaw.

The "Chicago Tribune" progresses. "Not content with keeping schoolmasters and shifting the axes of politics, they devote themselves to the gratuitous pastime of maltreating Northern women. A young lady belonging to one of the most respectable families in Central New York, who has been for some time past a teacher in one of the Cotton States, was recently discharged from her situation at such a league to teach the southern young ideas how to shoot. As a parting testimonial of regard, her employers informed her that as it was against their principles to pay their debts to northerners, she must charge the amount of her salary to the account of the war! She was glad enough to get away, on any terms, and cheerfully surrendered the hard-earnings of months in order to get back into a civilized community.

All her letters from home for some time past were headed to her opened, while her letters written to her friends were of course subjected to a similar scrutiny. Some well-meaning people have been deluding themselves with the idea that this is a free country.

England and the Cotton Product.—A southern planter, recently arrived from Europe, a man of standing and extensive information, says, as per a letter just received from a friend in New York:

"I am sure they have England well nigh bound with a dollar, and France cannot if she would. He says we have no idea of the energy with which England is prosecuting the cultivation of cotton in India and Austria. In India twenty-six millions of acres are under cultivation for this purpose. As a planter he felt interested in investigating the subject. He says that in much less than ten years the will send no cotton from America. Why will this be the case so far this?—Baltimore American.

The Southern Exodus.—The exodus from the South at present is immense. Nearly three hundred passengers came through last night over the Louisville and Nashville Railroad. Many of them had traveled as far as Memphis by the steamer Louisville; but that boat having been confiscated there by the military mob, her passengers were subjected to the necessity of coming through by rail."—Louisville Journal.

The same accounts reach us from all the northern and western cities, including our own. Now, we will trouble any gentleman of the secession persuasion to tell us, why are there no travelers going South?

ANOTHER CURE BY DR. SCHENCK.—I called on Dr. Schenck some time ago in one of his visits to Pittsburgh, at the office of Dr. Keyser, No. 140 Wood st. He was examining patients with lung diseases. One of the patients said to Dr. Schenck, "I think I'll be'n' badly diseased. Oftentimes when I coughed I expectorated blood and matter in large quantities. I had a bad hacking cough, and was constantly debilitated. Dr. Schenck prescribed for me his "PULMONIC SYRUP," "SEAWEED TONIC" and "BLOOD PILLS," and before I had taken one month's medicine I knew I was recovered, and I'll be hanged if I have so far recovered that I do not quit any more blood or matter, and the cough has nearly left me. I live in Columbiana county, Ohio, where I was well known. You may publish this if you wish."

Pittsburgh, August 27, 1860.

N. B. Since the above was written, Mr. Koch has entirely recovered, and continues well, having regained his usual health.

I, WILLIAM W. ALEXANDER, residing on Ann street, Allegheny city, do hereby certify that I have been a sufferer from severe cough and pain in the breast for about eight years. During the whole of this time I have had general debility and depression of spirits. I tried every nostrum I could hear of, but nothing took hold of my disease. I heard of Doctor Schenck's Pulmonic Syrup, but had knowing so generally that it had cured, I had no confidence in it. In April, 1858, I took a severe cold, accompanied with a violent cough, difficulty of respiration, and night sweats, which so prostrated me that I was confined to my room for two months.

Several of my friends advised me to get some of Dr. Schenck's medicine, as they knew what it had done. My prostration and debility discouraged me considerably, and I made up my mind that I would not take any more medicine; but when I could take the cleanse, five or six, as I had been so long sick that I felt completely worn out. However, one of my friends brought me a bottle of Dr. Schenck's Pulmonic Syrup. I was induced to give Dr. Schenck's medicine a fair trial, the result of which was truly gratifying. I can say that I have not taking less than six dollars' worth of Dr. Schenck's medicine. I unhesitatingly state that it has made a perfect cure of me. I am a well man, and I attribute my good health and vigor of constitution entirely to Dr. Schenck's medicine. I enjoy better health to-day than I have for the last twenty years. If persons knew the virtues of Dr. Schenck's invaluable remedies, they would not be long in making use of them. Feb. 4th, 1861, then called and said he was entirely cured.

WILLIAM W. ALEXANDER.

Dr. Schenck's medicines are for sale by all druggists in this city and throughout the United States.
