THURSDAY MORNING, JUNE 27.

John Adams on State Sovereignty.

THE HERESY OF A "CONFEDERATED" REPUBLIC.

The Boston Advertiser publishes copies of two letters written by John Adams, second President of the United States, to Hon. Benj. Lincoln, Lieutenant Governor of Massachusetts for the year 1788-9. The letters, which are not contained in the published works of President Adams, edited by his grandson, were written while he was Vice President of the United States under Washington's administration, and at the close of General Lincoln's term as Lieutenant-Governor. The second letter anticipates, in precise terms, the heresy of a "confederated republic" of independent States. This letter, as will be observed, was written before the people of Rhode Island and North Carolina had ratified the Constitution:

"NEW YORK, June 19, 1789.

"DEAR SIR:—I am honored with yours of the 30th of May; and find we are agreed in opinion in all points.

"Nothing since my return to America has alarmed me so much as those habits of fraud in the use of language which appear in conversation and in public writings. Words are employed like paper money to cheat the widow and the fatherless and every honest man. The word aristocracy is one instance, though I cannot say that there is no color for the objection against the Constitution, that it has too large a proportion of aristocracy in it. Yet there are two checks to the Senate evidently designed and prepared, the House of Representatives on one side and the President on the other. Now the only feasible remedy against the danger is to complete the equilibrium by making the executive power distinct from the legislative, and the President as independent of the other branches as they are of him. But the cry of monarchy is kept up in order to deter the people from recurring to the true remedy, and to force them into another which would be worse than the disease. I into an entire reliance on the popular branch and a rejection of the other two. A remarkable instance of this I lately read with much concern in the message of the Governor to the House. The attention and affections of the people are there turned to their representatives only and very artfully terrified with the phantoms of Monarchy and Despotism. Does he mean to intimate that there is danger of a despotism? or of simple monarchy? In truth Mr. H. [Hancock] himself is a limited monarch. The Constitution of Massachusetts is a limited monarchy. So is the new Constitution of the United States. Both have very great monarchial powers, and yet real defects of both are, that they have not enough to make the first magistrate an independent and effectual balance to the other branches. But does Mr. H. mean to confound these limited monarchial powers with despotism and simple monarchy which have no limits? Does he wish and mean to level all things and become the rival of General Shays? The idea of an equal distribution of intelligence and property is as extravagant as any that ever was avowed by the maddest of the insurgents. Another instance of the false coin, or rather paper money in circulation, is the phrase 'Confederated Republic' and 'Confederated Commonwealth.' The new Constitution might, in my opinion, with as much propriety be denounced judicial astrology. My old friend, your Lieutenant-Governor, in his devout ejaculation for the new government, very carefully preserves the idea of a confederated commonwealth, and the independent States that compose it. Either his ideas or mine are totally wrong upon this subject. In short Mr. A. [Samuel Adams] in his prayer, and Mr. H. in his message, either understood not the force of the words they have used, or they have made the most insidious attack on the new Constitution that has yet appeared. With two such popular characters at the head of Massachusetts, so near to Rhode Island; with Gov. Clinton at the head of New York and Gov. Henry in Virginia, so near to North Carolina, there is some reason to be jealous. A convulsion with such men engaged openly, or secretly, in favor of it would be a serious evil. I hope, however, that my fears are groundless, and have too much charity for all of them to imagine that they mean to disturb the peace of our Israel.

"With great regard,

"I am, sir, your most obedient,

"General Lincoln." JOHN ADAMS."

The Markets North and South.

It is suggestive to compare the prices of some of the leading articles of subsistence, as they were quoted in Northern and Southern markets during the past week. We will take corn for instance:

Per bush.		Per bush.
Memphis	70	New York 56
New Orleans	80	Philadelphia 54
Montgomery	$1 10	Cincinnati 23
Charleston	1 20	Chicago 21

Take for consideration next the article of flour:

Per bbl.		Per bbl.
Memphis	$8 50	New York $4 75
New Orleans	9 50	Philadelphia 5 50
Montgomery	10 00	Cincinnati 4 50
Charleston	7 50	Chicago 3 50

And finally, compare the prices of mess pork in the Northern and Southern States:

Per bbl.		Per bbl.
Memphis	$27 00	New York $16 50
New Orleans	26 00	Philadelphia 17 50
Montgomery	25 00	Cincinnati 14 75
Charleston	27 50	Chicago 15 50

In many of the Southern States, the price of provisions is seen to be more than double what it is at the great depots of the North: so that in all such States where the Confederate Government have troops, they are costing as much to feed, as twice the number in arms, are costing the North.

What is the position, then, of Jeff. Davis and his Generals? It would seem that he must fight soon, and fight desperately and successfully, or perish.

The rumors of the advancing lunacy of her Majesty Queen Victoria would seem to derive substance from the announcement of the "Gazette de France," that "Dr. Schonlin has been sent for to London to attend a consultation of French and German physicians on the state of the Queen's health, which, it seems, is such as to give rise to uneasiness." Another journal learns from Berlin that the Prince and Princess Royal, with the little Prince William, are going to visit London about the middle of July, the object being to procure a salutary emotion for Queen Victoria." A Parliamentary explanation.

☞ ANOTHER CURE BY DR. SCHENCK.—I called on Dr. Schenck some time ago in one of his visits to Pittsburgh, at the office of Dr. Keyser, No. 140 Wood st. He was examining patients with lung disease. One of my lungs and the bronchial tubes were found to be badly diseased. Oftentimes when I coughed I experienced blood and matter in large quantities. I had night sweats and a great cough, and was greatly debilitated. Dr. Schenck prescribed for me his "Pulmonic Syrup," "Seaweed Tonic" and "Mandrake Pills," and after taking them one month I have so far recovered that I do not spit any more blood or matter, and the cough has nearly left me. I live in Coraopolis, Allegheny county, Pa., and am following my business. Every machine sold by us is

WARRANTED FOR THREE YEARS.

We also give instructions, free of charge, to purchasers, to enable them to Hem, Fell, Gather Tuck and Embroider, all on the one machine.

A Card to the Public.

THE amount of bodily and mental misery arising from a neglect of small complaints is incalculable, and it is therefore of the utmost importance that a strict attention to the least and most trifling bodily ailments should be had; for diseases of the body invariably affect the mind. DR. MOFFAT'S VEGETABLE LIFE MEDICINES, in every instance where they have been thoroughly used, have TRIUMPHED OVER DISEASE in almost all its diversified forms. The salutary effects of the Life Medicines have, in fact, been so universally experienced, that they have become fully established as the most easy, safe and perfect mode of treatment ever offered to the public.

THESE MEDICINES

Have now been before the public for a period of 30 YEARS, and during that time have maintained a HIGH CHARACTER in almost EVERY PART OF THE GLOBE for the extraordinary curative properties which they possess.

IN MANY THOUSANDS

of certified instances, they have even RESCUED SUFFERERS from the very VERGE OF AN UNTIMELY GRAVE, after all the deceptive nostrums of the day have invariably FAILED. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their wonderful and unfailing action in purifying the springs and channels of life, and vitalizing them with renewed tone and vigor, that they were indebted for their name.

MOFFAT'S LIFE PILLS!!!

Are composed of VEGETABLE INGREDIENTS EXCLUSIVELY, as can be ascertained by CHEMICAL TESTS. Their prominent qualities are those of an active and searching, though perfectly mild and agreeable detergent aperient; or a gentle separator, promoting the insensible perspiration; of a pleasant diuretic, invigorating the kidneys and bladder; and of a delightful tonic medicine, exciting appetite by the demands of active digestion, and cheering the mind with that grateful sense of revivated health which is one of the most felicitous feelings of our nature.

THE PHŒNIX BITTERS!!!

So denominated from their astonishing power of creating new life and strength, as it were from the very ashes of the most dilapidated constitutions—are more strongly tonic and more immediately invigorating than the Pills containing the same choice vegetable extracts as the latter, in a different medication. Although really less cathartic than the LIFE PILLS, they nevertheless begin to cleanse the alimentary canal much sooner; generally slightly operating within three or four hours, and producing a decided sense of relief to the Head and Stomach, and exhilarating the Mind, even in less time than this.

MOFFAT'S LIFE PILLS!!!

In Affections of the Head, Sick Headache or Nervous Headache, these Pills will be found to possess the most sanitary efficacy.

MOFFAT'S PHŒNIX BITTERS!!!

Have been happily used for the cure of FEVER AND AGUE, WITH INVARIABLE SUCCESS!

BILIOUS COMPLAINTS, AND A MODE OF CURE!!!

A well-regulated and proportionate quantity of bile upon the stomach is at all times necessary for the promotion of sound health—it stimulates digestion and keeps the intestinal canal free from all obstructions. When there is a deficient discharge of bile, the body is constantly costive. On the other hand, an overabundance of bile causes frequent nausea in the stomach, and often produces very severe attacks of dispepsia, which sometimes end in death.

Dr. Moffat's Life Medicines!!!

Should be taken in the EARLY STAGES of Bilious complaints and if persevered in strictly according to directions, will POSITIVELY EFFECT A CURE!

PILES! PILES! PILES!

As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinguished character. Hundreds in this city that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of thirty-five years; and that he tried in vain every remedy prescribed within the whole compass of the *Materia Medica*. He however at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

MOFFAT'S

Life Pills and Phœnix Bitters!!!

Cure DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the stale and acrid BILE. FLATULENCY, Loss of APPETITE, HEADACHES, HEARTBURNINGS, ILL TEMPER, ANXIETY, LANGUOR, and MELANCHOLY, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

THE

LIFE MEDICINES!

For BILIOUS and LIVER COMPLAINTS, with their many well-known attendants, *Bilious and Sick Headache, Pain and Soreness about the Region of the Stomach, Dizziness, Heartburn, Loss of Appetite*, are acknowledged to be vastly superior to anything ever before offered to the public.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of Mercury, will find these medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla.

SCROFULA!

The most horrible cases of *Scrofula*, in which the Face, Neck and Limbs of the victim had been prey'd upon by the insatiable disease, are proved by undeniable authority of the sufferers themselves, to have been completely cured by the use of these Medicines, after all others had been found more than useless.

Acute or Inflammatory Rheumatism!

ANTHROSIA CHRONICA, OR CHRONIC RHEUMATISM!!!

These diseases, which are among the most painful, and, by ignorant treatment, the most fatal to which the suffering humanity is liable, are quickly, speedily and permanently cured, by a proper course of the LIFE PILLS and PHŒNIX BITTERS.

MOFFAT'S PILLS AND BITTERS!!!

But it is unnecessary to enumerate the many cases in which these powerful vegetable medicines have effected the most astonishing cures. Why are they so universal in their happy effects?

Because they PURIFY THE BLOOD, and thus remove all cause of disease in the system.

Because they act powerfully upon the secretions of the body, and thus prevent all access.

Because they do not reduce the system, but invigorate it—hence requiring no restraint from pleasure or business during their operation.

TRY MY MEDICINES!!!

Try but a Single Dose of the

LIFE PILLS!!

RICHARDSON'S

IRISH LINENS,

DAMASKS, DIAPERS, &C.

CONSUMERS OF RICHARDSON'S LINENS, and Those desirous of obtaining the GENUINE GOODS, should see that the articles they purchase are sealed with the full name of the firm,

J. R. RICHARDSON, SONS & OWDEN,

as a guarantee of the purchase and durability of the Goods. This caution is rendered especially necessary, as large quantities of inferior and cotton fabrics are now sold in some other cities and stamped with the name of RICHARDSON, SONS & OWDEN, which, from the injury they inflict alike on the American consumer and the manufacturers of the genuine Goods, will not readily abandon a system by which spurious, trifle purchasers can be imposed on with Goods of a worthless character.
