MONDAY MORNING, JULY 1.

The Army Mechanics.

The Boston Commercial Bulletin has the following in its "Sharp-shooters' column":—

"The regiments of the Northern army, it is well known, contain practical mechanics of every branch of trade, as well as artists, merchants, clerks, and men from every walk of business; so that when a commander wishes a bridge built, a locomotive repaired or a pair of boots mended, he finds a ready response to his order: of 'Carpenters, step to front!' 'Machinists, two paces forward, march!' 'Shoemakers, to the front and center, march!'

In any army composed of such material, the branch of trade from which such companies have been drawn will be indicated to the shrewd observer by their style of expression toward the enemy. For instance:—

Printers—Knock him into 'pi!' Smash his 'form!' 'Lead, him well! At him with a 'dash!'

Carpenters—At him full *chisel!* Shave him down!

Tailors—Sew him up! Give him a good 'basting!'

Sailors—Smash his 'top lights!' 'Ran foul' of him! Sink him!

Shoemakers—Give him a welting! Peg away at him! Close him up!

Fishermen—Split him and 'salt him!' 'Hook him in the gills!'

Blacksmiths—Let him have it red hot! Hammer it into him!

Painters—A little more lead! Lay it on to him! We're just the *size* for him!

Barbers—Our 'dander' is up! Now for a good brush! Give him a good 'lathering!'

Cutlers—Polish him down! Give him a keen edge!

Bakers—He (k)needs working over! Let's do him brown, dough-face!

Glaziers—Smash the awful 'set!' Let's do our *'putties!'*

Lawyers—Be *brief* with him! Get his head in Chancery!' Stick him with—the costs!

Machinists—Set his running gear in motion! We'll start the driving wheel, and he shan't break the connection again!

Bill Posters—Stick him to the wall!

Musical Instrument makers—His notes are all spoiled! String him up!

Jewelers—Chase him well! Show him your mettle, boys!

Stage Drivers—Whip him into the traces! Touch up his leaders with the *string!*

Our Confidence in Gen. Scott.

There is something very impressive in the unquestioning confidence of the people in Gen. Scott. It is even more nearly unanimous and more implicit than it was at the beginning of the present troubles, and then he was deemed an unusually foolish and conceited man, who ventured to intimate that the veteran commander's military plans were a subject for criticism.

There is an element of immense strength in this popular confidence in the noble man, who guides our armies. Every one feels that the best thing possible will, under his direction, be done, and therefore every one feels disposed to do his utmost in aiding in the accomplishment of the plan which the commander has devised. The conviction that he will surely conduct the campaign to a successful issue is so strong that, though five years ago he passed the allotted three score and ten, scarcely any one thinks of the possibility of his being cut off by death, before the great work is finished. Men take it for granted that Divine Providence will in mercy certainly preserve him till peace and order are re-established. Most devoutedly do we trust that this instinctive faith, if we may so call it, in the destiny marked out for him, is correct, and that he will not be summoned hence until he can go down to his grave followed by the benedictions of a grateful, united and happy nation. Nor is it too much to hope that a commander so wise and merciful, so sparing of the lives even of the men in arms against him, will at last be sincerely mourned by thousands who are now hostile to him. A distinguished divine lately ventured to express to Gen. Scott the hope and the belief that under his direction the war would be conducted according to the principles of generous humanity. "Humanity?" exclaimed the veteran; "Christianity, *Christianity*, CHRISTIANITY, sir," repeating the word three times in the most emphatic manner, as he bent forward in his chair. Let the men who have read Beauregard's lying and vile proclamation, hear that.—[Providence Journal.

Proposals for Materials for the Navy.

NAVY DEPARTMENT,
Bureau of Construction, Equipment, &c., June 11, 1861.

SEALED PROPOSALS to furnish materials for the Navy for the fiscal year ending 30th June, 1862, will be received at this Bureau until 3 o'clock, P. M., of the 8th July next. These proposals must be endorsed "PROPOSALS FOR MATERIALS FOR THE NAVY, BUREAU OF CONSTRUCTION," &c., that they may be distinguished from other business letters.

The materials and articles embraced in the classes named are particularly described in printed schedules, any of which will be furnished to such as desire to offer, on application to the commandants of the respective yards, or to the navy agent nearest thereto, and those of all the yards upon application to this Bureau. This division into classes being for the convenience of dealers in each, such portions will be furnished as are actually required for bids. The commandants and navy agent of each station will have a copy of the schedules of the other yards, for examination only, from which it may be judged whether it will be desirable to make application for them.

Offers must be made for the whole of the class at any yard upon one of the printed schedules, or in strict conformity therewith, or they will not be considered.

The contract will be awarded to the lowest *bona fide* bidder who gives proper security for its fulfilment. The United States reserves the right to reject all the bids for any class, if deemed exhorbitant.

All articles must be of the very best quality, to be delivered in good order, and in suitable vessels and packages, as the case may be, at the expense and risk of the contractor, and in all respects subject to the inspection, measurement, count, weight, &c., of the yard where received, and to the entire satisfaction of the commandant thereof.

Bidders are referred to the commandants of the respective yards for samples, instructions, or particular description of the articles; and, all other things being equal, preference will be given to articles of American manufacture.

Every offer, as required by the law of 10th August, 1846, must be accompanied by a written guarantee, the form of which is herewith given.

Those only whose offers may be accepted will be notified, and the contract will be forwarded as soon thereafter as practicable, which they will be required to execute within ten days after its receipt at the post office or navy agency named by them.

Sureties in the full amount will be required to sign the contract, and their responsibility certified to by a United States district judge, United States district attorney, collector, or navy agent. As additional security, twenty per centum will be withheld from the amount of the bills until the contract shall have been completed; and eighty per centum of each bill, approved in triplicate by the commandants of the respective yards, will be paid by the navy agent at the points of delivery within thirty days after its presentation to him.

It is stipulated in the contract that if default be made by the parties of the first part in delivering all or any of the articles mentioned in any class bid for in the contract, of the quality and at the time and places above provided, then, and in that case the contractor and his sureties will forfeit and pay to the United States a sum of money not exceeding twice the amount of such class, which may be recovered from time to time, according to the act of Congress in that case provided, approved March 3, 1813.

Classes Nos. 1, 2, 6, 8 to be delivered one-fourth part on or before the 15th of May, one-fourth part on or before the 20th of July, one-fourth part on or before the 20th of September, and the remaining fourth part on or before the 1st of December, 1862. Class 3, 4, 7 and 9 the whole to be delivered by the 15th of May, 1862. The remaining classes to be delivered one-fourth part on or before the 1st of September next, one-fourth part on or before the 1st of December next, one-fourth part on or before the 1st of April, and the remainder on or before the 30th of June, 1862; unless earlier required with a notice of twelve days, comprising at each delivery a due proportion of each article. Class 10 and all following, if additional quantities of any of the articles named therein are demanded, they are to be furnished on like terms and conditions previous to the expiration of the fiscal year, upon receiving a notice of fifteen days from the bureau, the commandant of the yard, or navy agent.

Form of Offer.

I, ——— of ———, in the State of ——— hereby agree to furnish and deliver, in the respective navy yards, all the articles named in the classes hereunto annexed, agreeably to the provisions of the schedules therefor, and in conformity with the advertisement of the Bureau of Construction, &c. of June 11, 1861. Signature, A. B.

The schedule which the bidder encloses must be pasted to his offer, and each of them signed by him. Opposite each article in the schedule the price must be set, the amount carried out, the aggregate footed up for each class, and the amount likewise written in words.

The undersigned, ———, of ———, in the State of ———, and ———, of ———, in the State of ———, hereby guaranty that in case the foregoing bid of ——— for any of the classes therein named be accepted, he or they will, within ten days after the receipt of the contract at the post office named, or navy agent designated, execute the contract for the same, with good and sufficient sureties; and in case said ——— shall fail to enter into contract as aforesaid, we guaranty to make good the difference between the offer of said ——— and that which may be accepted.

☞ANOTHER CURE BY DR. SCHENCK.—I called on Dr. Schenck some time ago in one of his visits to Philadelphia, at the office of Dr. Keyser, No. 140 Wood st. He was examining patients with lung disease. One of my lungs and the bronchial tubes were found to be badly diseased. Oftentimes when I coughed I expectorated blood and matter in large quantities. I had night sweats and a great cough, and was generally debilitated. Dr. Schenck prescribed me his "PULMONIC SYRUP," "SEAWEED TONIC" and "MANDRAKE PILLS" and after taking them one month I have so far recovered that I do not spit any more blood and my cough has nearly left me. I live in Columbiana county, Unity township, Ohio, where I am well known. You may publish this if you wish.

MARTIN KOCH.

Pittsburgh, August 27, 1860.

N. B. Since the above was written, Mr. Koch has entirely recovered, and continues well, having regained his usual health.

☞I, WILLIAM W. ALEXANDER, residing on Ann street, Allegheny city, do hereby certify that I have been a sufferer from severe cough and pain in the breast for about eight years. During the whole of the time I have had general debility and depression of spirits. I tried every nostrum I could hear of, but nothing took hold of my disease. I heard of Doctor Schenck's "PULMONIC SYRUP," but knowing no one personally that it had cured, I had no confidence in it. At last, however, I took a few bottles of it, combined with a violent cough, difficulty of respiration, and night sweats, which so prostrated me that I was confined to my room for two months.

Several of my friends who called to see me, spoke in very high praise, as they knew what it had done. My present health, I consider entirely restored, and I made up my mind to waste no more money for doctors or medicine, but would take to the cheapest, viz: or do, as I had been so long sick that I felt completely discouraged. However, after reading several advertisements in the Pittsburgh Dispatch of that I induced to give Dr. Schenck's medicine a fair trial, and now, *nearly two years afterwards*, I am in good health, by taking less than two dollars' worth of Dr. Schenck's medicine. I attribute my restoration entirely to the use of

Miscellaneous.
A Card to the Public.

The amount of bodily and mental misery arising from a neglect of small complaints is incalculable, and it is therefore of the utmost importance that a strict attention to the least and most trifling bodily ailments should be had; for diseases of the body invariably affect the mind. DR. MOFFAT'S VEGETABLE LIFE MEDICINES, in every instance where they have been thoroughly used, have TRIUMPHED OVER DISEASE in almost all its diversified forms. The salutary effects of the Life Medicines have, in fact, been so universally experienced, that they have become fully established as the most easy, safe and perfect mode of treatment ever offered to the public.

THESE MEDICINES

Have now been before the public for a period of 30 YEARS, and during that time have maintained a HIGH CHARACTER in almost EVERY PART OF THE GLOBE for the extraordinary curative properties which they possess.

IN MANY THOUSANDS

of certified instances, they have SNATCHED SUFFERERS from the very VERGE OF AN UNTIMELY GRAVE, after all the deceptive nostrums of the day have invariably FAILED. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor, that they were indebted for their name.

MOFFAT'S LIFE PILLS!!!

Are composed of VEGETABLE INGREDIENTS EXCLUSIVELY, as can be ascertained by CHEMICAL TESTS. Their prominent qualities are those of an active and searching, though perfectly mild and agreeable detergent aperient; of a gentle aperient, invigorating the kidneys and bladder; and of a delightful tonic cardiac, exciting appetite by the demands of active digestion, and cheering the mind with that grateful sense of renovated health which is one of the most felicitous feelings of our nature.

THE PHŒNIX BITTERS!!!

So denominated from their astonishing power of creating new life and strength, as it were from the very ashes of the most dilapidated constitutions—are more strongly tonic and more immediately invigorating than the Pillar containing the same choice vegetable extracts as the latter, in a different medication. Although really less cathartic than the LIFE PILLS, they nevertheless begin to cleanse the alimentary canal much sooner, generally slightly operating within three or four hours, and producing a decided sense of relief to the Head and Stomach, and exhilerating the Mind, even in less time than this.

MOFFAT'S LIFE PILLS!!!

In Affections of the Head, Sick Headache or Nervous Headache, these Pills will be found to possess the most salutary efficacy.

MOFFAT'S PHŒNIX BITTERS!!!

Have been happily used for the cure of FEVER AND AGUE, with INVARIABLE SUCCESS!

BILIOUS COMPLAINTS, AND A MODE OF CURE.

☞A well-regulated and proportionate quantity of bile upon the stomach is always requisite for the promotion of sound health—it stimulates digestion and keeps the bowels and canal from costive obstructions. When there is a deficiency of bile, the body is constantly costive. On the other hand, an overabundance of bile causes frequent attacks in the stomach, and often promotes very severe attacks of disease, which sometimes end in death

Dr. Moffat's Life Medicines!!!

Should be taken in the EARLY STAGES of BILIOUS complaints and if persevered in according to directions, will POSITIVELY EFFECT A CURE!

PILES! PILES! PILES!

As a remedy for this most distressing and obstinate malady, the LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well known to hundreds in this city that the former proprietor of these VALUABLE Medicines was himself afflicted with this complaint for upwards of *thirty-five years*; and that he tried in vain every remedy prescribed within the whole compass of the *Materia Medica*. He however at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his case had been pronounced utterly incurable, but absolutely impossible, by any human means.

MOFFAT'S

Life Pills and Phœnix Bitters!!!

OPEN DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the stale and acrid kind; FLATULENCY DIES AWAY; APPETITE, HEARTBURN, HEADACHE, GIDDINESS, FIT TASTES, ANXIETY, LANGUOR, and MELANCHOLY, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

THE
LIFE MEDICINES!

FOR BILIOUS AND LIVER COMPLAINTS, with their many well-known attendants, *Bilious and Sick Headache, Pain and Oppression after Meals, Giddiness, Dizziness, Heartburn, Loss of Appetite, &c.*, are found to be vastly superior to anything ever before offered to the public.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of MERCURY, will find these medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla.

SCROFULA!

The most horrible cases of *Scrofula*, in which the Face, Bones and Limbs of the victim had been preyed upon by this loathsome disease, are proved by undeniable authority of the sufferers themselves, to have been completely cured by these purely Vegetable Medicines, after all others had been found more than useless.

Acute or Inflammatory Rheumatism!

ANTHROSIA CHRONICA, OR CHRONIC RHEUMATISM!!!

These diseases, which are among the most painful, and, by ignorant treatment, the most inveterate of human ills, are IMMEDIATELY relieved, and PERMANENTLY cured, by a proper course of the LIFE PILLS and PHŒNIX BITTERS.

MOFFAT'S PILLS AND BITTERS!!!

But it is unnecessary to enumerate the many cases in which these purely vegetable medicines have been successful; but let us inquire, Why are they so UNIVERSAL in their happy effects?

Because they PURIFY THE BLOOD, and thus remove all cause of disease in the system.

Because they act powerfully upon the secretions of the body, and restore them to a healthy action.

Because they do not reduce the system, but invigorate it—thus requiring no restraint from pleasure or business during their operation.
