GENERAL NEWS.

A MOTHER AND TWO DAUGHTERS DROWNED.—A letter from Mendota, Illinois, says: The wife of O. F. D. Conkey, and two daughters, of the age of twelve and three respectively, were out visiting some friends, at Hömer, some six miles distant from this place. During their absence a heavy hail and rain storm deluged the country, and swelled Mud creek, about mid-way between the two places, beyond its banks. They started for home in company with her brother, some time after the storm had subsided, and reached the stream about dark; but on venturing in, the violence of the water overturned the buggy and received its inmates into its angry embrace. The mother and younger daughter were immediately carried under and drowned; the uncle struggled to save the older daughter, but being unable to swim barely saved his own life. The corpses of all were found last night, and now lie side by side on the same bed, in their own dwelling.

MURDER ON THE FIRST MATE OF AN AMERICAN VESSEL AT HAVANA.—The steamship Columbia, which arrived at New York from Havana on Monday, brought as prisoner Charles Ramez, a Chilian, charged with the murder of R. M. Emory, first mate of the American bark Ocean Traveler, of Belfast, Maine, at the port of Havana, on the 17th of May. It seems that on that date a scuffle occurred on board the vessel between the mate and Ramez, arising out of the insolence of the latter, during which Ramez inflicted a stab upon the mate, from the effects of which he died on the 20th of June. The prisoner was taken to the United States District Attorney's office, where an order for his commitment was made out. Another hand on board the Ocean Traveler, named John Myers, is implicated in the murder; but he now lies sick in the hospital at Havana.

DR. HAMILTON, in his new work on Military Surgery, in treating of the subject of temperance in armies, mentions the interesting fact that during the Revolutionary, war the Fourth Massachusetts Regiment lost in three years, by sickness, not more than five or six men. This was at a time when the troops were not paid, and, consequently cut off from the luxury of stimulants. Similar facts were noticed during the second war with Great Britain, under precisely similar circumstances. We don't know adds the Boston Medical Journal, when we have met with a stronger argument for temperance than this; it cannot be too diligently remembered at the present time.

THE wife of George Sherman, of Clarksburg, Mass., attempted to destroy herself and her infant child, on the 15th instant, by exploding a bottle of powder containing two pounds, holding the bottle in one hand and the child in the other. Both were terribly burned, but, strange to say, neither was fatally injured. The mother has been partially insane for several years.

AN affray occurred on Thursday last in the streets of Leavenworth, Kansas, between D. R. Anthony, proprietor of the Daily Conservative, and R. O. Fatcrlee, of the Daily Herald, in which several shots were exchanged, Satcrlee received a ball in his right side, and died in twenty minutes.

GENERAL SCOTT A TAILOR.—General Scott is beyond all question the best tailor in the Union. He has *cut out* rebels at Washington *hemmed* them in at Harper's Ferry, and *run them* together at Manassa Gap. He is about ready to *baste* them at Norfolk; *fell them* down at Richmond, and, if nothing else will answer, *rip* them generally to pieces elsewhere.

We learn from the Boston Advertiser, that Cook's Boston Battery, and the Sixth and Eighth Massachusetts regiments, now stationed at the Relay House, who originally volunteered for three months, have tendered their services to the Government for three years or the war.

PROFESSOR BACHE has ordered Captains Mechan, Door, and Rockwell, of the Coast Survey service, to the seat of war as officers of engineers. Captain Mechan has seen a good deal of active service.

SHIP TIMBER IN MAINE.—At a meeting in Augusta, called by Governor Washburn, it was ascertained that there was timber enough cut and in and near the ship yards of Maine, to build forty ships, of one thousand tons each.

THE Memphis banks have taken $100,000 of the loan to the Confederate States, loaned $70,000 to Memphis for war purposes, and $25,000 to Mississippi for the use of the camp at Corinth.

GENERAL ACHA had been elected Provisional President of Bolivar by a National Convention. Morales and Belzu, both disappointed politicians, were endeavoring to make a disturbance; but the Government was ready for them.

MARRIED—On horseback, in Lassen's township, Butte county, California, May 15, at the nursery grounds of G. W. Kelley & Co., Benjamin Franklin Thompson to Emily E. Kaughman.

Lieut. Col. Emory.

A correspondent of the Cincinnati Gazette" volunteers the following explanation of the reinstatement of Lieut. Col. Emory:

The N. Y. "Tribune" to-day contains an exceedingly bitter paragraph on the re-appointment of Col. Emory, who had resigned, and the non-recall of Harvy from Portugal. I have heard from a private source of the, as yet unpublished story of Emory, which makes it less merited in his case. It seems that before these times had assumed their defined character, although they were yet of far too great importance for an officer to think of resigning, Col. Emory got somewhat annoyed, and fancied himself personally persecuted by the Administration, and wrote a letter of resignation. He sent this to his brother, (in Maryland,) telling him not to hand it in until he had consulted with his wife (Mrs. Emory, a most noble woman, residing in Washington) and also with Prof. Bache. Meanwhile Col. E. was sent out West, and served the Government most admirably. His brother, wishing to commit Col. E to the secession side, did not consult with the wife nor Lieut. Bache, nor show the resignation to any one, but himself a rabid secessionist, he eagerly sent it to the Secretary of War. Col. E. had by this time distinguished himself at his post to the West as a thoroughly loyal and brave man, and his resignation was received with unfeigned astonishment. He had written back to his wife forbidding that the resignation, written in a moment of personal pique, should be handed in. "If it has been done," he wrote, "it is most deplorable." His wife comprehended the state of things in a moment, sped to the War Department, but was three minutes too late. The paper lay on the Secretary's table as yet unopened; but she could not recall it. These facts were before the Government, their value enhanced by the really valuable services that Col. E. had rendered, and by the advice of competent and loyal statesmen the entrenties of himself and his wife for restoration were complied with.

ANOTHER CURE BY DR. SCHENCK.—I called on Dr. Schenck some time ago to one of his visits to Pittsburgh, at the office of Dr. Keyser, No. 140 Wood st. He was examining patients with lung disease. One of my lungs and the bronchial tubes were found to be badly diseased. Oftentimes when I coughed I expectorated blood and matter in large quantities. I had night sweats and a great cough, and was greatly debilitated. Dr. Schenck prescribed for me his "PULMONIC SYRUP," "SEAWEED TONIC" and "MANDRAKE PILLS," and after taking them one month I have so far recovered that I do not spit any more blood or matter, and the cough has nearly left me. I live in Coshocton county, Tuscarawas, Ohio, where I am well known. You may publish this if you wish.
Pittsburgh, August 27, 1860. MARTIN ROCH.

N. B. Since the above was written, Mr. Roch has entirely recovered, and continues well, having regained his usual health.

I, WILLIAM W. ALEXANDER, residing on Ann street, Allegheny city, do hereby certify that I have been a sufferer from severe cough and pain in the breast for about eight years. During the winter of 1858 I have had general debility and decreasing of spirits. I tried every nostrum I could hear of, but nothing took hold of my disease. I heard of Doctor Schenck's "PULMONIC SYRUP," and purchased a bottle, more to satisfy my friends than any confidence in it. In April, 1859, I took a severe cold, accompanied with a violent cough, difficulty of respiration, night sweats, and was prostrated so that I was confined to my room for two months.

Several of my friends who called to see me, spoke in very high terms of Dr. Schenck's system and his medicines. My physician's condition discouraged me considerably, and I made up my mind to waste no more money for doctors or medicine, but would take the chances, live or die. I had heard so much of which that I felt completely discouraged. However, after reading several advertisements in the Pittsburgh Dispatch, I felt inclined to give Dr. Schenck's medicines a fair trial, and now, *nearly two years afterwards*, I am in good health, by taking less than two bottles of each of Dr. Schenck's MEDICINES and continuing to attend to my business. I substantially state that it has made a perfect cure of me. I am a well man, and I attribute my good health and vigor of constitution entirely to Dr. Schenck's medicine. I enjoy better health to day, Feb. 4th, 1861, than I have done for twenty years past. If persons have the least comfidence in his medicines. Any person wishing to hear the facts as here stated can call on the on my place of residence, Ann street, Allegheny city.

A Card to the Public.

THE amount of bodily and mental misery arising from a neglect of small complaints is incalculable, and it is therefore of the utmost importance that a strict attention to the least and most trifling bodily ailments should be had; for diseases of the body invariably affect the mind. DR. MOFFAT'S VEGETABLE LIFE MEDICINES, in every instance where they have been th roughly used, have TRIUMPHED OVER DISEASE in almost all its diversified forms. The salutary effects of the Life Medicines have, in fact, been so universally experienced, that they have become fully established as the most easy, safe and perfect mode of treatment ever offered to the public.

THESE MEDICINES

Have now been before the public for a period of 30 YEARS, and during that time have maintained a HIGH CHARACTER in almost EVERY PART OF THE GLOBE for the extraordinary curative properties which they possess.

IN MANY THOUSANDS

of certified instances, they have even RESCUED SUFFERERS from the very VERGE OF AN UNTIMELY GRAVE, after all the deceptive nostrums of the day have invariably FAILED. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and sending them with renewed tone and vigor, that they were indebted for their name.

MOFFAT'S LIFE PILLS!!!

Are composed of VEGETABLE INGREDIENTS EXCLUSIVELY, as can be ascertained by CHEMICAL TESTS. Their prominent qualities are those of an active and searching, though perfectly mild and agreeable detergent aperient; of a gentle aperient, promoting the insensible perspiration; of a potent diuretic, invigorating the kidneys and bladder; and of a delightful tonic cordial, exciting appetite by the demands of active digestion, and cheering the mind with that grateful sense of renovated health which is one of the most felicitous feelings of our nature.

THE PHŒNIX BITTERS!!!

So denominated from their astonishing power of creating new life and strength, as it were from the very ashes of the most dilapidated constitutions—are more strongly toned and more immediately invigorating than the Pills containing the same choice vegetable extracts as the latter, in a different medication. Although really less cathartic than the LIFE PILLS, they nevertheless begin to cleanse the alimentary canal more sooner, generally slightly operating within three or four hours, and producing a decided sense of relief to the Head and Stomach, and exhilerating the Mind, even in less time than this.

MOFFAT'S LIFE PILLS!!!

In Affections of the Head, Sick Headache Or Nervous Headache, these PILLS will be found to possess the most salutary efficacy.

MOFFAT'S PHŒNIX BITTERS!!!

Have been happily used for the cure of FEVER AND AGUE, with INVARIABLE SUCCESS!

BILIOUS COMPLAINTS, AND A MODE OF CURE!!!

A well-regulated and proportionate quantity of bile upon the stomach is always requisite for the promotion of sound health—it stimulates digestion and keeps the intestinal canal free from all obstructions. When there is a deficiency of bile, the body is constantly costive On the other hand, an overabundance of bile causes frequent nausea in the stomach, and often produces very severe attacks of disease, which sometimes end in death

Dr. Moffat's Life Medicines!!!

Should be taken in the early stages of Bilious complaints and if persevered in strictly according to directions, will PORTITIVELY STOP A CASE!

PILES! PILES! PILES!

As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well known to hundreds in this city that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of *thirty-five years*; and that he tried in vain every remedy prescribed within the whole compass of the *Materia Medica*. He however at length tried the Medicines which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable but absolutely impossible, by any human means.

MOFFAT'S

Life Pills and Phœnix Bitters!!!

CURE DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the stale and acrid kind; FLATULENCY, Loss of APPETITE, HEADACHE, HEADACHE, NERVOUSNESS, ILL TEMPER, ANXIETY, LANGUOR, and MELANCHOLY, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

THE

LIFE MEDICINES!

For BILIOUS or LIVER COMPLAINTS, with their many sufferings, such as *Nausea, Giddiness, Oppression after Meals, Dizziness, Drowsiness, Costiveness, Pain and Soreness under the Right Side, Shortness of Breath, Low Spirits, Loss of Appetite*, are acknowledged to be vastly superior to anything ever before offered to the public.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of Mercury, will find these medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla.

SCROFULA!

The most horrible cases of Scrofula in which the Face, Bones and Limbs of the victim become terribly affected from the insatiable disease, are proved by undeniable testimony, to have been completely cured by these purely Vegetable Medicines, after all others had been found more than useless.

Acute or Inflammatory Rheumatism!

ANTIROSIA CURATIONA, OR CHRONIC RHEUMATISM!!!

These diseases, which are among the most painful, and, by ignorant treatment, the most inveterate to which suffering humanity is liable, are CURED, *speedily and permanently* cured, by a proper course of the LIFE PILLS and PHŒNIX BITTERS.

MOFFAT'S PILLS AND BITTERS!!!

But it is unnecessary to enumerate the many cases in which these purely vegetable medicines have been successful, but let us inquire, Why are they so universal in their happy effects?

Because they PURIFY THE BLOOD, and thus remove all cause of disease in the system.

Because they act powerfully upon the secretions of the body, and remove all impurities at once.

Because they do not reduce the system, but invigorate it—thus requiring no restraint from pleasure or business during their operation.

TRY MY MEDICINES!!!

Try but a Single Dose of the

LIFE PILLS!!

TRY THEM! BE SATISFIED!!

BE CURED!!!
