	The Army Contract Frands. Argument upon the Hule to Show Cause-The Huse Dis. charged and the Cause Fixed for Trial in the supreme Court, in September Rest.
報標題 L	Yesterday, at ten o'clock, the attorneys in the case of the Meaus. Frowanfelds and Morgan-
	sterns, and Charles M. Neal, indicted for conspi-
	racy, assembled in the District Court room, before
	Chief Justice Lowrie, of the Supreme Court, to argue the rule to show cause why the writ of al-
	lowance certifying this case to the Saprame Court,
	should not be withdrawn. Nearly all the members

cted for conspi-art room, before reme Court, to the writ of alapreme Cour Nearly all the membe should not be windrawn. Assiry all the memories of the bar were in attendance, together with a large number of spectalors, and much interest was manifested in the proceedings. The Chief Jurtice asked the District Attorney, of the counsel for the Commonweilth, upon what grounds they asked the Court to withdraw the al-

locatur. Nr. Aliller then submitted the following reasons: 1. Certiorari was granted without notice to the District Attorney of the application. 2. That the application is granted upon an affi-dant of defendants, setting forth unreasonable projudice of the President Jadge and one of his Amociator, which is not supported by the state-mient of any declaration in Court indicative of any disc of provide them, or relargneed to any

prejudice of the President Jadge and one of his Associates, which is not supported by the state-ment of any declaration in Court indicative of any bias of prejudice towards them, or reference to any ot evincing a disposition to deprive them of a fair and impartial trial. 3. That the general allegation of the defendants, that they cannot have a far and impartial trial by reason of the public excitement produces by the press, and other influences, is numported by any proof or statement of any specific publication or particular influence operating on the public mind. 4. The reasons assigned in the petition for the writ, and the prays with which it is concludes, look to the change of venue; and this Goart having no power to order the same, it is evident that the ap-plication is intended solely for delay. 5. That the Court henges the defendant to have the case continued, which in parely a matter of dis-cretion for the Goart below, and is not the sablet of a certicoriar ior writ of error. 6. That the sindarits presented in the Court be-law by the defendants for a continuece, ware in law wholly insufficient for a continuece, ware in law wholly insufficient for the former belows and the indemnet of the Court below and is not the same, and the indemnet of the Court below and is not the same and the indemnet of the Court below and is not the same and the indemnet of the Court below and is not the same and the indemnet of the Court below and is not the same and the indemnet of the Court below and is the same and the indemnet of the Court below and is not the same and the indemnet of the Court below and is not the same and the indemnet of the Court below and is not the same and the indemnet of the Court below and is not the same and the indemnet of the Court below and is not the same and the indemnet of the Court below and is not the same and

ints for a continuance, were i the judgment of the Court below refusing the sam was in accordance with the well-settled practic of Pennalumnia

Was in accounter with the weil-settise practice of Pennylvania. 7. That at the time of the application of the defend-ants for the allowance of the with of certicard, Lee and Shannon, of Philadalphia, were in the custody of the Shenif of Alleghary county, in the city of Philaburgh, apon process issued out of the Court of Qartor Essions of the same county, to compel their stitondance as winnessen on the part of the dafend-ants, and that on account of the alleged absence, said defendance; in said potition, avered shart ina-bility to proceed to trial, whereas in truth said state-ments were intended to mislead the Court, and pro-duce the impression that said winness could not be present at the trial.

duce the impression that said witnesses could not be present at the fial. 8. That Alfred Slade, who was alleged to be an important witness for the detendants, and by their affidavits evoration to be sizk and at the heepital in Phildelphis, and numble to be and appear at the present term of the Court, but woud be pro-duced at the time it o which the trial wars sought to be postponed, is a limitic, having been committed to the hospital on the 6th of October lass, and is yet in confinement, and wholly incompetent to test-fy-and this fact indicates clearly a settled par-pose on the part of the defendants to practice a irand on the Court in the procurement of the writ of confinement.
