MONDAY MORNING, JULY 20.

Breech-Loading Artillery.

The great merit of the breech-loading gun is the rapidity with which it can be fired, one of these guns being equal to a whole battery of muzzle-loading guns, and the facility of using a round shot, some soft portion which shall readily adapt itself to the rifle-grooves. The most rapid of the breech-loaders of which we have yet heard is Clay's, which is said to have been fired eighteen times in a minute. The day's work of muzzle-loading cannon is rarely more than one hundred rounds. Colonel Sigle's artillery at Carthage fired ninety-five rounds each; the French rifled guns fired but seventy-five rounds each at Solferino. A gun, therefore, which is capable of firing at the rate a thousand rounds per hour, being limited only by the time necessary for cooling it, especially for field artillery, is incomparably superior to a slower piece of ordnance. At the breech-end of the Clay cannon is an extra depth on the lower side, which allows for the boring out of a cylindrical recess, which is a prolongation of the bore of the gun, but more than double its diameter, and has its center entirely below the bore. This is filled by a great screw, which has a hole in it corresponding to the bore of the gun, and a prolongation of it when it is partially unscrewed. This screw is turned by a crank. To load the gun, a half turn backwards brings the prolongation of the bore in line with the bore of the gun, when the cartridge may be pushed in from behind. A half turn forwards then screws up the breech-piece and brings the solid portion of it against the bore again when it is fired. Three men are sufficient to work it when it is in range; one to work the crank, one to put in the cartridges and one to fire. The gun itself is made by a rolling process recently patented by Mr. Clay. The carriage is made of Mersey steel.

Kerosene—Danger of Explosion.

The low price at which kerosene or coal and petroleum oils are now furnished, will probably preclude its mixture with fossil oil, spirits of turpentine, rosin, naphtha, and other similar substance with which it has been so much adulterated, and rendered a dangerous and explosive oil.

Still is there great danger, resulting in some instances from the ignorance of manufacturers, and in others from their cupidity.

In the distillation of coal and petrolem with the ordinary stills, large quantities of light naphtha and benzole are produced, which boil at a very low temperature, and when mixed with heavy oil for burning purposes, even if the gravity is at the standard point, or about 40° Baume's hydrometer are explosive and dangerous, as the benzole or light naphtha evaporates freely from such oil, and their vapor, mixed with common air, is explosive.

In view of these facts, the great question is, how shall the public be protected from these explosive oils? We answer purchase only of trustworthy manufacturers, and if you have any doubt, apply the simple test:—Put two or three spoonfuls of the oil to be tested into or three spoonfuls of the oil to be tested into a teacup, and heat it up to 75° or 80° F., (summer heat.) If it inflames when a lighted taper is brought in contact with it, it should be rejected. There is no danger in making this trial.

If the retailers of these oils would make this test, and sell only such as are properly manufactured, they would be doing a good work; but when they can purchase the mixed or improperly-manufactured article at a much lower price than the standard article, we fear the public will look for protection in vain in this direction.

The Barbarities of the Rebels on the Battle Fields.

The barbarities practised by the rebels at the battle of Bull's Run are unparallelled. An instance is related where a private of the First Connecticut regiment found a wounded rebel lying in the sun, and lifted him up and carried him to a shade, where he gently layed him and gave him a drink from his canteen. Revived by the drink, the ingrate drew his pistol and shot his benefactor through the heart. Another instance is related of a troop of rebel cavalry deliberately firing upon a number of wounded men, who had been placed together in the shade by their comrades, and among whom was a rebel officer, who had received the same kind attention. It is said by Virginians who have come from the battlefield that these fiends in human shape have taken the bayonets and knives of our wounded and dying soldiers and thrust them into their hearts and left them sticking there, and that some of the Louisiana Zouaves have severed the heads of our dead from their bodies, and amused themselves by kicking them about as footballs. Such barbarities are unworthy of a Christian era. They are a sample of the boasted chivalry of those worse than fiends.

A Zouave who was taken prisoner, with six others, and who subquently effected an escape, arrived here to night with a broken handcuff on his wrist. His report is that the Zouaves were treated with Indian barbarity by the rebels, many being pinioned to trees and tormented with bayonets thrust at them. Captain Downey, of the Zouaves, was wounded on the field, and his body afterwards was found literally cut to pieces.

CATHEDRAL OF MEXICO.—The gorgeous Cathedral in the city of Mexico is the largest religious structure on the American continent. It is 500 feet long, 420 feet wide, and capable of holding 30,000 persons. The high alter, raised from the floor on an elevated platform, exhibits a profusion of candlesticks, crosses, and other ornaments of solid gold or silver, and is crowned by an image of the Virgin, decked in jewels estimated at the value of more than $2,500,000; and all other parts of the church are a perfect wilderness of columns, statues, shrines, fonts, &c.

FAIRBANKS' SCALES.—The undersigned having been appointed Sole Agent for Western Pennsylvania for "FAIRBANKS' STANDARD SCALES," is necessary to enter into my extended notice of their merits, as they have stood the test of thirty years' practice. The catalogue contains many varieties, the name stating from a gold dollar to a locomotive to be weighed. For sale at manufacturers' prices.

H. W. YOUNG, Agent for Fairbanks & Young, 97 Wood st., corner Diamond alley.

HENRY R. COSTAR.—All the steamer I have been supplied with Costar's Vermin Exterminators, and of the hundreds of cockroaches everywhere on board of the steamer, not one survived more than a few minutes after they came in contact with it. In one week there will not a Roach or Mouse in the house.
JOSH S. GIVEN, No. 94 Elm Street.

HOUSEKEEPERS—troubled with vermin, need to be no longer. If they use COSTAR'S EXTERMINATORS, they will have no more vermin. We have used it with perfect success in the breeds out of Rats, Mice and Bedbugs, quicker than we can write it. (O) Genuine, and cannot be over-estimated.

HORSE GRAIN and provisions are destroyed annually in Great Cities by vermin, than would feed a year for tens of this Rat and Insect Killer.—Lancaster, (Pa.) Herald.

HENRY R. COSTAR—Your Exterminator is no humbug, for I procured a dozen boxes and Mice around our premises. Some of them died where I could not find them, and the stench was a nuisance. Others crawled out and died, and the night was a continual scratching of Rats and Mice. Your Exterminator has been kitchen or cellar.—Brooklyn (Daily) Times.

I HAVE BEEN SELLING—Your Exterminator for the last year, and have sold a dozen boxes every week. I have not a single complaint.—Mr. Hall, Druggist, Carrington, C. Grocers Rose, Druggist, Carrington, C.

WE ARE SELLING—Your preparations rapidly. Without exception, they have been used. Ask Rats, Mice, Roaches, and Vermin. Response immediately.

GALVANIC BATTERY or ELECTRO MAGNETIC MACHINES, for medical purposes, of a very superior kind, will be sent free of express charge, wherever an express runs, upon a remittance of Ten Dollars. Address

DR. GEO. H. KEYSER,
No. 140 Wood street, Pittsburgh, Pa.

ANOTHER CURE BY DR. SCHENCK.—I called on Dr. Schenck some time ago in one of his visits to Pittsburgh, at the office of Dr. Keyser, No. 140 Wood st. He was examining patients with lung disease. One of my lungs and the bronchial tubes were found to be badly diseased. Oftentimes when I coughed I expectorated blood and matter in large quantities. I had night sweats and a great cough, and was greatly debilitated. Dr. Schenck prescribed for me his "PULMONIC SYRUP," "SEAWEED TONIC" and "MANDRAKE PILLS," and after taking them one month I have so far recovered that I do not spit any more blood or matter, and the cough has nearly left me. I live in Butler county, Unionville, Ohio, where I am well known. You may publish this if you wish.

Pittsburgh, August 27, 1859.

R. R. Since the above was written, Mr. Koch has entirely recovered, and continues well, having regained his usual health.

I, WILLIAM W. ALEXANDER, residing on 4th Ann street, Allegheny city, do hereby certify that I have been a sufferer from severe cough and pain in the breast for about eight years. During the whole of this time I have had general debility and oppression of spirits. I tried every nostrum I could hear of, but nothing took hold of my disease. I heard of Doctor Schenck's PULMONIC SYRUP, but was afraid to use it, as I had been so often deceived in it. In April, 1859, I took a severe cold, accompanied with a violent cough, evidently on my lungs, and one night was so prostrated me that I was confined to my room for two months.

My friends advised me to see me, spoke in very high praise, as they knew what it had done. My physical condition discouraged me considerably, and I made up my mind to waste no more money for doctors or medicine, but would take the chances, live or die, as I had been so long sick that I felt completely discouraged. However, after several days' reflection I went to the Pittsburgh Dispatch Office and purchased a bottle of the Pulmonic Syrup. I felt inclined to give Dr. Schenck's medicine a fair trial, and now, exactly four years afterwards, I am in good health, by the use of three bottles of Dr. Schenck's medicine, and have taken about six dollars' worth of Dr. Schenck's medicines. I substantially state that it has made a perfect cure of me. I am a well man, and I attribute my good health and vigor of constitution entirely to Dr. Schenck's medicine. I enjoy better health to-day, Feb. 4th, 1861, than I have known for several years past. If persons knew the value of Dr. Schenck's inestimable remedies, they would not hesitate to call on him as he always is known to furnish them, if unable, and sending them with renewed tone and vigor, that they were indebted for their name.

WILLIAM W. ALEXANDER.

Miscellaneous.

A Card to the Public.

The amount of bodily and mental misery arising from a neglect of small complaints is incalculable, and it is therefore of the utmost importance that a moral attention to the least and most trifling bodily ailments should be had; for diseases of the body invariably affect the mind. DR. MOFFAT'S VEGETABLE LIFE MEDICINES, in every instance where they have been thoroughly used, have TRIUMPHED OVER DISEASE in almost all its diversified forms. The salutary effects of the Life Medicines have, in fact, been so universally experienced, that they have become fully established as the most easy, safe and perfect mode of treatment ever offered to the public.

THESE MEDICINES

Have now been before the public for a period of 20 YEARS, and during that time have maintained a HIGH CHARACTER in almost EVERY PART OF THE GLOBE for the extraordinary curative properties which they possess.

IN MANY THOUSANDS

of certified instances, they HAVE EVEN RESCUED SUFFERERS from the very VERGE OF AN UNTIMELY GRAVE, after all the deceptive nostrums of the day have invariably FAILED. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor, that they were indebted for their name.

MOFFAT'S LIFE PILLS!!!

Are composed of VEGETABLE INGREDIENTS EXCLUSIVELY, as can be ascertained by CHEMICAL TESTS. Their prominent qualities are those of an active and searching, though perfectly mild and agreeable detergent, operating with a gentle copiousness, promoting the insensible perspiration; of a pleasant diuretic, invigorating the kidneys and bladder; and of a delightful tonic cardiac, exciting appetite by the demands of active digestion, and cheering the mind with that grateful sense of renovated health which is one of the most felicitous feelings of our nature.

THE PHŒNIX BITTERS!!!

So denominated from their astonishing power of creating new life and strength, as it were from the very ashes of the most dilapidated constitutions—are more strongly toned and more immediately invigorating than the Pills: containing the same choice vegetable extracts as the latter, in a different medication. Although really less cathartic than the LIFE PILLS, they nevertheless begin to cleanse the alimentary canal much sooner, generally slightly operating within three or four hours, and producing a decided sense of relief to the Head and Stomach, and exhilarating the Mind, even in less time than this.

MOFFAT'S LIFE PILLS!!!

In Affections of the Head, Sick Headache or Nervous Headache, these Pills will be found to possess the most salutary efficacy.

MOFFAT'S PHŒNIX BITTERS!!!

Have been happily used for the cure of FEVER AND AGUE, with INVARIABLE SUCCESS!

BILIOUS COMPLAINTS, AND A MODE OF CURE!!!

A well-regulated and proportionate quantity of bile upon the stomach is always requisite for the promotion of good health—it stimulates digestion and keeps the intestinal canal free from all obstructions. When there is a deficiency of bile, the blood is consequently costive. On the other hand, an overabundance of bile causes frequent nausea in the stomach, and often produces very severe attacks of disease, which sometimes end in death.

Dr. Moffat's Life Medicines!!!

Should be taken in the EARLY STAGES of Bilious complaints and if persevered in strictly according to directions, will POSITIVELY EFFECT A CURE!

PILES! PILES! PILES!

As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and specific recommendation. It is well known to himself to attribute that the former proprietor of these Valuable Medicines was himself afflicted with this complaint for nearly half of the years of his life, and that he tried in vain every remedy prescribed within the whole compass of the Materia Medica. How successful he has been in curing this malady is now offered to the public, and he will permit in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

MOFFAT'S

Life Pills and Phœnix Bitters!!!

Cure DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the stale and acrid kind; BILIOUSNESS, Loss of APPETITE, HEADACHES, HYSTERICS, GIDDINESS, ILL TEMPER, ANXIETY, LASSITUDE, and MELANCHOLY, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

THE

LIFE MEDICINES!

For BILIOUS and LIVER COMPLAINTS, with their many well-known attendants, *Bilious and Sick Headache, Pain and Oppression, Loss of Appetite, Costiveness, Diarrhœa, Diarrhœa, Loss of Appetite*, are acknowledged to be vastly superior to anything ever before offered to the public.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of MERCURY, will find these medicines a powerful assistant in purifying the system, and they will be relieved from all fear of the effects of Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla.

SCROFULA!

The most horrible cases of *Scrofula*, in which the Face, Bones and Limbs of the victim had been literally eaten away by the ulcerous discharges, are proved by undeniable authority of the sufferers themselves, to have been completely cured by these purely Vegetable Medicines, after all others had been found more than useless.

Acute or Inflammatory Rheumatism!

ANTHROPIA CHRONICA, OR CHRONIC RHEUMATISM!!!

These diseases, which are among the most painful and, by ignorant treatment, the most inveterate to which suffering humanity is liable, are CURED, *speedily* and permanently cured, by a proper course of the LIFE PILLS and PHŒNIX BITTERS.

MOFFAT'S PILLS AND BITTERS!!!

Not it is unnecessary to enumerate the many cases in which these purely vegetable medicines have been successful, but let us inquire, Why are they so UNIVERSAL in their happy effects?

Because they PURIFY THE BLOOD, and thus remove all cause of disease in the system.

Because they act powerfully upon the secretions of the body, and remove all impurities at once.

Because they do not reduce the system, but invigorate it while requiring no restraint from pleasure or business during their operation.

TRY MY MEDICINES!!!

Try but a Single Dose of the

LIFE PILLS!!

TRY THEM! BE SATISFIED!!

BE CURED!!!

RICHARDSON'S

IRISH LINENS,

DAMASKS, DIAPERS, &C.

CONSUMERS OF RICHARDSON'S LINENS, and those desirous of obtaining the GENUINE GOODS, should ask that the articles they purchase are sealed with the full name of the firm.

J. N. RICHARDSON, SONS & OWDEN,

as a guarantee of the soundness and durability of the Goods. This caution is rendered essentially necessary, as large quantities of inferior and defective Linens are prepared, season after season, and sealed with the name of RICHARDSON, Irish Linens, who, regardless of the injury thus inflicted alike on the American consumer and the manufacturers of the genuine Goods, will not readily abandon a business so profitable, while purchasers can be imposed on with Goods of a worthless character.

J. BULLOCKE & J. R. LOCKE,
Agents, 54 Beade Street, New York.

BININGER'S

Old London Dock Gin,

GIN AS A REMEDIAL AGENT.

THIS DELICIOUS TONIC STIMULANT,

Especially designed for the use of the Medical Profession and the Family, having superseded the so-called "Gins," "Aromatic," "Cordial," "Medicated," "Schnapps," etc., is now endorsed by the most prominent physicians, chemists and connoisseurs, as possessing all of those intrinsic medicinal qualities (tonic and diuretic) which belong to an old and pure Gin. Put up in quart bottles and sold by all druggists, grocers, etc.

Dr. GEO. H. KEYSER, 140 Wood st., Agent.
A. M. BININGER & CO.,

EVERGREENS, FRUIT TREES, &c.—We would call the attention of those who are embellishing their grounds with Ornamental Evergreens, Trees, Shrubs, &c., to our extensive collection, comprising all the principal hardy varieties, as follows: Norway Spruce, American, Scotch, White, Hemlock, Silver and Hog Pine, Larch, Pines, Junipers, Red Cedar, Common Box, Upright Box, Siberian Arborvitæ, English Yew and Chinese Arborvitæ, 2,000 strong plants of the Siberian Arborvitæ and Upright Box, on hand, which are invaluable for hedges and beauty. Also, 10,000 Apple, Peach and Cherry Trees of good size, well assorted and packed as directed, at $6 per dozen. Some thousands of Evergreens, ranging from five to ten feet, for planting in the immediate neighborhood, at very low rates.

FRUIT, ORNAMENTAL TREES, ROSES, &c.

In returning thanks to the public for their patronage, hitherto so liberally extended, I would call their attention to my large stock of TREES for this Fall.

My stock of Apple, Pear, (standard and dwarf) Peach and Cherry far exceeds anything I have ever raised. All of the most approved varieties, wrought by persons having a full knowledge of the business, and every care taken to have every kind true to name.

Or Apple Trees alone we have 150,000—$6,000 of which are three years old, from 6 to 8 feet. Of Ornamental EVERGREENS, from 2 to 8 feet, by the 100 or 1000, barrel lots would be given. Extra large Maple, for shade, per 100, $25. Extra large American and English Larch, per 100, $25, &c. Tree-Planters, please give us a call. Catalogues sent free on application.

THE ONLY DISCOVERY

WORTHY OF ANY CONFIDENCE FOR

RESTORING

The Bald and Gray.

Many, since the Great Discovery of Prof. WOOD, have attempted not only to imitate his Restorative, but profess to have discovered something that would produce results identical but they have all come and gone, since results identical but they have all come and gone, being carried away by the wonderful results of Prof. Wood's preparation, and have been forced to leave the field in utter retaliness rout. Read the following:

BATH, Maine, April 18th, 1859.

PROF. O. J. WOOD & CO.: Gents—The letter I wrote you in 1856, concerning your valuable Hair Restorative, and which you have published in the variety-and elsewhere has given rise to numerous inquiries touching the facts in the case. The inquiries are: first, is it a fact or my habitation and name as stated in the communication; second, is it a fact or my name as stated in the communication; third, does my hair still continue to be in good order and of natural color? To all I can and do answer invariably, yes. My hair is even better than in my stage of my life for forty years past, more soft, thrifty and better colored; the same is true of my whiskers, and the only crime why it is not generally true, is that its appearance is washed off by frequent ablution of the face, when once I was used by wiping the face in close contact therewith, the whiskers, the same result will follow, as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be in good order and of natural color? Really I can see no change, and many of years ago, I was induced to test, of the celebrated Boile de Cholsey Cherry, Evergreen, from two to five feet high, in variety, which were shipped as directed, at $6 per dozen. Some thousands of Evergreens, ranging from five to ten feet, for planting in the immediate neighborhood, at very low rates.
