Dentistry.

TEETH EXTRACTED WITHOUT PAIN, BY THE USE OF AN APPARATUS WHEREBY NO DRUGS OR GALVANIC BATTERY ARE USED. Cold weather is the time when the operation can be made to the best advantage.
Medical gentlemen and their families have had their teeth extracted by my process, and are ready to testify as to the safety and painlessness of the operation—whether it has been said by persons interested in so-writing the contrary, having no knowledge of my process.
ARTIFICIAL TEETH inserted in every style.

DO YOU WANT A MUSTACHE?
BELLINGHAM'S
CELEBRATED
STIMULATING ONGUENT
For the Whiskers and Hair.

The subscribers take pleasure in announcing to the Citizens of the United States, that they have obtained the Agency for, and are now enabled to offer to the American public, the above justly celebrated and world renowned article.

THE STIMULATING ONGUENT

Is prepared by Dr. C. P. BELLINGHAM, an eminent physician of London, and is warranted to bring out a thick set of

WHISKERS OR A MUSTACHE

in from three to six weeks. This article is the only one of the kind used by the French, and in London and Paris it is in universal use.
It is a beautiful, economical, soothing, yet stimulating compound, acting as if by magic upon the roots, causing a beautiful growth of luxuriant hair. If applied to the scalp, it will cure baldness, and cause to spring up in place of the bald spots a fine growth of new hair. Applied according to directions, it will turn red or sandy hair dark, and restore grey hair to its original color, leaving it soft, smooth and flexible. The "ONGUENT" is an indispensable article in every gentleman's toilet, and after one week's use they would not for any consideration be without it.
The subscribers are the only Agents for the article in the United States, to whom all orders must be addressed.
Price One Dollar a box—for sale by all Druggists and Dealers; or a box of the "Onguent," (warranted to have the desired effect,) will be sent to any who desire it, by mail (direct,) securely packed, on receipt of price and postage, 25 ts. Apply to our address:

LETTER FROM WASHINGTON.

From Our Own Correspondent.

WASHINGTON, July 28, 1861.

It is just seven days since the battle of Manassas—for by that name it will be known in history—and the even tide of events flows on as smoothly to-day as if our friends had been in the life-and-death grapple with the Southern Sepoys a century instead of a week ago. Inside of safe intrenchments, our forces are again organized and ready, yea, panting for the fight under better auspices. We have a few more troops here to-day than we had one week ago. The three months men have gone away in large numbers, but old Pennsylvania, God bless her, has more than filled their places. I am rejoiced to see how well the regiments just here from our State appear. They are well uniformed and well drilled. They have a fine martial bearing, and their whole aspect is soldierly.

I have now entire confidence that the State is not being robbed at every turn. When such a man as Hon. James Veech, of Uniontown, is made Paymaster, we may all rest satisfied that honor and honesty, hand in hand, will preside at his desk. His appearance on the arena is a happy omen, as it brings with it the assurance that the harpies have fled from the board, and have ceased to defile and destroy. The more of such consecrations the Governor calls around him, the better it will be for himself and for the State. Judge Veech would be a saving in its present position, at any salary. He has the money, and will at once proceed to pay several of our regiments. They all demand their money, and one of them, at least, says that it will not go into the United States service till the State score is canceled, which I trust will be speedily done.

I suppose there is no doubt that Beauregard is operating now for the seizure of this Capital. He and Davis are not the men to suffer the fruit of last week's victory to slip through their fingers. The attack will no be made directly upon the defensive works at Arlington, although their scouts come up to within a mile of Alexandria. It is believed here that the movement will be by Leesburg, crossing the Potomac at Edward's Ferry, and coming down with an irresistible force upon Washington by the Maryland side. All needed aid and assistance will be rendered by their numerous friends in this city. A large majority of the *bona fide* wealthy residents of this District are thoroughly imbued with the secession virus, and would proceed at once to aid their friends in an attack, by firing their houses, murdering any other of the atrocities which make a principal figure in the secession programme. They give all needed information; if there is any thing lacking it is supplied by Senators who are authorized to participate in Executive session, or by persons who are fed and feasted here by secession women and then discharged on their oath. On our part this has been, so far, a war of sugar plums. Our army under Patterson and Butler has been a *point contutus* for the arrest and return of fugitives slaves. Our commissaries and others have been busy in paying for pigs and chickens in Virginia, at enormous prices. We feed prisoners and send them back; they bayonet them. We pay for our own; they steal every thing. We talk; they act. We threaten; they strike.

On Saturday a large party of gentlemen made a trip down the Potomac on the steam ship Coatzacoalcos, as far as Acquia Creek. The principal object was to try a new shell invented by James, Rhode Island. Some of them were thrown, eighing 75 lbs. It is a self exploding, rifled shot. On the outer end of the shot is a nip
