SATURDAY MORNING, AUG. 10, 1861.

Inscribed to a Bible.

Blessed is he that reads, and reads to love,
And loves to learn the wisdom that it loves;
Of this most holy Book—the Truth of God—
The Writing of His Covenant sealed with blood
To us and for us—Source of hope and faith,
By which the Living Soul can smile in death!
Here, then, prepare thee 'gainst the hour of need:
Oh, read to love, and thou wilt love to read!

J. M. Mason.

RELIGIOUS INTELLIGENCE.

The spacious edifice of which Rev. Dr. Hague is pastor, on Madison Avenue, New York, was crowded to its utmost capacity, Sunday, the 28th ult., on the occasion of the meeting to consider what could be done to advance the spiritual interests of the soldiers at Washington. The Secretary stated that religious books and papers were circulated, and twenty-five thousand copies of "The Soldier's Hymn Book" had been given away, and more would be forwarded. After some interesting facts relating to what had been accomplished by holding prayer-meetings and the use of other means, Revs. Drs. Tyng and Hague, and Rev. Mr. Purse, chaplain of the 71st Regiment, who was in the battle of Bull Run, delivered appropriate and soul-stirring addresses.

——A correspondent of the Cincinnati Presbyter gives the contributions and expenditures of the Domestic Mission work of the Southern portion of the Old School Presbyterian Church, for two years ending March 1st, 1861. According to the "footing up" of the Annual Report for the year ending March 1st 1860, amount appropriated in the Southern States was $48,031; amount contributed by the same $37,288; difference $10,743. From the same source, we learn the appropriations in the Southern States for the year ending March, 1861, was $67,446; am't contributed by the same $39,916; appropriations over contributions $27,530. He says in closing: "There now, it is pretty clear what will happen to the Board of Domestic Missions if the whole South withdraw its aid. I do not propose any comments."

——The Bishop of Sodor, says the Record, is blamed for prohibiting services anywhere but in a Church, not subscribing to the Bible or Church Missionary Societies, unlawfully claiming patronage and encouraging confession.

——The Methodist says the Baptists of England have been discussing for years the union of the two principal branches, the Particular and General. The General Baptists are Arminians, and the Particular Baptists are Calvinists. The former body at its late annual meeting, after an interesting discussion, the following resolution was adopted:

Resolved, That a closer union of the Evangelical Baptists of this country is most desirable, and that this association will rejoice in the constant exhibition of the union that already exists, and also in extending this union as far as it is practicable, for the honor of our one Lord and the greater efficiency of combined operations.

——The project to increase the number of Bishops came up in the English House of Lords, and led to a spirited debate, but was defeated. The vote stood, eleven peers for and sixty-six against it. It is said that whenever £40,000 could be secured, a new Bishop might be had.

——During the space of two months, since the war began, the American Bible Society has furnished nearly two hundred and fifty thousand copies of the Word of God, most of which went to supply the troops.

——The Sabbath Recorder, (Baptist) published in New York, is to be issued monthly instead of weekly.

——The Nashville Advocate of M. E. Church, South, advocates a Southern Bible Society, notwithstanding the prompt response of the American Bible Society for all the demands of the South for Bibles. It says co-operation in the sense of auxiliaryship is forever at an end. It proposes the following:

A friendly arrangement may be possible and desirable, by which some of the property and other facilities accumulated with the contributions furnished in part by the South may, by an equitable division, be made available for the uses of the southern organization.

——A meeting of the Committee on the Revision of the Book of Discipline of the Presbyterian Church, ordered by the last General Assembly, will be held at Dr. Parton's church of this city, Tuesday, 13th inst.

——A correspondent of the Congregationalist writing from Kalamazoo, Mich., that a colony of 8,000 Hollanders reside near that city. At Holland their port of entry on Black Lake, which connects with Lake Michigan, they have erected a fine church structure 100 feet long, at a cost of several thousand dollars, and it was built when not a dwelling in the colony was worth over 200! The writer truthfully says "we Americans are too apt to say to ourselves, 'My house first, and then God's house,' but with these God-fearing and God-honoring Hollanders it is 'God's house first, come what may afterward.'"

——The Rev. Mr. Neill, says a Chicago paper, who recently succeeded Dr. Rice in the pastorate of the North Presbyterian church, Chicago, has resigned. This looks as if the itinerancy plan was preferred to the settled pastorate.

——The Wesleyan Methodists in Canada, during the past year, have built about fifty new churches, some of them of a superior kind.

——The Western Christian Advocate says that the Creed of the Union Church—composed of Congregationalists, Methodists, and Christian Baptists—at Golden Ridge, in Aroostock county, Me., consists of nine articles, embracing all the doctrines usually embodied in orthodox creeds, excepting "election," the "final perseverence of the saints," and "infant baptism." All are at liberty to believe or reject these doctrines.

——We find many rumors of a very contradictory character in the papers, relative to the Pope's health. In a letter from Rome, of June 29th, published by the Sentinella Bresciana, we learn the following:

"The Pope is going fast; he is dying in a sleep. The physician, Francesco Sani, who was lately sent for, could not understand his strange malady. The following, among other symptoms, show the utter falsity of the assertions made by the French journals that his Holiness has recovered:—A persistent state of somnolence; continual pain in the epigastric region; a sort of paralytic trembling all over the body, but particularly in the hands; cold, shivering fits, so severe that he is obliged to be wrapped up in blankets; great depression of spirits, and such a want of appetite that he can swallow nothing but ices."

——The new Sultan has placed two Christians at the head of important services at Constantinople. These two appointments are regarded as symptoms of the new Sultan's favorable feelings toward his Christian subjects.

for themselves and families, with, comparatively speaking, very little capital:

LANDS OF ILLINOIS.

No State in the Valley of the Mississippi offers so great an inducement to the settler as the State of Illinois. There is no portion of the world where all the conditions of climate and soil so admirably combine to produce those two great staples, corn and wheat, as the Prairies of Illinois. them all.

RICH ROLLING PRAIRIELANDS!

The deep rich loam of the prairies is cultivated with such wonderful facility that the Farmers of the Eastern and Middle States are

Moving to Illinois in great numbers.

The area of Illinois is about equal to that of England, and the soil is so rich that it will support twenty millions of people.

EASTERN AND SOUTHERN MARKETS

These lands are contiguous to a railroad 700 miles in length, which connects with other roads and navigable lakes and rivers, thus affording

an unbroken communication

with the Eastern and Southern markets.

APPLICATION OF CAPITAL.

Thus far capital and labor have been applied to developing the soil; the great resources of the State in COAL and IRON are almost untouched; the invariable rule that the mechanic arts flourish best where food and fuel are cheapest, will follow as an early day in Illinois, and in the course of the next ten years the natural laws and necessities of the case warrant the belief that at least *FIVE HUNDRED THOUSAND PEOPLE* will be engaged in the State of Illinois in the various

Manufacturing Employments.

RAILROAD SYSTEM OF ILLINOIS.

Over 100,000,000 of private capital have been expended on the railroad system of Illinois. Essentially a part of the system of these works, with a valuable public fund in lands, goes to diminish the State expenses, the rates are light, and must, consequently, every day decrease.

THE STATE DEBT.

The State Debt is only $10,106,259 14, and within the last three years has been reduced $2,250,746 86, and we may reasonably expect that in ten years it will become extinct.

PRESENT POPULATION.

The State is rapidly filling up with population; 885,028 persons having been added since 1850, making the present population 1,719,496—a ratio of 105 per cent. in ten years.

AGRICULTURAL PRODUCTS.

The agricultural products of Illinois are greater than those of any other State. The products sent out during the past year exceeded 1,400,000 tons. The wheat crop of 1860 approaches 85,000,000 bushels, while the corn crop yields not less than 160,000,000 bushels.

FERTILITY OF SOIL.

Nowhere can the industrious farmer secure such immediate results for his labor as upon these prairie soils, they being composed of a deep, rich loam, the fertility of which is unsurpassed by any on the globe.

TO ACTUAL CULTIVATORS.

Since 1854, the Company have sold 1,200,000 acres. They sell only to actual cultivators, and require that a certain portion of each purchase be brought into cultivation. The road has been constructed *through their lands at an expense of $20,000,000.* In 1850 *the population of forty nine counties (now)*, which at present contain 1,719,496, *were* which 478,223 *have been added, making the whole population* 514,021—*a gain of* 143 per cent.

EVIDENCES OF PROSPERITY.

As an evidence of the thrift of the people, it may be stated that 600,000 tons of freight, including 6,000,000 bushels of grain and 250,000 barrels of flour, were forwarded over the line last year.

EDUCATION.

Mechanics and Working Men will find the Free School system encouraged by the State, and endowed with a large revenue for the support of schools. Their children can live in sight of the church and school house, and free up to the prosperity of the leading State in the Great Western Empire.

PRICES AND TERMS OF PAYMENT.

The prices of these lands vary from $5 to $25 per acre, according to location, quality, &c. First-class farming lands sell for about $10 or $15 per acre, and the relative expense of satisfying prairie land as compared with wood land is in the ratio of 1 to 10 in favor of the former. The terms of sale for the bulk of these lands will be

One Year's Interest in Advance,

at six per cent. per annum, and six interest notes at six per cent., payable respectively in one, two, three, four, five and six years from the date of sale and four notes for principal, payable in four, five, six and seven years from date of sale, the contract stipulating that one-tenth of the tract purchased shall be fenced and cultivated each and every year for five years from the date of sale, so that at the end of five years one-half shall be fenced and under cultivation.

Twenty Per Cent will be deducted

from the valuation for cash, except the same should be at six dollars per acre, when the cash price will be five dollars.

Pamphlets, descriptive of the lands, soil, climate, productions, prices and terms of payment, can be had on application to
