## The Crisis in Hungary

The London News says: It might be plausibly inferred from the appearance of the moment that the disagreement between the Emperor and Austria and the Hungarian nation approaches its crisis. The Emperor's demand, in which the Diet asserted the lawful claims of the Hungarian nation, has been formally received by the Emperor, and on Monday last the receipt, in which His Majesty replied to his demands, was read to the nobles and deputies of Pesth. The reply answers in its broad features to the expectations that have been generally founded on the known aims of the Emperor's government.
