The Volunteer's Burial.

BY PARK BENJAMIN.

'Tis eve; one brightly beaming star
Shines from the eastern heaven afar,
To light the footsteps of the brave,
Now marching to a comrade's grave.

The northern wind has sunk to sleep;
The sweet South breathes, as, low and deep,
The martial clang is heard, the tread
Of those who bear the silent dead.

And whose the form, all stark and cold,
Thus ready for the loosened mould,
And stretched upon so rude a bier?
Thine, soldier, thine! the Volunteer.

Poor Volunteer! the shot, the blow,
Or even disease hath laid him low;
And few his early loss deplore—
His battle fought, his journey o'er.

Alas! no wife's fond arms caressed,
His cheek no mother pressed,
No pitying soul was by his side,
As lonely as his end he died.

He died—the Volunteer—last soon;
At evening circle the small platoon
That soon will bear him to his rest,
With sods upon his manly breast.

Hark to their fire! his only knell—
More solemn than the passing bell;
For, ah! it tells a spirit flown,
Unshrived, to the dark unknown.

His deeds and fame shall live away,
Forgotten since his dying day,
And never on the roll of Fame
Shall be inscribed his humble name.

Alas! like him, how many more
Lie cold upon Potomac's shore!
How many green unnoted graves
Are bordered by those placid waves!

Sleep, soldier, sleep! from sorrow free,
And sin and strife. 'Tis well with thee.
'Tis well! though not a single tear
Laments the buried Volunteer!

River News.

THE RIVER AND WEATHER—ARRIVALS AND DEPARTURES—BOATS LEAVING TO-DAY—The weather yesterday was somewhat colder, with indications not unfavorable for snow. The river was still advancing steadily, with full sixteen feet by the pier marks last evening. A dispatch was received from Franklin yesterday, which reported the Allegheny river rising rapidly at that point and full of floating ice. It is thought that the regular packets on that stream will be able to go up this evening or to-morrow. The Monongahela is entirely free of ice, and the Brownsville packets are running as usual. There was considerable activity manifested at the wharf, which was occasioned principally by the large number of arrivals from below. The Hastings, Com. Perry, Anglo-Saxon and *Key West* from Cincinnati, Clifton from Evansville, Emma Graham from Zanesville, and Sunny Side from St. Louis, all with excellent cargoes, arrived during Sunday night and yesterday. The McCombs for Wheeling was the only departure.

The meeting of the "Steamboat Captain's Association" was well attended yesterday, but there was no business transacted or public matters, with the exception that a committee was appointed to confer with the Board of Trade, in reference to the improvement of the Ohio river. There will be another meeting of the Association this morning, and it is hoped that there will be a full attendance of the members, as several measures of importance will be brought before it.

The "LACON" is the steamer spoken of for a new boat, which is to commence running some time since, but for some reason or other has been without a name until yesterday. She was built under the superintendence of Capt. Jas. Woodburn, for some parties at St. Louis; but they being unable to pay for her, she was held here by the builders. As will be seen by reference to our advertising columns, Capt. Frank Marratta, of the Sunny Side, who by the way is one of the most accomplished steamboatmen on the river, has assumed command of the Lacon, and will leave for Saint Louis on Wednesday. She is a neat and well furnished craft, and has excellent accommodations for passengers. Capt. M. informs us that he will tie the Sunny Side up for the present.

FOR WHEELING—The Minerva, Capt. Gordon, is the regular Wheeling packet for to-day, leaving at noon.

FOR ZANESVILLE—The punctual steamer Emma Graham, Captain Ayers, clerk W. G. Wilson, leaves, as usual, this evening at 4 p. m. for Zanesville.

FOR EVANSVILLE—The new and elegant steamer Citizen, Capt. Richard Calhoun, is announced to leave as above to-morrow.

FOR CINCINNATI AND LOUISVILLE—The St. Louis, Capt. Beno, Iowa, Capt. Moore, are both announced to leave for Cincinnati and Louisville this evening.

The Mahoning, Capt. McGowin, will be ready to leave to-morrow, and the Bay City, Capt. Anawalt, on Thursday.

FOR ST. LOUIS—The Commercial, Capt. Neire, and Line Argonaut, Capt. J. W. Porter, are both announced to leave for St. Louis to-day. The Lacon, Capt. Frank Marratta, will be ready to sail on Wednesday.

MISCELLANEOUS.

UNITED STATES OF AMERICA,
WESTERN DISTRICT OF PENNSYLVANIA, ss.

Whereas a libel of information has been filed in the District Court of the United States of America for the Western District of Pennsylvania, on the twenty-sixth day of December, in the year of our Lord, one thousand eight hundred and sixty-one, by Robert B. Carnahan, Esq., attorney of the United States, on behalf of the United States, alleging in substance that a certain Steamboat called the ISAAC HAMMETT, and of the following dimensions and description, to wit: In length 120 feet, in breadth 24 feet, in depth 5 feet; measures 146 69-95 tons; is a steamer; has a wheel stern, a cabin on deck and plain head; and is now lying at the port of Pittsburgh, in said district, and is owned in part by one Victor Louis, now a citizen resident and inhabitant of the State of Mississippi; that in pursuance of the Act of Congress, approved July 13th, 1861, the President of the United States issued his proclamation, dated August 16th, 1861, declaring inter alia that the inhabitants of the State of Mississippi are in a state of insurrection against the United States, and that from and after fifteen days from said August 16th, 1861, all ships and vessels belonging in whole or in part to any citizen or inhabitant of said State of Mississippi found in any part of the United States would be forfeited to the United States, and that said steamboat owned as aforesaid was so found in the port of Pittsburgh upon said December 26th, 1861, and that the said vessel, her tackle, apparel and furniture became thereby forfeited to the use of the United States, and praying that the same may be condemned as forfeited as aforesaid.

Now, therefore, in pursuance of the monition under the seal of the said Court, to me directed and delivered, I do hereby give public notice to all persons claiming the said vessel, her tackle, apparel and furniture, or any interest therein, or lien thereon, or in any manner interested in the same, that they be and appear before the said District Court, at the city of Pittsburgh, on TUESDAY, the 28th day of January next, (1862,) at eleven o'clock, in the forenoon of that day, if the same shall be a day of jurisdiction, otherwise on the next day of jurisdiction thereafter, then and there to interpose their claims and to make their allegations in that behalf.
A. MURDOCH,
U. S. Marshal for the Western District of Penn'a.

DITHRIDGE'S XX FLINT GLASS OVAL CARBON OIL LAMP CHIMNEYS.

Patented September 16th, 1861.

The best that have ever yet been offered to the public. They are the best for the following reasons:

1. Because, being of an oval shape, the glass is everywhere equally distant from the flame, so that the draft is stronger and more regular.

2. The oval shape is better adapted to resist the effect of sudden expansion, so that it is impossible to crack them.

3. The glass is made largely of Lead and Pearlash, giving a great degree of strength and elasticity. The chimneys which housekeepers have found to be so brittle as to crack, even when not in use, are entirely made of Lime Glass instead of Flint Glass, of which ours are manufactured.

4. But the greatest advantage of these Chimneys is that when you have one it will last forever, and if any housekeeper breaks one by the heat of the lamp, let her call at the manufactory and we will replace her cracked chimney by a dozen whole ones. This proffer does not include accidents or those cases of breakage where the chimney has through inexperience, been screwed so closely to the lamp as to prevent its expansion when heated.

Manufacturers and consumers of Carbon Oil, who have felt the magnitude of the obstacle, which has existed in the great expense of chimneys, in the way of the introduction of the oil, have found a remedy in the Oval XX Flint Glass Chimneys, which have materially lessened the cost of Carbon Oil light to those who use them, and increased the consumption of oil consequent upon the lessened expense for chimneys.

For sale by J. C. Kirkpatrick, L. Thumm & Co., Rogers & Nesbitt, P. Hayden, Lorenco Oil Co., Weiden & Rebisky, W. Ogden & Co., W. P. Woolridge, W. M. Murray, or at the Manufactory, Washington st., near Pennsylvania avenue.

COMPOUND FLUID EXTRACT BUCHU,

A Positive and Specific Remedy for Diseases of the BLADDER, KIDNEYS, GRAVEL, and DROPSICAL SWELLINGS.

This Medicine increases the power of Digestion, and excites the ABSORBENTS into healthy action, by which the WATERY or CALCAREOUS deposit-ions, and all UNNATURAL ENLARGEMENTS are reduced, as well as PAIN AND INFLAMMATION, and is good for MEN, WOMEN, or CHILDREN.

HELMBOLD'S EXTRACT BUCHU,

Dimness of Vision, Pain in the Back,
Universal Lassitude of the Muscular System,
Hot Hands, Flushing of the Body,
Dryness of the Skin, Eruptions of the Face,
PALLID COUNTENANCE.

These symptoms if allowed to go on, which this medicine invariably removes, soon follows

IMPOTENCY, FATUITY, EPILEPTIC FITS,

In one of which the patient may expire.

Who can say that they are not frequently followed by those "DIREFUL DISEASES,"

"INSANITY AND CONSUMPTION."

Many are aware of the cause of their suffering,

BUT NONE WILL CONFESS.

THE RECORDS OF THE INSANE ASYLUMS,

And the Melancholy Deaths by Consumption,

BEAR AMPLE WITNESS TO THE TRUTH OF THE ASSERTION.

THE CONSTITUTION ONCE AFFECTED WITH

ORGANIC WEAKNESS,

Requires the aid of medicine to strengthen and
Invigorate the System,
