vannah, see fourth page.

The Union Before Slavery. Every day shows that a rapid change it taking place in the public mind as regards the sacredness of slavery. There are a few paper system is in the fact that said newsfossils that yet declaim against abolitionists, but very faw who dare defend slavery. Slavery is being weighed in the public mind with the importance of preserving Hence, advertisements, to a certain extent, the Union in tact, and it is not hard to see are as necessary to the existence of that in a contest of this kind, alavery will newspaper, as pure air to the lungs of its have to "Rick the beam." Mr. FORMEY, in editor. The great increase of circulation his last letter to the Press, speaks of this of the leading daily journals throughout mighty change, and bids us to prepare for the country, in consequence of the demand it. He says that the question of slavery, for war news, so far from increasing the like Banquo's ghost, will not down. It income of the publisher, in most cases hangs like a black shadow over every path proves a present and actual loss, although, which leads into our future. Even the perhaps, it may become an ultimate gain, and fear reigning at the capital, and Sumter most conservative men are beginning to as circulation is the basis of an advertising admit that it must be discussed, and, in one value, which may prove remunerative by way or another, disposed of. Into this war and by, when business shall have revived lotter to the "President of the Confederate it has entered, and the issues arising out of from the present depression. this war are either identified with it in Some of our law-makers at Washington theory, or modified by it in practice. As -and some who should know better, be- rebel chief wanted, and vouching that his slavery was the undoubted cause of the re- cause themselves publishers seem imbued friend was "reliable in every respect." bellion, and Northern feeling against it as with the idea that the Newspapers are a last phraseology is significant, and shows a deminant, social and political system, the proper source from which to squeeze some that Baroar, in writing, had in view the pretext for secession, so in the management of the war, North and South, in shaping revenue, and which must be raised somethe policy to govern our military opera- where, for the prozecution of the war. tions, in legislation and discussion, we find | Hence, we have heard of a proposed tax on tions, in legislation and discussion, we find Hence, we have heard of a proposed tax on robel. How Mr. Cowan can vote to keep slavery an agitating, imperative, and un- Telegrams; a tax of one half a cent on such a man in the Senate, where he is doing svoidable subject. He says the Southern each copy of every Newspaper issued; a such as to thwart the Government, and who people are using slavery against the Re- repeal of the law which allows an exchange nobody can doubt is a secessionist at heart, ublic; that they are arming their slaves, of newspapers between editors through the and are even bribing their slaves, by offer- mails, free of postage, and a law to prevent ing them their freedom to fight against the the sending of newspapers outside of the North. He further says that a mass of ig-norant prejudice has been allowed to accu-mulate in the free States on this subject. We have not the room nor the time to discuss all these propositions to-day. But it has been stimulated by politicians and we may sum up our ideas on the subject in the subject in the state of the subject in t It has been stimulated by politicians and we may sum up our ideas on the subject in by newspapers until, at last, the bare idea a few words. We believe that the publishof denouncing slavery became a capital of ers of the loyal States, as a class, are patof denouncing slavery became a capital of-frace. But we are being educated by events. riotic to the core, and desire no exemption Nervous Disorders it is truly infallible, and as a cura-frace. garded slavery with favor, and tolerated it ation necessary for the prosecution of the as essential to Southern prosperity and to war. But a tax upon the freest dissemiuniversal commerce, is undoubtedly under- nation of intelligence, laid in such manner

going the process of a rapid change. He as to totally annihilate a considerable numtays that in a state of war we must avail ber of the newspapers throughout the counourselves of every means against such an iry, and, indeed, one which would seriousenemy as secession, and winds up as fol-

lows: "But, wherever these slaves can be used for military purposes, to protect the whites from surprise and massacre, to construct fortifications, to bring in or take out in-formation, he would be a most incompetent commander who would hesitate to employ sach agencies. I do not know a loyal Boutherner in Congress who does not sav. such agencies. I do not know a topa-Southerner in Congress who does not say, if the choice is presented between the over-throw of the Republic and the destruction of slavery, slavery should go to the wall. Is my opinion, one of these two alternatives will soon be pressed upon us, and it behoves will soon be pressed upon us, and it behoves the teachers of public opinion to prepare the people for that hour."

Truly said, for that hour is inevitable. cannot afford to wait until the distresses of express; should the proposition be enforced, Europe tempt England and France to break for instance, the afternoon issues in this the blockade, and by throwing their weight Union, even if we have to subdue the rebel than by earlier trains. States, and hold them in a territorial condition, until they come to a better mind, and again take rank as loyal States. To the Gazette, for instance-thus: do this we must destroy the cause of all our disputes, and heart-burnings and jeal-
