An Alabama volunteer writes from one of the rebel camps:

"There's a new disease broken out here the camp diarrhœa. They call it the. The first symptom is a horror of gunpowder. The patient can't abide the smell of it, but is seized with a nervous trembling of the knees, and a whiteness about the liver, and a longing inclination to advance backward. That's the way the water serves mad dogs. Then comes what our major calls home fever; and next the sufferer's wife and nine children are taken sick; after which the poor fellow takes a collapse, and then a relapse. It is terrifically hard to get a sick man on even a furlough with this disease. Fact is, you can't do it with out working the thing pretty low down.

"I tell you what, Bob, between you and me, I'm afraid I'm taking the disease myself; I don't like the reports we hear every day from the coast. We hear cannon booming down there by the hour, and they say the Yankees are going to play the very devil with our ducks. I think I can detect a faint smell of powder in the breeze, and feel a strange desire to go into some hole or other. I dinner at the climate; I hope so, but don't see how that should make me turn and cold about the haversack every time I see a bayonet. If I only had some good spirits now, to take every morning, I think I could stand it very well. Please send me some immediately on receipt of this. (N. B.—Mark the box 'Drugs, care Surgeon 22 Ind. Ala. Vols.') Our Major is shipwreck a brier, and down on brandy like a duck on a Junebug."

Here is a ghost story or adventure, which recently occurred in Limerick, Ireland:

"A woman not far from Emly, buried her husband a few months ago. A knock came to the door some night last month. She asked who was there. A hollow voice answered, 'I am your husband, whom you buried,' said I am very miserable in purgatory till my debts are paid. Sell the two pigs you have and be mine to have the money for me on such a night when I call.' The poor woman did as he required, and felt happy at being able to meet his request, whether through fear or love (as he appeared with his shroud and pale face.) Between the first and second visit of the ghost, the poor woman went and told her story to the priest; he told her it was all very good, but at the same time to have two policemen in the house when this would be giving the money. Accordingly after getting the money, the purgatorial and shrouded ghost came, and was arrested by the police and lodged in Limerick jail, there to undergo a little more purgatory till his trial comes on. This ghost turned out to be a near neighbor, who is godfather to one of her children.

Footsteps.

A gentleman yesterday asked another, why our troops in Kentucky were able to do so much, while the Potomac army was kept idle. He replied, because they had a good Foote to go with.

Another wag said that he was glad to hear the wounded Commodore was doing well, and not in any need of an L.E.G.

A third observed, that for the rebels to go on foot was unpleasant in bad weather; but how much worse it must be to go with a Foote behind them!

Truly, remarked a fourth, footing a bill is frequently difficult—but to be a rebel and have yourself Footed, is dreadful.—*N. Y. Eve. Post.*

The population of Rome for 1861 showed an increase of 10,600 inhabitants over the preceding year. The number amounts to 194,587; in 1852 it was only 172,000, being an augmentation of 20,000 in less than ten years. There are in Rome nearly 40,000 families; 40 bishops, 1,885 priests; 1,474 monks; 1,657 pupils at the schools for young men destined for the priesthood; 2,062 nuns; and 2,618 pupils in convents and orphan asylums. Rome possesses seventy-two nunneries, of which about forty have solemn vows.

River News.

The river was rising rapidly yesterday, with, fourteen feet by the marks last evening. The weather was blustery and cool, with a light snow falling at times. The Allegheny is entirely clear of ice, and it is probable that steamers will resume their regular trips to Franklin and Oil Creek within the next few days. Business was rather dull at the wharf, with light receipts and shipments. The shipments of freight for all points below are limited, and it takes a boat several days to pick a full trip. The only steamboat arrival was the Clarion from St. Louis, with 200 bbls. of linseed oil, 1000 sacks, including 1600 bags of wheat and 1179 bbls. of flour. The Minerva for Wheeling, and Science for Gallipolis, were the only departures. The Undine from Gallipolis, Lizzie Martin from Zanesville, Ida May, from Cincinnati, and H. M. Bennett from St. Louis were due at this port, and will doubtless be found at the wharf this morning. The Undine and Martin will leave on their return trips to-morrow at 4 p. m. The Argyle, Westmoreland and Horizon were making preparations yesterday to take on board a regiment of cavalry, destined for Wheeling. It was thought that they will be ready to leave at an early hour to-day.

The Com. Perry from Louisville and Empire City from St. Louis are both due to-day.

LOUISVILLE.—The Journal of Wednesday says:

The Arizonia was successfully raised yesterday, and came up in the landing near the foot of Fifth street. She will be taken to Madison, and will be placed on the ways for repairs.

The Liberty Belle sailed up from St. Louis yesterday for Cincinnati. She discharged at this port 1,475 sacks for Andrew Buchanan & co., and 1,246 bales hemp for Mc. W. & Richardson.

FOR CINCINNATI AND LOUISVILLE.—The neat and popular steamer Emma, Capt. J. H. Hesretts, will positively leave this morning at 10 o'clock. Her clerks, Messrs. Dunlap and McConnell, will be found at the wharf, and agreeable.....The Key West, Capt. Evans, will positively leave on Saturday, striking Mr. Jas. Mellon still retains charge of the office.

FOR ST. LOUIS.—The Floriole, Capt. Brithall, will leave for St. Louis early, without fail. Passengers and freight will receive this, which we are selling at low rates. Those visiting our city will find it to their advantage to give us a call and examine our stock before purchasing elsewhere.

Since the opening of this vast and commodious Hotel, in 1854, it has been the single endeavor of the proprietors to make it the most sumptuous, convenient and comfortable home for the citizen and stranger on this side of the Atlantic.

And whatever has seemed likely to administer to the comfort of its guests they have endeavored, without regard to cost, to provide, and to combine all the elements of individual and social enjoyment which modern art has invented and modern taste approved; and the patronage which it has commanded during the past six years is a gratifying proof that their efforts have been appreciated.

To meet the exigencies of the times, when all are required to practice the most rigid economy, the undersigned have REDUCED THE PRICE OF BOARD TO TWO DOLLARS PER DAY, at the same time abating none of the luxuries with which their table has hitherto been supplied.

MEDICAL.

AYER'S CATHARTIC PILLS.—Are you sick, feeble and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by prompt action. Try one of these Pills, and see what a difference it will make. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this, trivial and common complaint, is also true in many of the deep seated and dangerous disorders. The same purgative effect expels them. Indeed, by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. Keep within doors while you know the virtues of these Pills will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public persons.

From a Forwarding Merchant of St. Louis, Feb. 4, 1860.

DR. AYER: Your Pills are the perfection of all that we could wish in a medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with rheumatism and pimples on her, skin and, in her hair. After our child was cured, she also tried your Pills, and they have cured her. ASA MORDECAI.

AS A FAMILY PHYSIC

From Dr. E. W. Cartwright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

HEADACHE, SICK HEADACHE, FOUL STOMACH.....

From Dr. Edward Boyd, Baltimore.

DEAR DR. AYER: I cannot answer you what complaints I have cured with your Pills better than to say *all that we ever treat with a purgative medicine.* I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

PITTSBURGH, Pa., May 1, 1855.

DR. J. C. AYER:—Sir: I have been repeatedly cured of the worst *headache* any body can have, by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours, with great respect, JOS. W. FREELIN,
Clerk of Steamer Clarion.

BILIOUS DISORDERS—LIVER COMPLAINTS.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very manifest. They have in my practice proved more effectual for the cure of *bilious complaints* than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR,
Washington, D. C., 9th Feb., 1856.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and do not hesitate to say that they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have never found a case of *bilious* disease so obstinate that it did not readily yield to them.

Fraternally yours, ALONZO BALL, M. D.,
Physician of the Marine Hospital.

DYSENTERY, DIARRHŒA, RELAX, WORMS.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for *bilious dysentery and diarrhœa.* Their sugar coating makes them very acceptable and convenient for the use of women and children.

DYSENTERY, IMPURITY OF THE BLOOD.

From Rev. J. V. Himes, Pastor of Advent Church, Boston

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

Yours, J. V. HIMES.

WARSAW, Wyming Co., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and *purify the fountains of the blood.* JOHN G. MEACHAM, M. D.

CONSTIPATION, COSTIVENESS, SUPPRESSION, RHEUMATISM, GOUT, NEURALGIA, DROPSY, PARALYSIS, FITS, etc.

From Dr. J. P. Vaughan, Montreal, Canada.

Too much cannot be said of your Pills for the cure of *costiveness.* If others of our fraternity have found them as efficacious as I have, the whole folk me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe *costiveness* to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper time, are needful to promote ease in my professional services when wholly or partially suppressed, and also very effectual to *cleanse the stomach* and expel worms. They are so much the best physic we have that I recommend no other to my patients.

FARE.

From Rev. Dr. Hawkes, of the Methodist Episc. Church.

PULASKI HOUSE, Savannah, Ga., Jan. 6, 1855.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating *neuralgic pains*, which ended in *chronic rheumatism.* Notwithstanding I had the best physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow but sure, and by persevering in the use of them, I am now entirely well.

SENATE CHAMBER, Baton Rouge, La., Dec. 5, '55.

DR. AYER: I have been entirely cured, by your Pills, of *Rheumatic Gout*—a painful disease that had afflicted me for years. VINCENT SLIDELL.

Most of the Pills in market contain Mercury, which, although a valuable remedy in skillful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

Price, 25 *cents per Box, or five Boxes for $1.*

Prepared by Dr. J. C. AYER & Co., Lowell, Mass.
