Fight Between a United States Sen-ator and a Marshal.

We learn from the Wheeling Intelligence that, on Saturday last, E. M. Norton, United States Marshal, and John S. Carlile, United States Senator, met near the Merchants' and Mechanics' Bank, when the former struck the latter with his fat. The two-distinguished gentlemen then clinched and proceeded to strike and wool one another for about two

consecutive minutes, when some genulemen interfered and they were separated. The af-fair created a ripple of sociatement upon the quiet Rialto where it occurred, and there was some running to and fro on the part of the populace. The difficulty had its origin in a letter addressed by Marshal Norion to Sena-tor Carlile, charging him with setting in hed

letter addressed by Marshal Norton to Sena-tor Carlile, charging him with acting in bad faith in-the procurement of certain military appointments. Mr. Carlile, feeling offended at Marshal Norton's letter, wrote a roply in which he intimated that the Marshal had not acted the gentleman, and dudn't understand or appreciate the relations which one gentle-man should sustain towards another. Mr. Carlile procured the publication in the Press newspaper of both the letter of Mr. Norton and his roply. Some other letters passed be-twoen the parties, and a protracted effort was made on the part of the Marshal to induce Mr. Carlile to withdraw, the offensive lam the consequence. A warrant was served upon Mr. Norton, which he as we it or aver Mr. Norton, which he has yet to answer.

WE are pleased to learn by a telegraphic dispatch received last evening from Chicago, that our townseman, William E. Stockton, who is a member of the Chicago Light Artif-lery; and who was ongaged in the late battle at Pittsburgh, Tonn., escaped unbart, al-thongh we regret to learn that the company lost four killed and seventeen wounded.
