Four miles below Pittsburgh Landing there was a small hospital boat, which was filled to overflowing with sick soldiers. We took all those who were very sick on board, and arrived at Savannah on Thursday evening. At this place some sixty wounded were put on board—every avalable space was occupied; but a few of these will be taken to Pittsburgh—the most of them are destined for Cincinnati, and a few for Evansville and New Albany. There has been four deaths on the Marengo and two on the Hailman since we left Savannah, including the robel soldier; the rest died from fevers.

All the nurses; male and formale, are well, and are untiring in their efforts to nurse the sick and the wounded.

Horatio King.

The President has appointed Horatio King, of Washington, to the place on the Emancipation Commission made vacant by the withdrawal of ex-Mayor Berrett. He could scarcely have selected a more competent person. A morning journal, it is true, (which confounds him with the General Rufus King,) denounces the appointment, because Mr. King is a democrat, and was for a short time a member of Buchanan's Cabinet. But he is one of the right kind of democrats, thoroughly honest and true, and a devoted friend of the Union. During the time when the adherent of Buchanan were falling away, one after another, into rebellion, Mr. King, with General Dix and Secretary Stanton, were using their best exertions to uphold the authority of the government and defeat the schemes of the disorganizers. Those men won the gratitude of the whole country then, and we are glad to see that the President is eager to acknowledge, as far as he can, their tried fidelity.—

PITTERURGH, December 31, 1861. Dz. G. H. KETER:—I take pleasure in making his voluntary statement in favor of a medicine prepared by you called "Limbert's Blood Standars."

I had suffered for five years with Scrofuls, which oke out on my head and forehead so as to disfigure broke out on my head and forehead so as to disfigure me very much, and teck off the hair when the discase made lie appearance; it also broke out on my arm above and below the elbow, and eat into the skin and flesh se as to expose a fearful sors. The discass on my head went so far thats several small pieces of bone came out. I was very weak and low upirited, and had given up all hope of ever getting well, as I had tried several skillful physicians and they did me no good. In September last, 1861, I was induced to try "Lunger's Improved Bloom Skarcher." I must confess I had no faith in patent medicines, but after I had used three bottles of Blood Searcher, the after I had used three bottles of Blood Searcher, the ulcers on my head and arm began to heal; 'I have now taken eighter ten bottles, and my head and arm. ores. I will also state the tI had the rhematism ery bad in my arms and legs. The Blood Searcher very bad in my arms and legs. The Bloo also cured the rheumatism. I am now a stooped and lifted anything heavy, the blood run out of the scre. Dr. Keysor had a photograph taken of me by Mr. Cargo, the artist, after I began to got well. It does not show my appearance as bad as it can see the photograph, one of which is now can see ine photograph, one of which is now in my possession, and also at Dr. Keyser,s, 140 Wood street. I would also state that I took the Blood Searcher which was made before Dr. Keyser commenced making it. Although it helped me some, I did not recover fast until I got the kind made by Dr. Keyser RE CHANCE TO GARDENERS!! bimself. One bottle of his did me more good than and better. I have recommended the Blool Searcher to a great many of my friends for various discass; and I believe it has helped the whole of the may publish this if you wish, and I am anxious that all who are afflicted as I was may be cured. I live in this city, No. 4 Pine street, and am employed at Coli-ville & Audarson's Union Marble Works, 54 Wayn
