CASE OF DANIEL A. BOYD.

Pittssunge, December 31, 1861. Dz. G. H. Karara:—I take pleasure in making this voluntary statement in favor of a medicine prepared by you called "Limbert's Blood SEARCHER."
I had suffered for five years with Scrofule, which I had suffered for five years with Ecromia, which broke out on my head and forehead so as to disfigure me very much, and teok off the hair when the disease made its appearance; it also broke out on my arm above and below the elbow, and eat into the skins.

The disease OMNEUS CALLS will be taken at Hunt's Book Stors, Masonic Hall, Fifth street, and at the Omnibus office, No. 405, Liberty street Day or night, all orders left in either the two places will be promptly attended to.

Doctor C. Brals, Water Cure and Homepathic Physician; also agent for Rainbow's celebrated Truss for Ruptures. Corner of Penn and Wayne streets.

See made its appearance; it also broke out on my and selves and self-into the silves and fieth set and fieth set and fieth set on the several small pieces of bone came out. I was vory weak and low spirited, and had given up all hope of over getting well, as I had tried several skillful physicians and they did me no good. In September last, 1861, I was induced to try "Lindsky's Infraorite Blood Searcher." I must confiss I had no falth in patent medicines, but after I had need three bottles of Blood Searcher, the Penn and Wayne streets.

DERTISTRY.—Dr. C. Sill, No. 246 Penn st., attends to all branches of the Dental profession.

must confuse I had no falts in patent measures, was after I had used three bottles of Blood Searcher, the ulcers on my head and arm began to head. If have now taken eighter ten bottles, and my head and arm are entirely well except the scar remaining from the sores. I will also state that I had the the very bad in my arms and legs. The Blood Searcher also cured the rheumatism. I am now a well man, over forty pars of age, and I feel as suple and young as I did when I was twenty, and have increased I a weight twenty pounds. I would also state that the disease in my forehead was so bad that when disease in my forehead was so bad that whon a stooped and lifted anything heavy, the blood run out of the sore. Dr. Keyser had a photograph taken or me by Mr. Cargo, the artist, after I began to get well. It does not show my appearance as bad as it was before I commenced taking the medicine. You can see the photograph, one of which is now in my possession, and also at Dr. Keysers, 140 Woodstrest. I would also statedhat I took the Bloed Scarched ing it. Although it helped me some, I did not re-cover fast until I got the kind made by Dr. Keyser

himself. One bettle of his did me more good than two of the old. I believe it is a great deal stronger and better. I have recommended the Blood Bearth. or to a great many of my friends for various discases, and I believe it has helped the whole of them. You may publish this if you wish, and I am auxious that all who are afficted as I was may be cured. I live in this city, No. 4 Pine street, and am employed at Col-

A BLIND MAN CURED.

I live in Sligo, at Clinton Mill, and have been nearly blind in both eyes for nearly four years. I called on Dr. Keyser about three mouths age, and saked him to give me directions to the Institution for the Blind in Philadelphia. He told me that I for the saind in rainscephia. Its told me that a need not go to Philadelphia to get well, as he had medicine that would care me, as he said my due se was in the blood. I was treated for it two or three imes in the hospital in this city, and was relieved, times in the hospital in this city, and was gelieved, but my disease always returned after a month or two after I came out of the hospital. I found my dis-ease was returning and I called, by the advice of a good friend of mine, on Dr. Keyser, who has restored my sight, and my eyes are nearly as well as ever.

The Doctor gave me "Lindsey's Blood Searcher" and

A BAD SORE LEG CURED. that I have had a sore leg for over a year. It was covered with ulcers and sores so that I could not work for nearly a year. My leg swelled so that I was unable to do anything for a leng time, for at least unable to do anything for a long time, far at least six months. I tried several of the best doctors lights city, but without any benefit; finally I called on Dr. Keyeer, at No. 140 Wood street, who only attended me about two weeks, and gave me but two bottles of medicine, and I am now entirely well and have continued well for six months. I am employed at the Eagle Xugine House, on Fourth street, where any one can see me.
