Oakland Public School.

None of our suburban schools exhibits a greater degree of progress than the school at Cakiands During the past year the advancement made in every department has been marked and gratifying. The teachers are not only competent, but they are faithful and energotic, and take pride in the success of their pupils. The Directors are gentlemen of expupils. their term expired on the 14th inst. The
Colonels did their utmost to have the regiments continued in service, but this could not
be done, and they were mustered out of service. An exrellent dinner was served up:

Arrest of Deserters.

Benerit of Cecile Ross.—This talented young actress takes a bonefit at the theatre this sevening, when she will appear in the difficult character of "Peg Wollington." She will also recite the "Star Spangied Banner." This lady, during her brief engagement, has gained rapidly in popularity, and should she continue her professional visits here will soon take rank as a "Pittaburgh favorite." To a beautiful face and figure, she adds the higher requisites of the actres, and rarely attempts what she has not the power and talent to perform in an artistic and satisfactory manner. We hope her admirers will compliment her with a fall house this evening.

While passing McClelland's auction house yesterday, we dropped in to the sale of Silver Platod Ware, and never was more astonished. The choice Tea Sets, Casters, Butter Dishes, Goblets, etc., were going for less than half the cost to make. The sale will be continued this afternoon and evening. Seats provided for ladies.

STRUCK BY LIGHTSING. - Wednesday m. STRUCK BY LIGHTHING.—Wednesday morning about seven o'clock, a two story frame house on Liberty street, Birmingham, was struck by lightaing. The fluid passed down along the chimney to the floor of the second story, thence out the side of the building. In its course it completely demolished a clock, and the whole dwelling was shattered from top to bottom. It was occupied by a German family named Lippert, but, fortunately, all were absent from the house at the time of the occurrence. A Mrs. Reddick, living in an adjoining house, was stunned.

SPECIAL NOTICES. TRIS COMMUNITY is desidedly opposed to counterfeit or "improved" medicines. Mo-Lano's and B. A. Fahnestock's Vermifuges have both been counterfeited and "improved." The result has been that the spurious trash is now scarcely heard of, whilst their stupid originators are the fit subjects of honest contempt. And so it is with Lindsey's Calebrated Blood Scarcher, the public will have nothing to do with the bogus when they can procure the genuine from all solvent druggists, or from the sole agent, Simon Johnston, corner Smithfield and Fourth streets.

Important from Franklin, Va.

A gentleman who has just arrived here from Corinth, says the prevalent opinion in camp was, that Gen. Halleck either intends starving them out or taking the place by regular approaches. Preparations for the latter were active. Louis Republican, of Wednesday, says the following dispatch, referring to an intercepted

letter, has been received at headquarters in that city:

A letter from a Regimental Quartermaster, at Corinth, to his wife, says, they (the rebels) are gone up. They have scant ten days' rations, and can get no more. Thinks there will be no fighting, as Halleck has cut of
