Reserve Battery, of Couch's Division, also lost one of their guns—there eight pieces of ordnance constituting our entire loss, so far as I could learn. We can better afford to spare the pieces than'we can afford to have the rebels profit by their gain. They show every indication of being much in waat of artillery, and the need is ordently stimulating their efforts to profit by the chances of war to pos-sess themselves of our guns. e position occupied by the main body of two divisions was a clearing of about nile square, surrounded on the left and

GEN. SUMMER'S ADVANCE.

GEN. SUMNER'S ADVANCE. Meantime Gen. Summer had succeeded in bringing his troops across the Chickahominy, and was advancing on the right to maintain our position there, where less ground had been lost. After several days of labor, Gen. Summer had thrown two bridges across the creek between Botiom's Bridge and New Bridge, where local reports held it to be im-possible to find any foundation for piles, to support the superstructures. One of these bridges was some two miles above Bettom's Bredge, the others mile further up the stream. The lower of these was carried away during the heavy storm of Friday night, and Gen. Summer was obliged to depend upon a single

each kepf close watch lest the Beighor source is the ports beigh it to be impossible to find any foundation for plies, to make the possible to find any foundation for plies, to upport the superstructures. One of these is prigon wars one two miles above Bettom's a G upport the superstructures. One of these is the possible to the superstructures. One of these is the prior is the provide and function is the possible to the superstructures. One of these is the prior is the possible to the superstructures. One of the superstructures. One of these is the prior is possible to the superstructures. One of the superstructures of the superstructures of the superstructures of the superstructures.
