SATURDAY MORNING, JUNE 7.

RELIGIOUS INTELLIGENCE.

——Having noticed the proceedings of the New School Presbyterian General Assembly in the early part of its session, including the full report on the state of the country, we note briefly, some items of general interest. The report of the Committee on Education, relative to the Theological Seminaries, gave a brief history of the operations of Union College, and Lane College, showing them to be in a prosperous condition. Philadelphia was selected as the location of the next General Assembly. From the eighth annual report of the Trustees of the Church Erection Fund, it appears the present condition of the fund, after deducting the expenses of the year, amounts to $114,654.25. Number of grants made during the year, twenty-two. The whole number of grants made from the beginning is one hundred and eighty-two. The whole amount granted is $64,471. The whole amount of loans is $54,766, and that of donations is $9,975. The report of the Foreign Missions shows that 54 out of 1,538 ministers of the denominations of this country are engaged in foreign missionary labor. Fifteen of the twenty-two Synods and twenty-seven of the one hundred and five Presbyteries are represented in foreign fields. The Assembly set apart the first Monday of January, for the conversion of the world, and the last Thursday in February, for students in colleges and seminaries. The second week in January, including the first and second Sabbath, was recommended as a week of fasting and prayer. Delegates to corresponding bodies among whom are to the following: General Assembly of the Cumberland Church; General Synod of the Evangelical Lutheran Church; Synod of the German Reformed Church; Synod of the Free Presbyterian Church, and General Synod of the Reformed Presbyterian Church. The report on Home Missions elicited an animated discussion after which, it was resolved to raise $75,000, to enable the Society to commission three hundred missionaries, and appoint exploring missionaries, whose field of labor shall be in the United States, particularly in the far West. Among the items reported by the Committee on Bills and Overtures, and adopted, was an order directing the Standing Committee on Church Extension to adopt some permanent system by which vacant churches and unemployed ministers may be brought to the knowledge of each other. The want of space forbid us from giving further details of its proceedings. The session of nine days is represented as being exceedingly harmonious and interesting.

——At a meeting of the Presbyterian Presbytery of Sangamon, held some time since in Jacksonville, Ill., a committee appointed to consider the propriety of a minister in the Presbyterian Church administering the ordinance of baptism by immersion," reported at length that such action by any Presbyterian minister is improper for the following reasons: 1st. It is contrary to the standards and usages of the Presbyterian Church, and the Word of God. 2nd. It is contrary to ordination vows—Form of Government, chap. xv, questions at ordination. The report was adopted.

——It is estimated the income of the Societies which held their anniversaries at Exeter Hall, London, during one week in May, amounted to half a million sterling, equal to two million five hundred thousand dollars.

——The Pittsburgh *Christian Advocate* says the New Hampshire M. E. Conference at its late session took stringent action against tobacco users. The Conference recorded with shame that more than twenty of its members indulged in the filthy habit. After a strong preamble, it resolved to discontinue its use in every laudable way, to admonish the members using it, and to admit none to membership who are addicted to its habitual use.

——In the city of Baltimore thirty-five churches, and chapels are occupied by the Methodists, exclusive of several in the immediate vicinity. Forty-five itinerant ministers are connected with the plan of ministerial appointment, together with fifty-one white and twenty-five colored local preachers.

——An exchange says the contributions of the people in the time of David for the sanctuary, exceeded $34,000,000. The immense treasure David is said to have collected for the sanctuary amounted to $4,445,000,000. The gold with which Solomon overlayed the "Most Holy Place," only a room thirty feet square, amounted to $190,000,000.

——We gave some time since the New York (Dutch Reformed) *Intelligencer's* sketch of denominational adaptations: The *Episcopal Recorder* takes exceptions to the work assigned the Episcopalians to man the garrison and inspect the batteries to see that there is no departure from the strict rules of scientific gunnery, and claims not only to be the inspectors, but the surgeons to the camp. It says:

"Few communions have equalled our own in practical labor. At least one-third, it may be estimated, of the contribution to the American Bible Society come from the Episcopal church. The American Sunday School Union is sustained by Episcopalians in the same proportion; the American Tract Society almost as much so. Nor in specific denominational movements are we less efficient. For a long time, it is true, our communion was swathed up in a sort of a dignity which made it impossible for it to move freely. Wherever, however, these checks have been thrown aside, our progress has at least been equal to that of other churches. Besides this, we are the only Protestant communion which has established hospitals where religious as well as bodily care is given to the sick."

——The Presbytery of New York, in the course of its *Narrative* says, among the unfavorable aspects of the New York city churches, we must mention the fluctuation of the population—an evil which seems rather to increase. A process is going on which will render necessary sooner or later the removal of some churches from neighborhoods which are being occupied almost exclusively by Jews and Papists, and by other classes which are beyond our reach.

——Prof. Crosby, D. D., (not an ordained minister) preached the annual sermon of Inquiry of the Union Theological Seminary (N. S. Presbyterian) in New York recently. The main purpose of the discourse says the *Intelligencer*, was to advocate a lay ministry, licensed at discretion by churches or church authorities, to preach and conduct public and religious services.

——It is reported that there have been more than two thousand copies of Spurgeon's sermons distributed to under graduates in the streets, and a copy has been sent to every resident M. A., both at Oxford and Cambridge.

——In 1800 there were at least eighteen weekly Baptist papers, in the Southern States, now it is said not a Baptist paper is published in those States at the present time.

——The fifty-fourth anniversary of the Pennsylvania Bible Society was held last week in Philadelphia. Speeches were made by ex-Gov. Pollock, Rev. A. Barnes, Dr. Taylor and others. From the report we learn about 80,000 copies of the Scriptures were distributed among as many enlisted soldiers, by the chief society and its auxiliaries, during the past year. The circulation amounted to 112,619, being an increase over the last year of 522,753 copies. The gross receipts $23,808 83, a decrease of $4,707 83.

——The ninth anniversary of the Pittsburgh and Allegheny Ladies' Prayer-Book Society was held in Trinity church, some time since. The sermon was preached by Rev. Dr. Howe, of Philadelphia. The officers for the ensuing year are as follows: President—Mrs. Lydia McClure; Vice President and Librarian—Mrs. Grant; Treasurer—Mrs. George W. Jackson; Secretary—Mrs. F. B. Brunot.

LATE TELEGRAPHIC NEWS.

[FROM OUR EVENING EDITION.]

Capture of Rebels in Missouri—Guerrilla Bands Routed.

ROLLA, Mo., June 5.—Cols. White and Vansoiling, of the rebel army, and Jas. Massey, Secretary of State under Claib. Jackson, together with about twenty ordinary rebels, were captured at Cassville a few days since.

Advices from Gen. Curtis' army in Arkansas, say that scouting parties from Gens. Carr and Osterhaus' divisions, in front of Little Red River, and from Gen. Steel's on the left and rear, have been very successful lately in breaking up rebel camps and running down guerrillas.

Lieut. Col. Lewis, of the 1st Missouri, fell in with a party west of Searcey, and charged on them, killing four, wounding about twenty and scattering the rest near that point. A party was routed by Maj. Hawkins, of the 6th Missouri, and a rebel Lieutenant taken prisoner.

Lieut. Col. Ricks, of the 9th Iowa cavalry, attacked a party at Cache river, killing four, wounding four, taking two prisoners, and driving the rest into the swamps.

Major Bowen, commanding a detachment of his own battalion, and the 3d Iowa cavalry at nine p. m. on the 9th of May, fell upon a rebel camp at Kickapoo Bottom, west of Batesville about 55 miles, killing three and scattering the rebels in every direction; also capturing a large amount of camp and garrison equipage, 22 prisoners, 21 horses, 54 guns, 30 or 40 bowie knives, and 30 revolvers. This was a daring attack, the men leaving the horses and charging the swamps with their carbines. Our troops can take the rebels on their own ground of guerrilla warfare, and show superior arms and braver conduct.

Missouri State Convention.

JEFFERSON CITY, June 5.—Not much of special importance has transpired in the Convention to-day.

Mr. Brodhead, from the Committee on Congressional Districts, reported a bill dividing the State into nine Congressional Districts.

During the afternoon session, the special order—the ordinance defining the qualifications of voters and civil officers—was discussed.

Mr. Sample Orr opposed the clause disfranchising persons who have taken up arms against the Government, or who have given aid or encouragement to the rebellion.

Mr. Hatchcomb, of St. Louis and Mr. Willard P. Hall, the present Lieut. Governor, spoke strongly in favor of it.

Order from Gen. Halleck.

ST. LOUIS, June 5.—A general order from General Halleck says the State of Missouri, except the counties of Mississippi, New Madrid and Pemiscot, will hereafter constitute the military district of Missouri, to be commanded by Brigadier General Schofield. The force in South-west Missouri, however, will be subject to the orders of Major General Curtis, Commander and Military Governor of Arkansas. The county of Mississippi will belong to the district of Cairo, under General Strong, and the counties of New Madrid and Pemiscot to the district of Columbus, under Gen. Cairnby.

From Fort Wright—The Barracks on Fire—Full Particulars Soon.

CHICAGO, June 6.—Dispatches from Cairo state that the steamer Shanghai had arrived from the fleet. At the time she left, the flames were breaking out in the barracks of the fort, and the gunboats had dropped down the river.

The steamer Dakota was expected to arrive this afternoon with full particulars.

River News.

The river continued to rise slowly at this point and to about noon yesterday, when it came to a stand, and last evening the marks indicated eleven feet six inches. The weather remained cloudy, warm and foggy, and with every appearance of more rain.

There was considerable activity displayed at the wharf yesterday, with fair receipts and moderate shipments. The bulk of the freight offering appears to be for Cincinnati, and St. Louis. The only transient arrival was the Argo, from St. Louis. The Empire City was due last night. The Hastings and Argonaut, left Cincinnati for this city on Wednesday, and will arrive here about Sunday. The Diadem, for St. Louis, and Clara Poe, for Louisville, cleared last evening with splendid trips. The latter boat had upwards of one hundred soldiers belonging to Indiana and Illinois. The majority of them were discharged from the service in consequence of ill-health, while some few were going home on furlough. Capt. D. B Herron, late secretary of the "steamboat Captains Benevolent Association" of Cincinnati, has taken charge of the steamer Moderator.

The Louisville Journal, of Friday, says:

The river continues to rise slowly at this points with five feet eight inches water in the canal last evening.

The Arizona and Emma passed down from Cincinnati for Pittsburgh Landing yesterday, with full cargoes of mules, wagons, and government stores.

The Sir William Wallace went down over the falls for Pittsburgh Landing, with a portion of her cargo. She was to fill up at Portland.
