This is probably the force which appeared at 0 dd Church. The robels opened at daylight this morn-ing with a starp fire from the srilllery, in front of Gen. Summer. It lasted for about three hours. We had only one man killed and one wounded. A number of prominent citizens living be-tween New Kent Court Hense and the Chicka-hominy have been arrested, by order of Col. Money has been given us by the Government to equip our own citizens for their own defonce; and now, as sons of Missouri, numbers of troops of our own people are armed, subsisted, clothed and paid by the Government in order that we may protoct ourselves. Under such treatment, it would be unbecoming to pass over in silent indifference the proposition originating with the President of the United States. It is ascertaized from a gentleman, who ar-rived to day from Fremont's army, that ar-rangements have been made by which to promptly furnish them the requisite com-missary and Quartermastor's stores. There are, however, no signs of complaint in camp, and the men are all now in cheerful spirits. Many of the sick and wounded are confortiably cared for at Mount Jackson, where the rebels had erected commodious buildings. The gen-eral plan for subsisting all our troops on the Shonadoah is now complete, and is of vast importance in connection with fature military movements. Capt. T. W. Hurst, Quarter-master, who is sitehed to Fremont's army, has been assiduous in perfecting these ar-rangements.
