FORTRESS MONROE, June 19 .- Everything asins quiet here, and at Norfolk and Suffolk, and there is nothing new to report. The weather is sultry and unsettled. Gen. Dix has returned from Suffolk, having

The rebels have assumed a more menacing attitude, and will probably try to bring on a general engagement in front of their works in order to draw our troops within the range of their batteries.

Three deserters from the 3d Georgia regulars, who came in yesterday, reiterate the report that the rebels are becoming more desperate, and are greatly disheartened at their recent defeats.

Under the proclamation of Gov. Pierpont, to-morrow is the last day for civil officers to come forward and take the eath of allegiance. As none of the city officers in Norfolk have as yet taken the oath, it is thought that some trouble will be experienced in the matter.

The steam fire engine, Hibernia, has been astipped on board the steamer Thomas Swann, and will feave for Raltimore to morrow.

The pretended Unionists at Norfolk have been acting in a manner of late to prejudice many against the cause. Instead of remaining quist and pageable, they have got into brawls and fights. Such men are set down as office seekers of the place. Gen. Viele has determined to punish the offenders.
