Review of Gen. Banks' Army Corps.

Livile Washington, Va., July 28.—A

grand review of Gen. Banks' army corps came
off to day two miffs from town. The weather
was fine. Several hours, were occupied in
field evaluations and managements by divisions.
The whole review was creditable to the various
commanders, but showed the necessity of more
frequent drills on masse. The magnificant
artillary arm spillated warm applause from all
observers. Alts recent removal to more faw,
orable grounds has benefited the health of
the troops.

There has been considerable sickness and
mortality in the 60th New York, and other
regiments, but they are now improving in
sanitary condition.

There has been considerable sickness and
