Charles W. Bencker, Edwid S. Brown, Geometry, Geometry, Edwid S. Brown, Geometry, Edwid S. Brown, Geometry, Ed Order No. 3 was the subject of a long Order No. 3 was the subject of a long conversation, and as the General now in-terprets it, it is not so bad an order. He claims that it applies merely to stragglers, white and black, and not to persons con-nected in any manner with the army. Able-bodied negroes would at once be or-cavited into reciments and brigades of Able-bodied negroes would at once be organized into regiments and brigades of workers, and would not be included in the order. Gen. McClellan wrete a telegraph to headquarters some time since for specific instructions on this point; and he got them, He was ordered to impress all the blacks he could lay his hands on for service. In speaking upon this particular point Gen. Halleck said the rebels were making a very important use of their slave population to the government, and it was our duty to beat them at the same business.

Voluntary Emancipation.

Injor General B. P. Butler :-

Major General B. F. Builer —

Siz — It has come to my knowledge that many persons in this city and neighborhood are ordering their slaves to leave and go to the "Yankees," and when such order is obeyed, this office and the police are besieged to arrest and return them. "As this evil is growing and becoming annoying, I respectfully ask what action should be taken in the premises.

Respectfully, your obedient servant.

S. H. STAPFORD, Deputy Provest Marshal.

HEADQUARTERS, DEFARMENT OF THE GULF,
NEW ORLEARS, July 19, 1862.

SIZ:—The course purraned by cortain persons in ordering their slaves "to go to the Yankes," "to join the federals," as described in your note, and like sets, his been brought to my notice from different sources previously to your communication, and certainty is a great wrong as well to the governments as to the new gross. In order to corpor the evil, therafore, let the known that all such declarations by the owners to their slaves will, by the authorities here, be taken and deemed acts of voluntary emissions, and eleves sent away by their master, with wich declarations as you describe, or equivalent ones, will be regarded and treated as manumitted and amancipated.
