Treatment of the Richmond Prisoner corners.

Clark Modonnell, of Company P, 10th Reserves, who was taken prisoner during the battles before Richmond, and confined for five battles before Richmond, and confined for five battles before Richmond, and confined for five works at the robel Capital, but who has been released and is again with his regiment, writes to his father, at Freedom, Beaver, ountry, detailing the indicants of his capture, his treatment, etc. We extract as follows:

"We had a hard time of it while we were treat Richmond. We only got too meals price at Richmond. We only got too meals price at Richmond. We only got too meals price at Richmond. We only got too meals price of fresh mest, without set got the fourth our breakfast. For these words and place of fresh mest, without set got the fourth our breakfast. The following is said to be a good recipe for making Blackberry wine:

Washington County.—The Examiner says: in Becruiting is; going on brighty all over the county. We learn that on Saturday about 30 had been enrolled at. Bealisville. 40 at Clarktown, 60 at Monongahela city, 12 at Cross Cleeck, between 40 and 50 at Properity, several at Hickory, a large number at Canonsburg, 100 in Washington, and respectable numbers at other points. If the proper effort its made, the full quots of our county under both calls will be made up. We learn that Bev. Mr. Kneeling, Prestyterian minister at Hickory, is engaged in the patriotic work of raising a company of volunteers for the war, and is freeting with yory great success.

Western Virginia.—The Wheeling Press 1889: Messure your berries and braise them; to every gallon adding on a quart of boiling water; let the mixture stand twenty-four hours, stirring occasionally; then strain of the liquid into acask; to every gallon adding two pounds of sugar; cork tight and let it stand till the following October, and you will have wine ready for use without further straining or boiling, that will make lips smack that never smacked under similar circumstances before. It may be improved and perhaps will keep better by adding a small quantity of pure French brandy.

Recruiting is progressing with better success this week than last, both in the city and county, and there seems to be a determination upon the part of our young men generally to enlist rather than be drafted. That's the only electronitive now, and there are but few days last in which to embrace it. All who possibly can a wake the choices should do so at once. The artiller's service seems to be very popular, and the company of Mosers, Carlin and Stallman is rapidly filling up. There has been a large accession to old regiments from our midst, and the feeling is gaining ground that Ohio county must speedly furnish her quota.

Two full companies arrived on Wednesday evening from Marshall county, and were quartered in Camp Carllie, preparatory for their secssary equipments. One was gotten up by Capt. Booner and Licut. Fisher, and the other by Capt. Magnater and Licut. Temblineon. They were received at the depot amid loud and continued cheers. Bourry Pain—The Committee appointed to disburies funds raised by voluntary contributions have paid one or two companies of the three years' men their bounty. The full amount of bounty money is nearly all paid in amounting in all to about \$189,000. Ospitantry, are fast filling up. They pay an additional pricate bounty immediately upon enlistment. HEADQUARTERS ARMY OF VIRGISIA, Cedar Mountain, Aug. 13, 1862—5 p. n

[Special Dispatch to the Pittsburgh Gazette.]

The career of one military finally been cut short. Gen. Benham's name has been stricken from the rolls of the army. Those who have known him well have only condered that this result did'nt come sooner. OUR ARRIER IS VIRGINIA.

The importance of movements now in progress, in certain portions of our armies in Virginia, cannot be over-estimated. Details, lowsver, cannot be given for some days. OBIO REGIMENTS.

As the particulars of the late battle come in, t appears more and more clearly that two regiments bore the brunt of the actionthe 5th, from Cincinnati, and the 7th, from Oleveland. The losses of the last are terrible. GEN. BLENKER.

Gen. Blenker's Quartermaster said to-day there was a probability that Gen. Blenker would be sent out to take command of Gen. Bob. McCook's brigade. The statement is not fully credited here.

September, Secretary Stanton having concluded it will take that long to make arrangements for drafting, get enrollments comple ed, etc. Further Account of the Late Battle.

WASHINGTON, Aug. 13 .- Advices from Culpepper, dated yesterday, says that owing to the severe injury received by Gen. Banks, the commandof the second corps d'armee devolves upon Gen. Williams. Brig. Gen. Crawford

the end.

Brig. Gen. Roberts, Chief of Cavalry of this army, was with the advance of our forces on Friday and Esturday, and was conspicuous for his galiantry; and for the valuable aid he rendered to Gens. Banks and Crawford.

Our loss in killed, wounded and missing was about 1,500—of whom 290 were taken prisoners. It might be expected from the character of the engagement that a very large proportion of these were killed. The enemy's loss in killed, wounded and missing we are now estisfied is much in excess of our own. A fall list of the casualties will be transmitted as soon as possible, together with a detailed report, in which I shall endeavor to do justice to all, Maj. Gen. Commanding.

Maneries, August 10-The Bulletin of this morning has advices from reliable sources which represent that Gen. Breckinridge attacked Baton Rouge on Tuesday last, and was repulsed, fosing among the killed Gen. Clark, of Mississippi, and Colonel Hunt, of Kentucky. Breekinridge attributes the defeat to the non-

arrival of the Ram Arkansas to make a simultaneous attack on the Federal fleet with his land attack. The Arkansas arrived in the evening, and immediately assailed our fleet, and destroyed two versels, swerely damaged two others and drove the balance away. Breckinridge renewed the attack from the land side, and is said to have captured the entire Federal force at Baton Rouge.

It is also said a large portion of Van Dern's command is co-operating with Breckinridge for an immediate attack on New Orichns.

It is currently reported and credited at Helena that the ribels have completed the alteration of the Star of the West, which was up the Yasoo river, to—a ram gunboat, and that she is now at Vicksburg. She is called the Richmond, is clad with railroad fron, and mounts 23 guns. One of the Ocean tugs was up the same river also completed, and cams out at the same time.
