They are not shop-keepers, tallors, factory the world, and forced to enlist from want; but they are used to handling the shotogun and rifle from the age of twelve.

Grant, however, that this estimate is extrawagant. Let us suppose that the ages of offering up another and another hecatomb of offering up another and another hecatomb of treason, still insist, as it appears, on directing the from the age of twelve.

Grant, however, that this estimate is extravagant. Let us suppose that the ages of 18 and 40 should govern as the limit. Still, this would not reduce us to despair; for, by no rule of calculation, could our fighting forces be reduced to one million of image. This force can be kept in the field as long as the North may astall us, and it will not interfere with our producing or agriculting sea the North may astall us, and it will not again feel any wan of food for man or horse. In substitution, when the present crops care gathered, the South will not again feel important the field as long than which the North counted so largely, idoes not exist; our always can be safely transied to thus management of the boys under rights and the old men, and abundant crops be thus, secured while our fighting men are in the field.

Not so with the North whenever she pout a world have cost to conquer her into solid as we should not make the probability in the war is not conducted in our own way to be been seemed while our fighting like her military strength in the old have cost to conquer her into solid and we want the rough of the safety of the solid of the safety of the solid of the safety of th strong one, provided his calculations are not interfered with. Give the rebels, the use of the four millions of slaves—and four millions of slaves—and four millions of slaves—and four millions of slaves—and four millions of slaves form some two millions and a hilf of laborers, for the women labor as well sast the men—and we cannot subdust them on the principle of exhaustion. With the lives of one of the way, as it ware on purpose, and as we have done from the beginning, every officer with the population to fight as long as there is any left.

But destroy—slavery and you paralyses their efforts at a blow. They will then not only need men to watch and control the blacks, but they will be unable to get more work out of them than will suffice to suit the blacks, but they will be unable to get the production of emancipation would fall as a dead leter of emancipation would fall as a dead leter. Why do the pro-slavery party oppose it so, if they hold it so lightly. Why not satisfy the loyal people by gratifying them in this thing, if, as the friends of slavery say), it will amount to nothing. It would be a cheap way of stopping the clamor made about it, for the control of the stopping the clamor made about it, for the control of the stopping the clamor made about it, for the control of the stopping the clamor made about it, for the control of the stopping the clamor made about it, for the control of the stopping the clamor made about it, for the control of the stopping the clamor made about it, for the control of the stopping the clamor made about it, for the control of the stopping the clamor made about it, for the control of the stopping the clamor made about it, for the control of the stopping the clamor made about it, for the control of the stopping the clamor made about it, for the control of the stopping the clamor made about it, for the control of the stopping the clamor made about it, for the control of the stopping the clamor made about it, for the stopping the clamor made about it, for the control of the sto earnest and full of the impelling spirit would drive him onward and always on we might as well quit, until Kentack West Point have tried their own hands United States, under the authority of the late laws. It would be the death knell of slavery and rebellion together. The hope of the nation—are going almost in a body to the srmy, and if the war is to be protracted by the slavery saving policy, tend of thousands of them, the majority of them, will never return. This is a terrible loss for a nation—worse than the loss of money a thousand times. It is a loss it will take generations to repair. We meurn over the loss of the vigorous young men of the nation, and we claim that the Government and the surface and content of the nation, and we claim that the Government of the ready, and mere than compensations and the save these gallant men to their country.
