SATURDAY MORNING, SEPT. 13.

RELIGIOUS INTELLIGENCE.

The *Religious Telescope*, the able organ of the United Brethren, contains an article on "Our Church and Army Chaplains," in which it is stated, while that denomination numbers about one hundred thousand communicants in the loyal States, and thousands of her members and sons have entered the union army, and hundreds have already laid down their lives for their country, (and not a rebel has been found in her pale) and ninety-nine hundredths of her voting population supported Lincoln for President, *not one* of the ministers of that denomination has been appointed to a chaplaincy in the army, though a number have modestly sought such a position.

——The *Morning Star*, a Baptist paper says the Free-will Baptists at present number, it may be, owing to several particular circumstances, but a little more than ten or twenty years ago. Still it will be invariably conceded that they are much stronger than they were at the former periods. System and education, both for the ministry and the membership, have added denominational strength, greater intelligence, a fuller harmony, and new elements of beneficence, are doing more than merely an increase of members.

——Spurgeon's lecture-room is equal to a common church; but the Monday evening prayer meeting and Friday's lecture are held in the main edifice, with an average attendance of 1,500.

——The fifty-third anniversary of the Beaver Baptist Association was held in the West Salem Church, Mercer Co., Pa., August 21st. Rev. G. Donham was appointed Moderator. This Association is composed of 19 churches, numbering in the aggregate 1484 members. The baptisms *are* 68 less than last year. In view of this decrease, the last day of December was recommended as a day of humiliation and prayer. Benevolent contributions somewhat larger than last year.

——Correspondents frequently allude to the good results accomplished by the great religious revivals of 1859 in Scotland, Ireland and Wales. Rev. T. L. Cuyler, writing to the *Independent* from Belfast says:

"In the excellent hotel where I am stopping a notice is posted that religious worship will take place every evening in the dining room. Bibles are found in every chamber." How much better is this than the gambling saloon, the billiard table and the liquor bar. He says of Ireland generally—"The religious advancement of the country is astonishing. Within the last ten years no country in the world has made such vast relative progress. Ireland is now one of earth's sweetest spots, both to the eye of the artist and the christian."

——A New York correspondent writes that with all the liberal bounties and other stimulants, offered as inducements for men to enlist, that Gotham will have to undergo the draft. Meanewhile every imaginable expedient is resorted to by Tom, Dick and Harry to dodge the responsibility. One patriotic individual wrote to Gov. Morgan, urging upon him the necessity of adding newly married men as exempts, inclosing the following sentence from Deuteronomy, chap. XXIV, verse 5, as a Scriptural precedent: "When a man hath taken a new wife he shall not go out to war, neither shall he be charged with any business; but he shall be free at home one year, and shall cheer up the wife he hath taken."

——The Lutherans are increasing in the Western States, but internal dessensions exist on doctrinal questions. It is said many of the ministers who arrive here from Germany refuse to join the General Synod, not considering this body fully sound on the Church question.

——A correspondent of the *Christian Chronicle* propounds the following queries: 1. Is baptism a church ordinance, and may it be administered lawfully by any one out of the church? The editor replies "No, No." 2. Is baptism valid when administered by one who acknowledges sprinkling and pouring, as well as immersion to be baptism, even though he himself has been similarly immersed, and are Baptist churches consistent in receiving members on *experience* who have been thus baptised? Answer of the editor "Yes, Yes."

——The Congregationalists of England and Wales have already raised one hundred thousand pounds as the pecuniary offering of the memorial of Ejected Ministers. Some sixty or seventy of the chapels out of the hundred which were pledged to erect, are already commenced, chapel debts of old standing have been wiped off, new evengelistic agencies have been set on foot, and handsome subscriptions have been promised to aid other praiseworthy objects. Thousands have, as yet, contributed little or nothing to the Bicentenary Fund, and an opportunity will be offered and efforts will be put forth to increase the sum to two hundred thousand pounds.

——The American Board (A. B. C. F. M.) will hold its annual meeting at Springfield, Mass., beginning on Tuesday, October 7, at 4 o'clock.

——We clip the following from an exchange, which shows serious inovations among the Quakers:

There is a rebellion among the English Quakers. The youthful fair of the sect have banded together, in opposition to the poke bonnet and scant skirt. Crinoline of modern periphery now surround their frames, and flowers and ribbons are invading the precincts of the drab. The elders are moved to lamentations, and, through their organ, the *British Friend*, urge plaintive remonstrance. The young men among them are also exciting consternation by joining rifle corps.

——Intelligence from Sweden reports that a Baptist minister has been fined 150 rix dollars for administering the ordinances. Another has been fined 50 dollars for having held Sunday School during the time that the State Church held religious services.

——The Missionary Society of the Methodist Episcopal Church is sending a company of preachers and female teachers—nine altogether—to strengthen their mission in India.

——It is reported nearly all the freedmen of South Carolina are under the ministrations of Baptist missionaries, who derive their support from the American Baptist Home Missionary and American Baptist Publication Societies."

——George Palmer, Esq., of Buffalo N. Y., has recently built a church and furnished it, at his own expense, and made it a gift to a Presbyterian congregation in that city. Its value is estimated at $60,000.

——The origin of Methodist Class Meetings is clearly set forth in the following:

The class meeting originated as a financial measure for raising funds for the liquidation of debts incurred by the erection of preaching houses for the accommodation of Mr. Wesley's people. The collectors, having the members assigned to them from whom they were to obtain a penny a week for the purpose referred to, while calling for this weekly contribution had opportunity to learn respecting any disorderly walk or unchristian conduct on the part of those members, and reported the cases of such as required pastoral attention. This met a want which Mr. Wesley had long felt, of some means of watching over the members of societies so as to ascertain who of them walked disorderly and inconsistently with the gospel. So when those debts were discharged this measure was continued in a modified form and incorporated as an important feature of the Wesleyan movement.

——Several of the proprietary churches of the Church of England have been lent to the officers of the Great Exhibition for the use of foreign evangelical ministers, irrespective of the question of ordination. The authority for such a procedure is questioned, and measures have been taken to test the validity of this action.

——A preacher out in Connecticut where tobacco is getting to be a staple production, in discoursing on cleanliness as being akin to Godliness, remarked that he was of the opinion that Jonah was a nice, wholsome sort of an old man, who neither "smoked nor chewed," from the fact that the whale retained him so *long on his stomach*. "If the fish had swallowed some of the members of this church, or even some of our members, as *pure* as they profess to be, he would have vomited himself to death in less than no time."

COMMERCIAL RECORD.

PITTSBURGH MARKETS.

[Reported specially for the Pittsburgh Gazette.]

FRIDAY, September 12.—The military excitement ran so high to-day that business was almost completely suspended. Quite a number of our business houses were closed in the after part of the day, and this action it is to be hoped will become more general. It does not look fair for one man to close his house, while his neighbor, perhaps, keeps open and goes on with his business as usual. Unity of action is very important on this point.

GRAIN—The market is well supplied with wheat but no change has taken place in prices. We quote prime red and white at $1 40 and $1 45 from store. White sells at 5 5c 10c per bushel higher as to quality. Corn is in better supply and sells at 50c from first hands, and 53 to 55c from store. Old crop oats are scarce and wanted at 46 to 50c from first hands and a shade higher from store. Rye is in demand and scarce at 65 to 66c. Barley has not yet commenced to come in; 70c is offered for prime. Fall.

BAGS—have advanced to $50 per 100, which is 20c per bag less than they now are made for, as cotton is selling at 58c per pound. Gunny bags are in demand and scarce at a slight advance. No change in army sacks.

BACON—There is a fair local demand, while prices remain unchanged. We note sales of 10,000 lbs at 5 to 5½c for shoulders; 6¾c for sides; 9c for plain hams and 11¾@11¾c for sugar cured.

CHEESE—firm with sales of 50 boxes prime W. R. at 8c and 25 boxes Hamburg at 9c.

MEDICAL.

AYER'S CATHARTIC PILLS.—Are you sick, feeble and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangement, Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. Those who know the virtues of those Pills will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in most of the principal cities, and from other well known public persons.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her. ASA HOSKINS.

AS A FAMILY PHYSIC.

From Dr. E. W. Cartwright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

HEADACHE, SICK HEADACHE, FOUL STOMACH.

From Dr. Edward Bopp, Baltimore.

DEAR SIR: AYER: I cannot answer you what complaints I have cured with your Pills better than to say *all that we ever tried with a purgative* will find a place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course values them highly.

PITTSBURGH, Pa., May 1, 1855.

DR. J. C. AYER—Sir: I have been repeatedly cured of the worst headache any body can have, by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W. PREBLE,
Clerk of Steamer Clarion.

DYSENTERY, IMPURITY OF THE BLOOD.

From Rev. J. V. Himes, Pastor of Advent Church, Boston

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

Yours,
J. V. HIMES.

BILIOUS DISORDERS—LIVER COMPLAINTS.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the liver very marked indeed. They have in my practice proved more effectual for the cure of *bilious complaints* than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR,
Washington, D. C., Feb. 18th, 1854.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and do not hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them.

Fraternally yours, ALONZO BALL, M. D.,
Physician of the Marine Hospital.

WARSAW, Wyming Co., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and *purify the fountains of the blood*.

JOHN G. MEACHAM, M. D.

From Rev. Dr. Hawkes, of the Methodist Epis. Church.

PULASKI HOUSE, Savannah, Ga., Jan. 6, 1855.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating *neuralgic pains*, which ended in *chronic rheumatism*. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow but sure. By persevering in the use of them, I am now entirely well.

CONSTIPATION, COSTIVENESS, SUPPRESSION RHEUMATISM, GOUT, NEURALGIA, DROPSY PARALYSIS, FITS, &c.

From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills for the cure of costiveness. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe costiveness to originate in the liver, but your Pills affect that organ and cure the disease.

DYSENTERY, DIARRHŒA, RELAX, WORMS.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in the first rank as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for *worms, dysentery and colic*. Their sugar-coating makes them very acceptable and convenient for the use of women and children.

From Rev. M. Scott, Baptist and Methodist, Boston.

I find one or two large doses of your Pills taken at the proper time, are excellent promotives of the earliest service when wholly or partially suppressed, and also very effectual to *cleanse the stomach and expel worms*. They are so much the best physic we have that I recommend no other to my patients.

BENAIT CHAMBERS, Baton Rouge, La., Dec. 3, '55.

DR. AYER: I have been entirely cured, by your Pills, of *Rheumatic Gout*—a painful disease that had afflicted me for years. VINCENT SLIDELL.

☞ Most of the Pills in market contain Mercury, which, although a valuable remedy in skillful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or anything else injurious whatever.

Price, 25 cents per Box, or five boxes for $1.

Prepared by DR. J. C. AYER & CO., Lowell, Mass. Sold by Dealers everywhere.
