I live in Silgo, at Olinton Hifl, and have been nearly blind in both eyes for nearly four, years. I called on Dr. Keyner about three months age, and asked him to give me directions to the Institution for the Blind in Philadelphia. He told me that I need not go to Fhiladolphia to get well, sa had modified that would cure may as he said my diss as was in the blood. I was treated for it two or inres times in the hospital in this city, and was relisted. but my discass always returned after a month or two after I came out of the hospital. I found my dis-case was returning and I called, by the advice of a good friend of mine, on Dr. Keyser, who me restored my sight, and my eyes are nearly as well as ever, The Doctor gave me "Lindmy's Ricol Searches" and a wash.
