Pittsburgh Gazette. The Peace Democrats are likely to lose heir labor; for the rebels of Norfolkwhich is a sort of neutral ground where

HARD.

SATURDAY MORNING, NOV. 8. men may safely say what they think-say A National Convention. that "while Seymour is as good a man as Circulars have been sent to many promthey could wish to see preside over the Emsuggesting that a great National Mass Con- pire State, he will be utterly powerless to inent citizens throughout the loyal States, conciliate the revolted States, as that is vention be held IN THIS CITY, on the 25th instant, a copy of which, numerously a matter beyond thinking of or talking signed by citizens of Pittsburgh, will be about." found in our columns this morning.

This is a very important movement at tory, and are fervently trust that the true be left out in the cold, and to the tender friends of the Union, in all parts of the mercies of the Abolitionists. The "brethen" refuse to come back to them, and the to encourage the hearts of the men to Black Republicans won't let them go to whese hands, under Providence, the life of their brethren. Verily there has been the Government has been entrusted. The much dirt swallowed for nothing.

Graphic Picture of a Southern Empire--What Would Happen if the Rebels become Independent. object of the meeting is to support them in a vigorous prosecution of the war until the Rebellion shall be put down, and the Govthe Rebels become interpendent The London *Daily News* draws this pic-ture of the character of the South, and the probable consequences which would follow its achievement of "independence": As far as England is concerned, we may ernment set up by the Rebels abolished; and in so doing, to use all the means warranted by the laws of war among civilized men. We understand that in Cleveland

As far as England is concerned, we may judge from the past. Many people say, in excuse for their state of mind about the war, that they detest the Americans. Very well; and what does this mean? It means an association of ideas made up of troubles this circular has been signed by very many of the leading citizens; and that in Philadelphia it has met with a cordial response. We adopt as expressive of our own sentiout search of alavers at sca, and brag ments the following paragraphs from an able editorial leader of the North Ameriabout seated of anatomic, and threats of about the Monroe doctrine, and threats of Canada, and slanders about our oruisers in San Juan and

We adopt as topical and paragraphs from an able editorial leader of the North American States, and shanders about our cruiters in the bullying of the Gen. Harneys, and the states and to our Government. In the forematic and segretation of the generation of the gen

popular respect entirely. Empty and vapid declamation over questions of constitution-al law will gain no battles, save no money, nor put us a jot nearer to the termination of the war. If they be sincere in their pain uniting the whole people in one mass to de-mand in unmistakable terms the more Some of our generals seem never to be weary of calling for men, and these who demand the most make the least real use of them. They deal with human life as though it we were to judge of their nim by its and if we were to judge of their nim by its

demand the most make the least reakings of this as constantion of the same south, imma the action information of information information of i

wot of, who have had learned dust thrown the first Napoleon. We sho wot of, who have had learned dust thrown in their eyes by a set of military pretend-ers and quacks, till they confound pigmies with giants, and shams with realities. We sommend to such good credulous people the

with giants, and shams with realities. We oommend to such good credulous people the following statement of facts: It is now forty days eince the battle of Antietam, and McClellan has just crossed the Potomac. The rebels are proparing to winter behind the Bappahaanoek in per-fect belief that they will not be disturbed? People talk about muddy roads, and cold weather, as if the climate of Virginis was that of Russis! Whoever heard of a great General's being stopped by muddy roads and mountain passes, especially in the mild climate of the Protomac. But we have no great Generals; and that we may form an idea of what one is I will take forty days in the campaigues of Frederick. In September, 1767, Frederick scemed past any relief from human power. France,

have no greak Generals; and that we may form an idea of what one isr I will law we may form an idea of what one isr I will law we may form an idea of what one isr I will law we may form an idea of we may provide the second of the second of the second of the second of the second ingeneration is a second second of the second

the Anstrians. Marching two hundred the Anstrians. Marching two hundred ing Brealau, he was met by the Austrian army, 70000 strong; under Leopold, Count Daun, a general second to very few in meddern history. The ground was a plain mear the village of Leuthen. Some emi-the Austrians had covered their front with the Austrians hat the great feat in the action. By Bryformed a great feat in the action. Details are unnecessary. The Austrians betails are unnecessary. The Austrians were totally defeated. Six thousand were were totally defeated. Six thousand were were total for browners, with 200 pieces. Details are unnecessary. In thousand were were totally defeated. Six thousand were killed and 15,000 prisoners, with 200 pieces of cannon. The battle of Rorbach was fought on the 6th of November. This of Neuthen on the 6th of November. This is the work of forty days in the life of that tick and beautiful country lying in the nighborhood of Layon Teche. This section of Louisiana abounds in sugar, mo-Prederick. We may take it as sufficient marched two hundred miles, and fought the Austrians with an army superior to his own. From Washington to Hishorhood big an army far superior to the camp, who are by no means commanded by great gen-trates. The superior to the camp, who are by no means commanded by great gen-ters.

THE ERGLISH ADMIRALITY is engaged in

erals. I clici this passage of history to illustrate what great difference in results are caused by the character of leaders. There may I to thus, which there are not the times when a reballion is to the put down or a great offinity to based and Keaper, October 1900 THE ERGLISH ADMIRALITY is engoged in the construction of a vessel which is ex-pected, with a fifth of the Warrior's ton-nage, to carry the full thickness of the Warrior's armor, and to solve the problem i of an effective ion case
