Washington, Nov. 11.—The Navy Department has received voluminous despatches from Rear Admiral Farragut, dated Penascola Bay, Oct. 15th. After stating that Galvestveston, Corpus Christi, and Sabine City and the adjacent waters, are now in our possession, he says that a short time ago he went down the coast of Texas, Acting Volunteer Lieutenant J. W. Kittredge, with the bark Arthur, the little steamer Sachem, and a launch, with which force he said he could take Corpus Christi, and the waters adjacent, whence we heard of so many small craft running to Havans. He succeeded very well—took the places, made several appurers, and compelled the enemy to burn several of their vessels. But on one occasion, venturing on shore with his small boat, he was surrounded and taken prisoner, and carried to Houston, where they paroled him on condition that he should go North, and not serve until regular-ly control of the White House, to-day, from the Soldiers.
