Had the democrats been true to the principles of democracy, the slaveholders' rebellion could never have happened; and were they now lead to the principles of the democracy, the slaveholders' rebellion could never have happened; and were they now to return to the faith of the fathers of that party, that rebellion could not be maintained three months. The bondmen or serfs of Russia are becoming free with great rapidity under the strong but just and beneficent rule of the occasioned by the struggles of the Church present Cxar.
