LOCAL INTELLIGENCE.

From Yesterday's Evening Gazette.

The Pilots of the Queen of the West —Alleged Disloyalty.

"Mack," the correspondent of the Cincinnati *Commercial*, who was aboard the Queen of the West when she fell into the hands of the rebels, states that Mr. Thomas Garvey, a well known pilot of this city, was at the wheel when the ram grounded. He contradicts the story about the rebel pilot, Woods, having betrayed the officers of the ram; but it appears that Garvey has been ordered under arrest by Col. Ellet, and will likely be tried by court-martial. The correspondent says:

In my narrative of the capture of the Queen of the West, I omitted to mention that one of the pilots of the boat, Mr. Garvey, from Pittsburgh, was placed under arrest, while we were returning in the Era, for alleged disloyalty. He was at the wheel when the ram grounded near the fort, but I feel confident that he did not intentionally run us ashore. He had told Col. Ellet that he knew nothing about the Red river; had never been in it in his life. Subsequently, while we were making our escape up the Mississippi, Garvey endeavored to "hug the shore" with the Era, so as to keep her out of the rapid current, and make better headway than she otherwise could, and we again grounded. Col. Ellet then ordered Garvey under arrest, and I understand he will be tried by court-martial.

George Woods, a rebel Memphis pilot, whom Colonel Ellet impressed from the Era, told the rebels at Fort Taylor that he ran the Queen aground, and claimed great credit for so doing. The fact is Woods was too badly frightened to do any thing of the kind intentionally. I saw him just before we were "blown up," crouched behind a bale of cotton, the worst scared man I ever beheld. The last I saw of him was when we were both in the water, he swimming for the shore, and I vigorously "striking out" for a bale of cotton near-by.

Vaccination and Re-vaccination.

The fact that many persons previously vaccinated have of late years taken the small-pox, is attracting much attention among physicians. The number of these cases is said to be increasing, and many die from small-pox who have been once vaccinated. Still it is not questioned that the safe-guard may be made perfect by repetition. The most important fact, however, brought to light during the last four years is, that the presence of an atmosphere impregnated with the small-pox influence will, as it were, neutralize the protection usually afforded by vaccination. It will, for instance, produce such a change in the system of those exposed to it, that vaccination, on being repeated, will take fully and thoroughly again where a few months or weeks before (or, probably, afterwards,) it would have made no impression on the system. The presence of the disease in the atmosphere seems to destroy or suspend the protecting power of the great antidote. In many of the towns in the interior of this State, whole families have been vaccinated over again, and in nearly every member it took. In one case, a child seven years old, vaccinated in two places for the second time, where the first was known to have taken thoroughly in infancy, had afterwards two of the most perfectly formed scabs ever seen. In six members of that family the vaccine matter took, and only did not take again in the youngest, one of five years old and the other three. It is the remark of the oldest physicians that the proportion of cases where it now takes a second time is greater than they ever before knew. This is a sign that it ought to be repeated in every family, and far more frequently and carefully than has thus far been considered necessary.

Coal.

The coal troubles don't seem to be over yet. The diggers are out again on a general strike for four cents, and the proprietors say it is a matter of indifference to them, if the people are willing to stand the raise and pay the advance. Then, we see that an act has been passed in the Legislature which will greatly limit the supply. It has been for a long time the object of parties owning coal *fronting on rivers and railroads* to prevent others owning coal behind them from getting out without paying fabulous prices for the privilege; and to destroy this monopoly the lateral railroad act of 1832 was passed, and has been of incalculable benefit to the public. But the act just adverted to makes it unlawful to locate a lateral railroad *"through or upon any coal vein or drift* owned by another person, and *already opened* or in actual use by the owner or his lessee." Now, there is not a tract or farm of coal land in the county but has long ago been opened by the owner. Not a farmer but has his coal vein opened and in *actual use*, and, therefore, no lateral railroad can cross his premises or be laid out through his coal from that of his neighbor to the river or railroad. Would not the better belief be to render this invaluable mineral cheap and abundant, instead of laying restrictions upon it? Our hills are full of that which ought to make us prosperous, if we are not debarred from its use by foolish legislation and unlawful combinations among operatives and proprietors.

Escape of Adam Oxenhart.

Some weeks since we had occasion to notice the arrest of Adam Oxenhart, butcher of Wylie street, on a charge of incestuous adultery. The allegation against the accused was most revolting in its character, as the prosecutrix was a mere child, and his own step-daughter. He was held to bail by Alderman Nicholson, and secured his surety (Mr. Vogle) by a tight mortgage. Lately, however, his bail heard that he was making preparations to leave, and was disposing of his property for that purpose. Mr. Vogel at once used a bail-piece, which was placed in the hands of officer Smith, of the Quarter Sessions. The warrant was served on Oxenhart, at his shop on Wylie street, but under pretense of going back to look after his horse he played the officer the slip and got away. This occurred on Tuesday.

On Wednesday officer Herron was dispatched to East Liberty, where he found Oxenhart engaged in playing dominos in a beer saloon. He took the defendant into custody, but was not able to keep him. Oxenhart is a powerful man, while the officer is rather spare of muscle. The consequence was that the officer shoved the representative of the Commonwealth aside and walked off, promising to come into town and give himself up. He has not kept his promise, and the belief is that he has fled from the city to escape trial and punishment for his heinous crime.

Laughing Gas and Chemical Experiments.

Dr. J. H. Lillie gave his first exhibition at Masonic Hall last evening to an appreciating audience of our first class citizens. The hall was well filled. His chemical experiments were beautiful, and his lecture, (illustrative, of the hidden law that control matter) clear, and rendered in a style well calculated to instruct and please any audience. His experiments with the Laughing Gas afford the most pleasing novelty imaginable. About twelve gentlemen inhaled the Gas, and we challenge the most strait-faced, sober-sided member of the community to witness its effects on those who breath it without yielding to the most delightful convulsions, of which the human frame is susceptible. Its effects are of a few moments duration, and never leave any unpleasant sensations. It is really as harmless as the air in which we live. Dr. L. will give another entertainment this evening; also on Friday and Saturday evenings, and Saturday at three P. M., for ladies and schools.

The Good Intent Fire Company.

A meeting of this company was held on Wednesday evening, to take steps towards securing a Steamer and obtaining the position of the sixth steam engine as provided for under the late ordinance. Resolutions were adopted, declaring the ordinance passed by Councils "limiting the number of engines and locating the same" a wise measure, calculated to secure an efficient fire department and afford equal protection to all parts of the city.

Messrs. James Blackmore, Jared M. Brush, Wm. Collingwood, John Harper and Dr. A. G. McCandless were appointed a Committee to collect sufficient funds to purchase a Steamer, and to make all the necessary arrangements for carrying out the object in view.

The members of the Company were urgently requested to render all necessary aid and encouragement, and the President was instructed to notify Councils of the action of the meeting.

THE WESTMINSTER REVIEW FOR JANUARY.—It is only required to transcribe the table of contents, to show our readers that the *Westminster*, this month, discusses several subjects of living and general interest:—English Convicts—what should be done with them; The Literature of Bohemia; Bishop Colenso on the Pentateuch; Les Miserables; Indian Annexations—British Treatment of Native Princes; The Microscope and its Revelations; Greece and the Greeks; M. Ratizzi and his Administration; and the usual excellent and interesting critical analysis of contemporary literature, which is one of the features of the *Westminster*.

Published by L. Scott & Co., 38 Walker street, west of Broadway, New York; and for sale by W. A. Gildenfenney, 45 Fifth street, Pittsburgh.

LARCENY.—Jacob Bats was committed to jail to-day by Alderman Donaldson, charged with the larceny of a wheelbarrow, on oath of W. J. Backhouse.

FRAUD.—Charles Miller has been committed to jail, charged, on oath of Jos. Rutledge, with fraud.

LATE TELEGRAPHIC NEWS.

[FROM OUR EVENING EDITION.]

The Decline in Gold.

NEW YORK, March 5.—Gold is now selling at 50, and still declining.

The decline in gold again upset all the markets. Flour, wheat and corn dull, and nominally lower. Pork and lard dull. Whisky is nominally lower. Freights favor the shippers.

Gen. Wool at Providence, R. I.

PROVIDENCE, March 5.—Gen. Wool was greeted on his arrival to-day by a large throng, and a salute was fired. He visited the State House and addressed each branch of the Legislature. He has gone by steamer to Newport, and will return to-night.

COMMERCIAL RECORD.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH DAILY GAZETTE, THURSDAY, March 5, 1863.

Coin continues excited and unsettled, and it is impossible to give reliable quotations. Gold had declined to 150 in New York, according to our dispatches of to-day, but it subsequently rallied and advanced to 156.

The decline in Gold has caused considerable excitement in the produce market, and no transactions in any of the leading articles need be looked for until financial affairs assume a more settled aspect.

BACON—Is in a continued state of local demand, and we note sales of 12,000 lbs at 6c for Shoulders, 7¾@8c for Sides, 8¾@8¾c for Plain Hams and 9¾@10c for Sugar Cured. Lard is firm, with sales of 1,000 lbs Country at 10@10¼c, and 7 bbls City Leaf at 11c.

FLOUR—Is dull and depressed, while as yet there is no change in rates. The tendency, however, is downward. We continue to quote Extra from store at $6 5-6@7 and $7 00@7 50 for extra family. Sale of 50 bbls Family, "Star of the West," at $7 35. Rye Flour is nominal at $5 00.

GRAIN—Wheat is firm with small sales from first hands at $1 42@1 45 for Red, and $1 45@1 50 for White. Corn is quiet at 80@85c. Rye has advanced to 90@95c from first hands. There is a good demand for Oats, and the market is firm at 62c from first hands, and 65c from store. Barley may be quoted at $1 15 for Spring from wagon, and $1 20@1 22 for Fall.

GROCERIES—There is still but little inquiry for groceries, though rates remain unchanged. We note small sales at 12@13c for Sugar, 31@35c for Coffee and 55@58c for Molasses.

DRIED FRUIT—Firm but unchanged. Sale of 57 bush Peaches at $3 45@3 50, and 30 bush Apples at $1 87½@1 90.

FISH—Sale of 5 bbls No 3 Large Mackeral at $10; 10 half bbls White Fish at $6 00 to 7 50, and 25 half bbls Lake Herring at $5 00.

CHEESE—Is very firm, with sales in lots of 125 boxes prime Selected W R at 14c, and 25 boxes Goshen at 15c.

BUTTER & EGGS—Butter is nominal at 13@14c for Packed, and 22@23c for Roll. Eggs may be quoted at 18@19c per dozen.

POTATOES—Good qualities are firm at $3 00 per bbl, or $1 per bush.

ONIONS are firm—sell readily at $3 75 for common, and $3 00 for prime.

The Oil Market.

MARCH 5.—The receipts of Crude Oil continue light, reaching only 1,480 bbls on Wednesday, and the market is very firm, and prices are fully maintained. We quote at 8½@8¾c in bulk and 14@14½c in bbls. There appears to be a better demand for Oil in bulk than in barrels, for the reason that it is less expensive in handling. In many cases where refineries are located near the river bulk Oil requires little or no draying. The sales reported on 'change were: 237 bbls at 14½c, delivered on the wharf; 100 bbls at 10c, bbls returned; 127 bbls at 14¾c, delivered on the wharf; 200 bbls at 14c, 87 and 200 bbls at 9½c, bbls returned, and 250 bbls at 9½c, bbls exchanged.

Refined is firm but unchanged, good standard brands being still held firmly at 30c, in bond, and 40c free. Outside brands may be quoted at 28@29c.

Benzine is firm, with a good demand and but little in market. We quote in the absence of sales at 45c for deodorized.

New York dispatches to the Oil Exchange, under date of March 4th, quote Crude at 12@13c, Refined at 37@40c, in bond, and 42@44c, free, and Naphta at 52½c.

Allegheny Live Stock Market.

ALLEGHENY, March 5.—At the opening of the market on Tuesday, both buyers and sellers looked for a depression in prices and slow sales, and this was actually the case for a short time. Buyers soon found, however, that a slowness would not submit to any reduction below last week's sales; and if they bought at all, they would have to pay at about former rates for good qualities, which were not plenty, and many more might have been sold at somewhat prices had they been here. There is no doubt had the stock been in other hands than the regular dealers, a decline would have been the result.

The stock, on the whole, were not as good as last week, the bulk of the offerings being only in good feeding order. There were some very good lots came in too late for market, which, had they arrived in time, would have sold readily, and would have been very acceptable to the butchers. Some cattle were sold to government buyers, but only at low prices, $3 00 to $3 70 being the extremes of the market for this class stock, with very little demand.

There was a light demand for small stock cattle, but only at low figures. About 100 head sold at 3½ @3¾c, which appears like low prices at this season of the year, and we advise our country friends to keep such cattle at home, and let them see some more grass.

H. A. Merrick had again this week in market a large Ohio steer, bought from and fed by J. Coonsie, of Columbia, Ohio, weighing 2,300 lbs here. Mr. M. sold him to a butcher from Latrobe, Pa., for $280. No doubt the people of Latrobe will appreciate their butcher's kindness in giving them such a treat.

The following are the current quotations for the different grades of cattle:

	$	₵
Premium	6	@7
Extra	5½	@6
First quality	5	@5½
Second quality	4½	@5
Third quality	3½	@4
Inferior	2	@3½

Below will be found the number of cattle sold at the different yards, and the States they were from.

Missouri	73
Iowa	78
Illinois	133
Indiana	357
Ohio	73
Pennsylvania	335
	91
Total number sold	1049

The number sold last week was 978 head, being 71 head less than this week, but we think there were many more pounds of beef in the same number of cattle last week than this. We do not know when we have seen so many good cattle in as there were last week, and surely we have not seen this winter so few good ones as this week.

We name the most of the leading sales, which can be relied on as being strictly correct:

J. Mallick, 20 head of pretty hard cows and heifers, retailed at 5@5¾.

S. Busey, 92 head of Iowa steers, looked as if they had seen more corn than many lots which come here, sold for $4 30 ₩ cwt.

J. Orr, 19 head of fair, small Ohio steers, sold at 3@4c.

Weis & Co., 67 head of fair Illinois steers, sold at 5½@5¾.

Marks & Co., 60 head of good Missouri cattle, sold at an average of $4 40 ₩ cwt.

Hyman & Co., 94 head of fair Illinois steers, weighing 1,100 lbs each, wholesaled at $3 85 ₩ cwt.

Dunn & Co., 120 head good Western cattle, little rough, but in good flesh, wholesaled at $3 80 ₩ cwt.

Moorce & Co., 85 head of small Ohio stock, not very good, sold at 3½@3¾c.

Greenawalt & Co., 70 head of good Illinois stock, retailed at 5½@5¾c.

Greene & Co., 40 head, a mixed lot, retailed at 3¾ @4½c.

A. Fordice, 15 head of Pennsylvania stock, retailed at 5@5½c.

J. Hill, 17 head of fair cattle, sold at 5½@4.

H. A. Merrick sold 87 head light Ohio stock for S. Buttermore & Co., at 3¾@4c; also, 19 head of Ohio stock for J. G. Smith, at 4@4½c; also, 16 head ditto, for Lemon for Myers at 3¾@4c; also, 15 head of small Ohio stock for Dixon & Co. at 3½@4c; also, 15 head of Ohio stock for Ira Brainard at 3¾@4c, and 20 head on his own account at 3@4.

J. Morgan, 20 head of Ohio steers, a mixed lot, sold at 5@5½.

J. Burns, 50 head of good Ohio steers sold at $45 ₩ head, or about $4 30 ₩ cwt.

J. Staley, 20 head, a mixed lot of Pennsylvania stock, retailed at 3½@4.

A. J. Crawford, 20 head of small stock, sold at 3@4.

Trautman & Co., 70 head of good Western stock, the best in market; retailed at 4@4½.

Guckenheimer & Co., 40 head of good Illinois steers sold at 4@4½.

Myers & Bro., 75 head of good cattle, retailed at 3½@4½; and 40 head of stock cattle at 2½@3c.

Robt. Heathhouser, 24 head, a mixed lot, retailed at 3@4½.

HOGS.

There is but little change in this class of stock since our last report. The receipts continue very light, and the market is firm at prices ranging from 4½@5 to 5¾ for common grades, and 5¾ to 6 for prime heavy.

SHEEP

Still continue to rule high, and all that are offered are taken readily at 5@6 ₩ lb, the latter figure only for strictly prime.

Alex. S. Macrae's Oil Circular.

LIVERPOOL, Feb. 4, 1863.

Remarks—The transactions during the past month have been very large, though prices of refined in particular, have, as will be read below, been very capricious. The accounts from all directions continue to show extraordinary development, and Petroleum in every form attracts universal attention.

The large number of Refiners that are commencing in this country suggest the query as to whether they will be able to distil to compete with the Americans or not. The scope is so great, the demand so general, and public criticism becoming so correct; that it must be admitted that where there is real merit, appreciation will be found for both. At present, however, the American refining is so incomparably superior to the British, as to leave the former in absolute possession of every market in Europe.

Crude—January American found nominal at 42l to 43l, since which gradually lowering prices were accepted until we reached 41l 10s, under which there are good buyers now.

The same date found Canadian nominal at 41l 10s, but 1l also gave way, and even 41l was accepted. The nearest quotable price to-day, 41l 10s.

The sales of both kinds for the month about, 4,000 casks.

Refined—The new year found the best quality current at 2s 3d. Advices of large shipments being made dulled the market to 2s, which dullness was further accelerated by some holders determining to sell, with a prospect of a spring or summer replacement. Large transactions took place, even as low as 1s 9d, when buyers coming in very spiritedly, a reaction again to 2s resulted. There was little premanency in the advance, and the market became unsettled. Pending the arrival of the "Cheshire" and the "Adelaide," is 11d to 1s 9d were again accepted; but on those vessels turning up, and their respective cargoes coming to the two ablest holders, prices at once advanced to 2s and 2s 3d, with large sales at the former, retail sales at the latter. The end of the month sees prices once more at 2s, and at this date there is a strong drooping tendency, with great cessation of demand.

Spirits of Petroleum—Has been very active, and is in good inquiry, and every symptom of a large spring business.

Wax—Two or three parcels of Pressed White are for sale this week, the value of which is 9d to 10d per pound.

Lubricating Oils—Some consignments to hand, of which more again.

RIVER INTELLIGENCE.

The river is still receding slowly at this point with scant nine feet by the marks last evening. The weather yesterday was very pleasant, and exceedingly favorable for operations at the wharf.

There has not been a single arrival since Wednesday. The Fred. Lorena, from Louisville, and the Argonaut, from St. Louis, are both due. The latter boat will doubtless be found at the wharf this morning. She passed Cincinnati on Tuesday for this port.

The Argosy left for Louisville last evening with a fair freight list, and quite a number of passengers.

The Navigator was sold at Cincinnati, on Monday, to Gen. David Gibson for $25,000. We should call this a pretty good price for a freight boat, which sold last fall for $20,000.

The hull for Capt. James McDonnell's new boat arrived at the wharf yesterday. Dimensions—one feet beam, 5 feet hold, 157 feet on deck. Of the numerous steamboats built at our city during the last year, perhaps it would be difficult to discriminate as to quality, all being so nearly of this class, but if it is possible to arrive at perfection, we doubt if it can be more closely attained than in the above. For lightness of draught, capacity and convenience, an examination will only be necessary. Capt. McD. will complete his boat at Cincinnati, and we respectfully solicit a visit and rigid scrutiny from the mechanic below. The hull for Capt. Brennan's new boat will be completed within the next two weeks, and as she was designed and arranged by Capt. McDonnell, we may look for something genteel.

Several steamers were taken at Cincinnati on Tuesday for government service. One of the number, the William Wallace, was subsequently released for repairs.

The Starlight, Capt. Vanhook, will positively leave for St. Louis and Keokuk to-day at noon.

The J. B. Ford, Capt. Coffman, is the next boat for Cincinnati and Louisville, leaving to-morrow morning.

Markets by Telegraph.

NEW YORK, March 5—Noon.—Cotton has declined to 57c. Flour dull and nominal; sales 5,500 bbls at $5,80@7,00 for State, $7,05@7,60 for Ohio, and $7,10 @7,40 for Southern. Wheat dull and nominal; holders are withdrawing from market; Chicago Spring, $1,03@1,04; Milwaukee Club, $1,05@1,08; Red, $1,74 @1,76. Corn dull and nominal at 80@87c; unsound 83@84c. Provisions dull and nominal; quotations unaltered. Whisky dull and nominal at 46@47c. Wool: sale of 4,000 lbs of choice Ohio fleece at $1,05, the highest price ever obtained.

Receipts: Flour, 10,674 bbls; Wheat, 400 bushels; Corn, 800 bush. Freights are in favor of shippers.

Sterling Exchange is nominal at 70 per cent. premium; Gold, since the Board, is quoted at 156½. Stocks are lower; Chicago and Rock Island, 91¾; Cumberland Coal, 19¾; Illinois Central Railroad, 91¾; Illinois Central, 125; Michigan Southern, 59½.

PHILADELPHIA, March 5.—Breadstuffs are very dull to-day in consequence of a decline in Gold, and prices are drooping; small sales of flour at $6@6 25 for superfine; $7@7 25 for extra; and $7 50@8 for extra family. There is nothing doing in rye, flour or corn-meal. Wheat declined to $1 70, and white at $1 80@2. Rye commands $1. Corn quiet, and selling in a small way at 87@88. Oats sell freely at 65c. Provisions held firmly; small sales Mess Pork at $16 @16 50, hams in pickle at 8½@9c; sides at 6½c, and shoulders 6½@6¾. Lard firm at 12c. Cloverseed quiet at 5½@5¾; timothy at 2, and flaxseed at 3. Whisky declined to 53, and drugs to 50c.

BALTIMORE, March 5.—Flour—Ohio extra, 7,87½@ 8. Wheat dull at 85@86c for white, and 73@74c for red. Corn dull and heavy at 94@95 for white, and 90@97 for yellow. Whisky dull and depressed, sales at 50c.

PROPOSALS.

TAKE NOTICE.—Sealed Proposals will be received by the undersigned until SATURDAY, March 14th, for building a School House in the Borough of McKeesport.

The building to be of Brick, 60 by 66 feet, three stories high, to be finished with Furniture Seats, and to be finished on or before October 1st, next.

For plan and specifications call on G. G. MILLER or LEWIS MILLER.

The Brick, Joist and Roof Timbers, Stone and Sand, Window Frames and Sash, Window Sills, Door Sills, Range Corners outside, Door Frames, and 11,600 feet of Pine Boards are on the ground—the contractor to furnish the rest.

PAYMENTS—Two-third when the article is signed; one-third when it is under roof, and the balance when completed.

By order of the Board.

mh4:6t S. H. STEWART, Secretary.

PROPOSALS TO COAL DEALERS.—Proposals will be received at the office of the Water Works up to MARCH 9TH, for COAL for one year, to commence on the 1st of April, at a permanent price, or on the sliding Scale. One third Nut Coal, and the balance in good merchantable Coal. For further particulars enquire at the office of the Water Works.

JOSEPH FRENCH, Supt.

mh3:6d

DECEMBER LIST U. S. EXCISE TAX, has been received at the Office of Internal Revenue for the 23d Collection District, Pa., and the tax is now due.

Parties who have not paid their October and November assessments are hereby notified that the 10 per cent. will in all cases be added to the tax, where the requirements of the law have not been complied with.

The tax for December must be paid within ten days after notice, to escape the penalty.

DAVID E. WHITE,
Collector of the 23d District, Penn'a.
OFFICE, WATER STREET, next door to the City Treasury, Allegheny.

mh4

PRODUCE—
100 bbls. Extra Family Flour, white Wheat;
50 do prime White Beans;
50 do Green Apples, (selected);
50 do Dry Apples;
50 do Dry Peaches;
5 do Real Butter;
60 bush. Cloverseed;
30 do Timothy Seed;
20 bbls. "Woerll proof" Wheat;
For sale by WM. A. BECK & CO.,
Wholesale Grocers, 135 Liberty street.

Together with an assorted stock of Teas, Sugars, Coffees, Fish, Spices, Soap, Candles, Dandelion Coffee, Molasses, Syrups, Window Glass, Nails, Tobacco —in caddies, kegs and boxes, Washboards, Tubs, Wooden Buckets, Sacks, &c. mh3

PRODUCE.—150 bush. Dried Peaches;
3 bbls. Onions;
200 bush. Oats;
20 bags Lard;
5 bbls. Dried Apples;
To arrive and for sale by
J. S. DILWORTH & CO.;
mh5 180 and 182 Second street.

SUNDRIES.—
40 bush. prime Clover Seed;
10 do do Timothy Seed;
200 do do Dried Peaches;
2 bbls. Dried Cherries;
5 do choice Cider;
50 boxes Hamburg Cheese;
In store and for sale by CHAS. G. BALDWIN,
mh5 No. 179 Liberty street.

ITALIAN OLIVE OIL, fresh importation, in pints and quarts, for sale by
JOHN A. RENSHAW,
mh4 corner Liberty and Hand streets.

LARD OIL.—100 bbls. No. 1 winter strained Oil on hand and for sale by
JAS. DALZELL & SON,
mh3 69 and 70 Water street.

STEAMBOATS.

FOR CINCINNATI & LOUISVILLE.—The fine steamer J. R. ROBB, Capt. Coffman, will leave for the above and all intermediate ports on SATURDAY, 7th instant, at 4 o'clock p. m.

For freight or passage apply on board or to
J. S. LIVINGSTON & CO.,
mh6 Agents.

FOR CINCINNATI, LOUISVILLE AND ST. LOUIS.—The new and elegant steamer ARGONAUT No. 2, Capt. R. Heathhouser, will leave for the above and intermediate ports on WEDNESDAY, 7th inst., at 4 p. m.

For freight or passage apply on board or to
J. B. LIVINGSTON & CO., Agents.
mh6

FOR CINCINNATI & LOUISVILLE.—The fine new steamer NELLIE ROGERS, Captain Gould, will leave as above on MONDAY, 9th instant, at 4 p. m.

For freight or passage apply on board or to
J. B. LIVINGSTON & CO.,
mh6 JOHN FLACK, Agents.

FOR SAINT LOUIS AND KEOKUK.—The new and light draught steamer STARLIGHT, Captain ——, will leave as above on THIS DAY, the 6th instant, at 4 o'clock p. m.

For freight or passage apply on board or to
J. B. LIVINGSTON & CO.,
mh2 JOHN FLACK, Agents.

FOR DAVENPORT, DUBUQUE AND SAINT PAUL.—The new and splendid Northern Line packet DAVENPORT, Capt. H. O. Gray, will leave as above on WEDNESDAY, March 30th, and will positively go through as advertised.

For freight or passage apply on board or to
J. B. LIVINGSTON & CO.,
mh5 S. C. GRAY, Agents.

FOR DAVENPORT, DUBUQUE AND SAINT PAUL.—The Northern Line packet steamer FIELD ANDERSON, Capt. L. H. Mason, will leave as above on WEDNESDAY, March 18th, at 4 p. m.

For freight or passage apply on board or to
J. B. LIVINGSTON & CO.,
mh5 S. C. GRAY, Ag. ents.

REGULAR WEEKLY KANAWHA PACKET.—The new and beautiful passenger steamer KANAWHA, Capt. Monroe Ayers, leaves Pittsburgh for Kanawha Falls every TUESDAY, at 4 o'clock p. m. Returning, leaves Kanawha Falls EVERY FRIDAY, at 8 a. m.

For freight or passage apply on board or to
J. H. LIVINGSTON & CO., Agents, Pittsburgh.
H. S. PIERCE & CO., Agents, Kanawha Falls.
mh7

THE FINE PASSENGER steamer MINERVA, Capt. John Gordon, leaves Pittsburgh for Wheeling every MONDAY, THURSDAY and SATURDAY, at 11 a. m. punctually. Leaves Wheeling for Pittsburgh every MONDAY, WEDNESDAY and FRIDAY, at 5 p. m.

The above steamer makes close connections at Wheeling with the side-wheel steamers for Marietta, Parkersburg and Cincinnati.

SEWING MACHINES.

WHEELER & WILSON'S

SEWING MACHINES,

No. 97 FIFTH STREET,

PITTSBURGH, PA.

These UNRIVALLED FAMILY MACHINES have just been awarded the highest premium at the WORLD'S FAIR, London—all the Machines in the world competing.

Over 100,000 have already been sold, all giving universal satisfaction.

This Machine makes the lock stitch impossible to unravel, with the essential advantage of being alike on both sides, forming no ridge or chain. It will quilt, stitch, hem, fell, gather, bind, cord, tuck and braid.

The elegance, speed and simplicity of this Machine, the beauty and strength of stitch, and adaptability to the different varieties of fabric render it the most SUCCESSFUL AND POPULAR SEWING MACHINE now offered to the public.

WARRANTED THREE YEARS.

Call and examine them, at No. 97 FIFTH STREET.

Caries of the Bones.

TOGETHER WITH ALL OTHER DISEASES HAVING THEIR ORIGIN IN A DEPRAVED CONDITION OF THE BLOOD OR CIRCULATORY SYSTEM.

CASE OF DANIEL A. BOYD.

PITTSBURGH, December 31, 1861.

DR. G. H. KEYSER:—I take pleasure in making this voluntary statement in favor of a medicine prepared by you called "KEYSER'S BLOOD SEARCHER." I had suffered for five years with Scrofula, which broke out on my head and forehead so as to disfigure me very much, and took off the hair where the disease made its appearance; it also broke out on my arm above and below the elbow, and ran into the skin and flesh so as to expose a fearful sore. The disease on my head went so far that several small pieces of bone came out. I was very weak and low spirited, and had given up all hope of ever getting well. I had tried several skillful physicians and got no good. In September last, 1861, I was induced to try "KEYSER'S IMPROVED BLOOD SEARCHER." I must confess I had no faith in patent medicines, but after I had used three bottles of Blood Searcher, the ulcers on my head and arm began to heal. I have now taken eight or ten bottles, and my head and arm are entirely well except the scars remaining from the sores. I will also state that I had the rheumatism very bad in my arms and legs. The Blood Searcher also cured the rheumatism. I am now a well man, over forty years of age, and I feel as supple and young as I did when I was twenty, and have increased in weight twenty pounds. I would also state that the disease in my forehead was so bad that when he stooped and lifted anything heavy, the blood run out of the sores. Dr. Keyser had a photograph taken of me by Mr. Carge, the artist, after I began to get well. It does not show my appearance quite so bad as it was before I commenced taking the medicine. You can see the photograph, one of which is now in my possession, and also at Dr. Keyser's, 140 Wood street. I would also state that I took the Blood Searcher which was made before Dr. Keyser commenced making it. Although it helped me some, I did not recover fast until I got the kind made by Dr. Keyser himself. One bottle of his did me more good that two of the old. I believe it is a great deal stronger and better. I have recommended the Blood Searcher to a great many of my friends for various diseases, and I believe it has helped the whole of them. You may publish this if you wish, and I am anxious that all who are afflicted as I was may be cured. I live in this city, No. 4 Pine street, and am employed at Colville & Anderson's Union Marble Works, 54 Wayne street.

DANIEL A. BOYD.

A BLIND MAN CURED.

I live in Sligo, at Glaton Hill, and have been nearly blind in both eyes for nearly four years. I called on Dr. Keyser about three months ago, and asked him to give me directions to the Institution for the Blind in Philadelphia. He told me that I need not go to Philadelphia to get well, as he had medicine that would cure me, as he said my disease was the blood. I was troubled for it two or three times in the hospital in this city, and was relieved, but my disease always returned after a month or two after I came out of the hospital. I found my eyes sore when returning and I called, by the advice of a good friend of mine, on Dr. Keyser, who was restored my sight, and my eyes are nearly as well as ever. The Doctor gave me "Lindsey's Blood Searcher" and a wash.

DAVID KINNOLLY,
Pittsburgh, July 5, 1861. Glaton Mills, Sligo.
Witness—R. F. M'ELROY, Anderson street, Allegheny City.

A BAD SORE LEG CURED.

PITTSBURGH, September 16, 1861.—I hereby certify that I have had a sore leg for over a year. It was covered with sores and sores on that I could not work for nearly a year. My leg swelled so that I was unable to do anything for a long time, for at least six months. I often several of the best doctors in the city, but without any benefit; finally I called on Dr. Keyser, at No. 140 Wood street who only attended me about two weeks, and gave me two bottles of his medicine and I am now entirely well and have attended well for six months. I am employed at the Eagle Engine House, on Fourth street, where any one can see me.

THOMAS FARRELL.

Be careful to get the right kind, as there is a counterfeit in the market.

Dr. GEO. H. KEYSER
