Mason Jones.

The Lecture Committee, we are informed, had a written engagement with Mr. Jones' agent for two lectures, on the 10th and 13th, but from some cause unknown to the committee he failed to come. The committee expect some explanation, which will be made public immediately upon its receipt. Persons holding tickets for Friday evening's lecture will call at the Library, corner of Penn and St. Clair streets, and the money will be refunded.

Not so Bad as Reported.

From reliable information received yesterday evening, in regard to the quantity of oil destroyed, we are led to believe that the loss is not so great as at first estimated. The following figures we obtained from a source which we deem perfectly reliable, and which will be found to be as near the actual loss as can be possibly ascertained:

Richardson, Harley & Co.	368 bbls.
Painter, Lauffer & Co., for King & Pennock	721 "
Duncom's oil, for King & Pennock	352 "
Schmertz & Bleakley	218 "
Hitchcock & McCreery	100 "
Total	1739 bbls.

This includes bulk and barrel oil. The bulk boats of Messrs. Schmertz & Bleakley, containing all of their oil except the 218 barrels mentioned above, were cut loose, and safely landed at the mouth of Saw Mill run. This is a reduction of nearly 3,000 barrels on what was originally supposed to have been the loss. Our first figures were obtained from parties whose information we deemed reliable, and hence their publication.

GREAT IMPROVEMENT.—The lecture at Masonic Hall last evening was one well worthy the attention of all lovers of eloquence and patriotism. It was one suitable to the occasion and subject. With this valuable addition to the strong attractions previously offered, we will not wonder to see hundreds nightly turned away for want of room. This is no improvised exhibition designed to attract the public for the moment, but is really a production of great merit, in which the more striking scenes and situations in the great rebellion are effectively portrayed. Ladies remember the matinee on Wednesday afternoon. Children 10 cents and ladies 15.

SPECIAL TRAIN.—The Pennsylvania Central railroad will run a special train on their road on Tuesday evening, April 21st, for the accommodation of persons wishing to attend Mr. C. Tetedoux's concert for the benefit of the Subsistence Committee.

SPECIAL LOCAL NOTICES.

GROVER AND BAKER'S SEWING MACHINE, for family and manufacturing purposes, are the best in use.

CHEAP CLOTHING AND WHERE TO BUY THEM. —The enterprising firm of Wm. H. McGee & Co., merchant tailors, corner of Federal and Diamond square, Allegheny, being fully aware of the extraordinary advance in Spring goods, have purchased last fall a beautiful assortment of cloth, cassimeres, vestings, &c., and they are now ready to open their Spring trade with superior articles, at greatly reduced prices. They will sell their goods by the yard if desired, and as they keep constantly on hand a large supply of ready made clothing, customers can be accommodated on demand, or have a neatly fitted suit to order. The work is all done under their supervision, and always warranted to purchasers.

FASHIONABLE CLOTHING.—Our affable young friends composing the firm of John Weier & Co., Merchant Tailors, No. 126 Federal street, Allegheny, have just opened the most extensive and reasonable stock of spring and summer goods ever exhibited west of the mountains, comprising some of the most beautiful French and American Cassimeres, Cloths, Cashmeres, Marseilles, &c., &c., to be found in the eastern market. This enterprising firm has also a very large assortment of the latest styles of furnishing goods, and a considerable quantity ready-made clothing of superior quality. We advise our Allegheny patrons to call at this establishment, and see for themselves.

JUST RETURNED FROM THE EAST.—Samuel Graham, Merchant Tailor, would respectfully inform his friends and the public in general that he has just returned from the East with his new stock of Spring and Summer Goods, consisting of all the latest styles of cloths, cassimeres and vestings. Gentlemen desiring a stock to select from that cannot be surpassed by any other in the city, and their garments made in the most fashionable manner, would do well to give him a call before purchasing elsewhere.

SAMUEL GRAHAM, Merchant Tailor,
No. 54 Market street, one door from Third.

REDUCTION.—That long looked for time when Dry Goods would cease to be of more value than Gold, has come. We would direct the attention of our lady readers to the advertisement of Messrs. White, Orr & Co., in another column. Their stock is one of the largest to select from ever exhibited here, and we would advise those looking after bargains to improve this chance.

THE PRINCESS ALEXANDRA.—J. W. Pittock, opposite the post office, has just received a lot of photographs of the Princess Alexandra, wife of the Prince of Wales. Those who wish to grace their albums with a likeness of the royal bride should call and procure a copy.

EXAMINE THEM.—J. M. Burchfield, corner of Market and Fourth streets, has received a large and choice stock of Spring Goods, which he proposes to sell very cheap for cash. Refer to the advertisement in another column for a list of prices. Call and examine the goods.

BOGUS CARDS OF THUMB AND WIFE, only 6 cents, at Pittock's, opposite the Post Office, and are the same as other dealers charge 10 cents for—and he thinks he astounds the native. Also the Photographs, taken from life, sold at Pittock's.

IF YOU desire any repairs or alterations to your dwelling, or places of business call and leave your order at Cuthbert's Carpenter and Jobbing Shop, Virgin Alley, above Smithfield street. All work promptly attended to.

OMNIBUS CALLS will be taken at the Omnibus office, No. 405 Liberty street, day or night. All orders left at the above place will be promptly attended to. All calls must be paid in advance.

The Destruction of Noxious Insects.

The Pyrethrum Willemoti, or Pyrethrum of Caucasus, is a native of Mt. Caucasus. The plant was first grown in France in 1857, where it succeeds remarkably well.

The powders prepared from this flower, destroy weevil, beetles, moths, wheat-flies, maggots, plant lice, spiders, ants, &c., and indeed, insects and bugs of every kind, as is set forth in the last Patent Office Report, translated from the French of Willemet, who successfully introduced the plant into France.

I wish to call the attention of our horticulturists and agriculturists and our Congressmen to the importance of introducing and propagating this plant in our country. It is needless to refer to the great benefits to be derived from its use, but, only think of a powder, which will destroy the Curculio—"the Grand Turk"—but one insect of the thousand with which we are infested. Don't your mouth water when you think of the plums and apricots and other delicate fruits?

THE LATEST NEWS

BY TELEGRAPH.

FROM WASHINGTON.

OUR SPECIAL DISPATCHES.

Special Dispatch to the Pittsburgh Gazette.

WASHINGTON, April 13, 1863.

MOVEMENTS OF THE ENEMY.

The rebels are moving in force upon Yorktown and Suffolk. They were beaten back from Yorktown by Gen. Keyes to Williamsburg, leaving behind ammunition, arms and knapsacks.

It is rumored there is fighting at Suffolk, but no particulars are known. The most vigorous preparations are being made for resistance.

A dispatch from Fortress Monroe, yesterday, says skirmishing was going on at Williamsburg.

Lieut. Col. Kimball, of Hawkins' Zouaves, was killed between Norfolk and Suffolk, on Saturday night, by means unknown.

FROM DIXIE.

A letter from H. Clay Hall, of the First Maryland Rifles, captured by the rebels on Nansemond, some days ago, says that he has seen enough of Dixie to satisfy himself that it has "gone up." Virginia soldiers say that they will lay down their arms, and that the State shall be the first back into the Union if Jeff. Davis leaves Richmond.

MISCELLANEOUS.

Regiments are not to be consolidated at present in the Army of the Potomac.

The President is strongly urged not to carry out the recent order, but to fill up the old regiments with drafted men, drafting only enough for that purpose.

The returns of the Internal Revenue for last week was over a millions and half, and is steadily increasing.

THE CHARLESTON NEWS.

The administration is not dispirited by the Charleston news. The President is in better heart and more confident in eventual success than he was before the attempt was made. It has been ascertained that the iron clads can pass the batteries and reach the city if the obstructions can be removed. The problem now is to remove them.

NEGRO SOLDIERS.

The administration has determined to employ negro soldiers on a large scale, but has not settled on a plan. It is sending agents to various points in the South to collect facts bearing on the subject, so as to act most wisely. Adjutant General Thomas is one of them.

DEFAULTER.

J. W. Howland, of the Tenth Massachusetts, Acting Brigade Quartermaster, a defaulter, of whom vague paragraphs have been afloat, has been arrested. It is supposed his defalcations will amount to over $100,000. $16,500 is already recovered.

INTERNAL REVENUE LAWS.

Ex-Commissioner Boutwell is to publish, with the official sanction of the Treasury Department, the Internal Revenue laws, with coupons, index, decisions, extracts from correspondents, and notes of his own.

APPLICATIONS.

Numerous applications have already been received by the Land Office under the new homestead law.

OWEN LOVEJOY

Started homeward to-day.

WASHINGTON, April 13.—The Richmond *Whig*, of Saturday, has nothing later than the 9th from Charleston. The fleet was then off the bar.

Maj. Gen. Hooker has issued an order in which he reprimands in general terms, officers who send incorrect information from the picket lines. Outposts of an army he says are its safeguards, and their duty must be so performed so that camps may not be unnecessarily disturbed. The fate of battle may be changed by such reports. Officers will be held responsible that their reports from front are perfectly reliable.

FROM MURFREESBORO.

Special Dispatch to the Pittsburgh Gazette.

MURFREESBORO, April 13, 1863.

Gen. Brannon takes command of the First Division, of the 21st army corps. Col. Matthews' leave-taking was an affair of great interest. On accepting his resignation General Rosecrans says the General Commanding accepts the resignation of Col. Stanley Matthews, while he feels constrained to express his great regret that the army will thereby be deprived of the services of an able and promising officer.

Gen. Turchin is here.

The rebels are reported in force at Shelbyville.

From New Orleans.

NEW YORK, April 13.—The steamer Roanoke arrived at this port to-day, from New Orleans on the 5th, via Havana on the 8th.

The brig B. Young, which arrived at Cardenas on the 7th inst., brought 11 passengers of the steamer Marion, which was wrecked on Double Headed Shot Keys, on the 2d inst., and will prove a total loss. Her passengers, 40 in number, were all saved.

Advices from New Orleans, by the Roanoke, say our troops had destroyed all the railroad buildings at Ponchatoula, and fallen back to Pass Manchac.

A scouting party which was sent out in the Amite country met a small force of rebel cavalry, with whom they had a sharp skirmish. Ten rebels were killed, 17 wounded and 5 captured. Our loss was 4 wounded.

Gen. Grover's and Gen. Weitzel's forces are in supporting distance of each other. Gen. Emory's division had been sent to join them.

It was believed that Gen. Emery will command a strong movement to be made up the Atchafalaya river.

Business at New Orleans is on the increase. It is reported by persons who had just arrived from the rebel lines that a large quantity of cotton is hidden away by the country people, much of which has been reported to the rebel government as burned.

The advices from the city of Mexico are to the 22d of March, from Puebla to the 23d, and from Vera Cruz to the 1st of April.

There is nothing doing in the vicinity of Puebla.

No news is allowed to leak out in Vera Cruz. The guerillas attacked a body of 1,500 laborers on the railroads, and carried off all the Mexicans among them as prisoners.

Riot in New York.

NEW YORK, 13.—A riot on a small scale took place to-day on South street, between the negro and Irish laborers. The fight was quite serious for a time, but was soon stopped by the police. The Irish are said to have commenced the difficulty and hurled missiles at the negroes, driving them off the pier into a boat. At this moment one of the negroes named Oney fired a pistol, wounding James Agar, white man, in the head, but not seriously. Another account says Agar's wound was inflicted by a brick. The negro Oney was broken.

There was another fight between whites and negroes on Pine street this afternoon, in which some of the latter were severely handled. The police soon quelled the affair by making a number of arrests on both sides.

The gunboat Valley City, which passed the rebel batteries below Washington, N. C., to Gen. Foster's assistance, was struck by a 32-pound shot. Her fate was not subsequently known.

From Nashville.

NASHVILLE, April 13.—A flag of truce was sent out from Franklin yesterday. It learned that the rebel Gen. Crosby was wounded; also two of Van Dorn's aids. The rebel loss in wounded is heavy. We captured many horses. Van Dorn expected to capture the town, as he had received information that the Federal force was but twenty-five hundred.

About thirty-five citizens, active and violent rebels, some of whom were on the Vigilance Committee last year, were to-day arrested by order of Gen. Mitchell and lodged in the penitentiary.

From New York.

NEW YORK, April 13.—A letter from Col. Sissell, an officer under Gen. Foster, under date of the 9th, says that the latter cannot hold out much longer, being short of provisions and completely surrounded.

A special to the Boston *Herald*, dated Newbern 9th, says the reconnoitering cavalry force sent out overland on Tuesday, met a strong force of rebel pickets ten miles from here, and drove them in five miles yesterday.

A large force went over the Neuse river on the overland expedition to the relief of Gen. Foster. A transportation was taken across the river last night to a place where the expedition encamped. Every precaution is being taken against surprise here.

It is expected there will be some hard fighting up the road, the rebels are reported to be in heavy force. It is rumored that Gen. Lee is in command.

An officer who arrived here to-day in the steamer Dudley Buck, says that Gen. Foster had provisions sufficient only for the use of his troops to the 15th instant.

NEW YORK, April 13.—A Rebel account received via New Orleans, says that Admiral Farragut was in Red River, between two rebel batteries, out of range of either, but unable to pass them; also that a messenger who was sent by him to inform Gen. Banks of his precarious position, had been captured and held prisoner.

The paymaster's safe at the Brooklyn Navy Yard was robbed last night of from $120,000 to $140,000 in legal tenders.

Important to those Visiting the Army of the Potomac.

HARRISBURG, April 13.—As persons from all quarters of the State and Country are daily leaving home for the purpose of visiting the Army of the Potomac, it is important that they be made acquainted with the fact that passes within the lines are granted at Washington to civilians only in cases of extreme necessity. They cannot be procured for committees in charge of hospital stores or persons going on business, or pleasure, to receive the bodies of soldiers buried south of Washington.

Up to the present time, passes have always been allowed to those going to visit sick and wounded relatives, but they should bring with them vouchers proving their loyalty, and evidence that the soldier to be visited is in such a condition as to require their attention. A general diffusion of this information would save considerable trouble, time and expense to many.

New York Bank Statement.

NEW YORK, April 13.—Bank statement for the week ending on Saturday: Decrease of loans, $2,192,736; increase of specie, $149,034; decrease of circulation, $170,000; increase of deposits, $630,697.

Markets by Telegraph.

CINCINNATI, April 13—Evening.—Flour held more firmly, and superfine is offered at $4.65@5.75. The best of those rates are above the views of buyers, and but little was done. Red Wheat is in good demand, and 1,000 bushels sold at $1.25@1.28; white held firmly at $1.35 to $1.38. Corn in fair demand at 62c. Oats 66@67. Whisky has advanced to 43¼. There was nothing done in Mess Pork, and the prices remain nominal. Lard was held at ⅛c higher after the news from New York, but the buyers did not follow up the advance. The only sale was 300 tierces prime country at 9½c; city was held at 10¼ at the close, but 9¾ was the rate spoken of by buyers. There is a good demand for Bulk Hams and Hams at 9¾ and 6¾, but Sides went with a slow sale at 5¾. Groceries unchanged and firm.

PHILADELPHIA, April 13—Noon.—Provisions inactive, but holders firm. Flour quiet, buyers and sellers differing in their views; sales only to the trade at $6.25 for superfine. SPECIAL NOTICES.

A COUGH, COLD, OR AN IRRITATED THROAT, if allowed to progress, results in serious Pulmonary and Bronchial affections, oftentimes incurable.

BROWN'S BRONCHIAL TROCHES reach *directly* the affected parts, and give almost instant relief. In BRONCHITIS, ASTHMA, and CATARRH they are beneficial. The good effects resulting from the use of the Troches, and their extended sale, has caused them to be counterfeited. Be sure to guard against worthless imitations. Obtain only the genuine *Brown's Bronchial Troches*, which have *proved* their efficacy by a test of many years. Public Speakers and Singers should use the Troches. Military Officers and Soldiers who over-tax the voice and are exposed to sudden changes, should have them. Sold everywhere, at 25 cents per box.
