The Declaration on Slavery. Among the humerous counts in the in-dictment against the King of Great Britain in the original draft of the Declaration of Independences is the following, which we copy verbistim from a fac-simile of the original manuscript as signed, italica, cap-itals and all. The portion embraced be-tween brackets was expunged at the time of its adoption; but the part preceding the brackets was retained, and is found in all the earlife copies—say up to 1820 to 1830. Since than the entire paragraph has been quietly dropped out, doubtless because it was regarded as incendiary, fanatical, of-fensive to our "Southern brethren," and sati-democratic. We now introduce the entire paragraph as Jzyzmanow wrote it: "He has waged great was against human nature itself, violating its mest saced rights of ilfs and hiberty in the persons of a distant of ilfs and hiberty in the persons of a distant of ilfs and hiberty in the persons of a distant of ilfs and hiberty in the persons of a distant of ilfs and hiberty in the persons of a distant of ilfs and hiberty in the persons of a distant of our and hiberty in the persons of a distant of ilfs and hiberty in the persons of a distant of ilfs and hiberty in the persons of a distant of ilfs and hiberty in the persons of a distant of ilfs and hiberty in the persons of a distant of ilfs and hiberty in the persons of a distant of ilfs and hiberty in the persons of a distant of ilfs and hiberty in the persons of a distant of ilfs and hiberty in the persons of a distant of ilfs and hiberty in the persons of a distant of ilfs and hiberty in the persons of a distant of ilfs and hiberty in the persons of a distant of ilfs and hiberty in the persons of a distant of ilfs and hiberty in the persons of a distant of ilfs and hiberty in the persons of a distant of ilfs and hiberty in the persons of a distant of ilfs and hiberty in the persons of a distant of ilfs and hiberty in the persons of a distant of ilfs and hiberty in the persons

Admiral Da-pont has detarmined to augment the number of yessels on this daty, and to replace several yessels by swifter ones. The Irensides has taken up a position in the main alor channel, through which all the large contraband yes-sels have heretofore passed up to the city.
