SEWING MACHINES.

CARD TO THE PUBLIC.
A FALSEHOOD EXPOSED.
For some time past an advertisement has appeared in the Pittsburgh papers, stating that Five Gold Medals had been awarded to the "New Sewing Machine" at the late World's Fair in London, one of the best exhibitions for all purposes, and the others for special purposes, &c., &c. Desiring to observe at the time that the publication was wholly devoid of truth and a gross imposition on the public, we forbore noticing it until such time as we could get an official copy of the Report of the Judges in the matter, so that we could refer to positive and authoritive contradiction. This Report, published by authority of the Commissioners of the Exhibition, is now in our possession, and clearly proves the statements to be false in every particular.
At the World's Fair the WHEELER & WILSON COMPANY had but a single Machine on exhibition; while of the Howe Machine there were several on hand. In the official copy of the award, which may be seen at our Office, No. 27 FIFTH STREET, it is stated that a Gold Medal was awarded the Howe Sewing Machine "for merit," but, however, because their Machine is "cheap, and, as good as others for a particular class of work." In the language of the award, they exhibited "the best collection."
The Wheeler & Wilson Co. also got to have been awarded for superior specimens of sewing, never awarded for all, but only the lukewarm "superior sewing," receive even the barren compliment of an "honorable mention" in the Judge's Report. Compare this with the high encomiums bestowed on the WHEELER & WILSON MACHINE. Though the Company, avoiding all pretentious display, had but a single machine on exhibition, it was awarded

A GOLD MEDAL ON ITS MERITS AS A FAMILY MACHINE, AND ON ITS MERITS ALONE.

These are the facts of the case, as exhibited by the official report of the Commissioners, and in justice to ourselves, as well as to expose a palpable and flagrant attempt to impose upon the public, we repeat, therefore, that the WHEELER & WILSON MACHINE is the only machine which received a GOLD MEDAL, as is set forth in the late World's Fair, and pronounce all statements to the contrary, no matter from what source they emanate, wholly unworthy of belief.

WM. S. HEALBURN'S
PIANO-FORTE ESTABLISHMENT,
No. 427 BROOME STREET, N. Y.
The subscriber respectfully invites the attention of his friends and the public generally to his Piano-Forte Establishment, at No. 427 Broome street, corner of Crosby street.
Having withdrawn his interest, stock and machinery from the firm of Firth, Hall & Pond, in which firm was elected on the 21st January, 1862, and having purchased the entire stock of Pianos, Melodeons, Sheet Music, Musical Merchandise, &c., of Edward G. Bradbury, in the middle of May, he is now prepared to supply the increased demand for his instruments. Those Pianos, possessing the most skilful and experienced workmen, with a large stock of the best and most thoroughly seasoned material, and an abundance of capital, he has taking it hand the personal supervision of the whole business of manufacturing his instruments, and is enabled to turn out Pianos of the very highest order, and in the most approved style of workmanship.
HEALBURN'S NEW SCALE PIANO-FORTE.
In the arrangement of our new scale, drawn and prepared with the utmost care, especially for our new Patent Overstrung Action, we have added many improvements, which can in any way tend to the perfection of the Piano-Forte, and we can confidently assert that, for delicacy of touch, volume, purity, brilliancy and sweetness of tone, combined with that strength and solidity of frame necessary to durability, these instruments are unequalled.
"CORRECTNESS BEAUTY" is our motto, and we invite the closest criticism of the best unbiased judges.
☞ Every instrument warranted for five years.

MISCELLANEOUS.

GENERAL ORDERS No. 105.
WAR DEPARTMENT,
ADJUTANT GENERAL'S OFFICE,
Washington, April 25, 1863.
The organization of an Invalid Corps is hereby authorized.
This Corps shall consist of Companies, and if it shall hereafter be thought best, of Battalions.
The Companies shall, if practicable, be formed in the following manner, viz:
First. By taking those officers and enlisted men of commands now in the field (whether actually present or temporarily absent), who, from wounds received in action or disease contracted in the line of duty, are unfit for field service, but are still capable of effective garrison duty; or such other light duty as may be required of an Invalid Corps. Regimental Commanders shall at once make out, from information in their possession, or which may be obtained from Company Officers, and from their own knowledge, rolls (according to the Form furnished,) of the names of all the officers and enlisted men under their commands who fall in the following conditions, viz:
1. That they are unfit for active field service on account of wounds or disease contracted in the line of duty; this fact being certified by a Medical Officer in the service, after personal examination.
2. That they are fit for garrison duty; this fact being likewise certified by the Medical Officer, as above, after personal examination.
3. That they are in the opinion of their Commanding Officers, meritorious and deserving.
These rolls shall be certified by the Examining Surgeon and Regimental Commander, and transmitted, through the regular channels of military correspondence, to the Provost Marshal General of the United States.
The Regimental Commander shall enter in the column of remarks, opposite each officer's name on the roll, a statement as to the general character of the officer for intelligence, industry, sobriety and attention to duty; and all Company and Regimental Commanders shall endorse their reasons for or against the retention in service of each officer borne on the rolls, stating in each case, or if they have none, they shall state how far they are willing to endorse the opinion of the officer or officers making the recommendation. Similar rolls shall be forwarded from time to time, whenever the number of men fulfilling the conditions commences to increase, or the services may render it expedient.
Second. By taking those officers and enlisted men still in service and borne on the rolls, but who are absent from duty, in Hospitals or Convalescent Camps, or who otherwise under the control of Medical Officers. The Surgeon in charge of the Hospital or Convalescent Camp, on receipt of the Surgeon's certificate of the fact, will forward to the Provost Marshal General, through the proper Regimental Commander, rolls with the same conditions and requirements. If in any case, the Regimental Commander shall think an officer unfit, in point of character, to continue in the service of the Invalid Corps, though classed and certified by the Surgeon, he will state his objection in the column of remarks, and note the exception before signing the certificate. If any officer or enlisted man now on the Sick List is absent and beyond the reach of a recruiting officer in charge of a Hospital or Convalescent Camp, desires to enter this Corps, he will take the course indicated below for those who have been honorably discharged.
Third. By accepting those officers and enlisted men who have been honorably discharged on account of wounds or disease received in the line of duty, and who desire to re-enter the service. In the case of an officer, application for appointment must be made to the Secretary of War. If the United States, through the officer detailed as Acting Assistant Provost Marshal General of the State. No application of this kind will be considered unless the following conditions are completely fulfilled:
1. That the applicant produce the certificate of the Examining Surgeon of the Board of Enrollment of the district in which he resides, that he is unfit for active field duty on account of wounds or disease, and is not liable to draft; but is fit for garrison duty.
2. That he furnish evidence of honorable discharge on account of wounds or disability contracted in the line of duty.
3. That he produce recommendations from the Regimental, Brigade and Division Commanders under whom he formerly served, that he is worthy of the trust provided for and capable of returning adequate service to the Government. In case it shall be impracticable to get the last evidence, he may, after establishing the first two points above, satisfy the Board of Enrollment that he is deserving and present the case for the decision of the Board.
The Board shall then consider each case, and if the applicant is found to fulfill the conditions specified below, the Board shall give him a certificate to that effect, viz:
1. That he is unfit for service in the field.
2. That he is fit for garrison duty.
3. That he is meritorious and deserving.
4. That he was honorably discharged from the service.
The Provost Marshal for the district shall then send the application, with this certificate of the Board, to the Acting Assistant Provost Marshal General of the State, who shall procure such evidence of service and character as the records of the Department, or the Provost Marshal General of the State, may show, and if satisfied that he is a meritorious case, and that the man is deserving, he will enlist him in accordance with the general rules of the Provost Marshal General now established.
Medical Inspectors, Surgeons in charge of Hospitals, Surgeons of Convalescent Camps, all officers having authority to discharge, order existing laws and regulations, as forbidden to grant discharge to any man under their control who may be fit for service in the Invalid Corps.
The Provost Marshal General is charged with the execution of this order, and all officers engaged under it will be under the control of his Bureau.
By order of the Secretary of War.
R. D. TOWNSEND,
Assistant Adjutant General.

WM. S. HEALBURN'S
PIANO-FORTE ESTABLISHMENT,
No. 427 BROOME STREET, N. Y.
The subscriber respectfully invites the attention of his friends and the public generally to his Piano-Forte Establishment, at No. 427 Broome street, corner of Crosby street.
Having withdrawn his interest, stock and machinery from the firm of Firth, Hall & Pond, in which firm was elected on the 21st January, 1862, and having purchased the entire stock of Pianos, Melodeons, Sheet Music, Musical Merchandise, &c., of Edward G. Bradbury, in the middle of May, he is now prepared to supply the increased demand for his instruments. Those Pianos, possessing the most skilful and experienced workmen, with a large stock of the best and most thoroughly seasoned material, and an abundance of capital, he has taking it hand the personal supervision of the whole business of manufacturing his instruments, and is enabled to turn out Pianos of the very highest order, and in the most approved style of workmanship.
HEALBURN'S NEW SCALE PIANO-FORTE.
In the arrangement of our new scale, drawn and prepared with the utmost care, especially for our new Patent Overstrung Action, we have added many improvements, which can in any way tend to the perfection of the Piano-Forte, and we can confidently assert that, for delicacy of touch, volume, purity, brilliancy and sweetness of tone, combined with that strength and solidity of frame necessary to durability, these instruments are unequalled.
"CORRECTNESS BEAUTY" is our motto, and we invite the closest criticism of the best unbiased judges.
☞ Every instrument warranted for five years.

Breaking their Fall.
Our special Washington correspondent gives some curious extracts from Richmond papers, showing how earnestly and ingeniously the editors labored to convince either themselves or their readers that the reports of disasters to the Confederate arms at Vicksburg and its neighborhood were not true. Nothing could more strongly set forth the exceeding importance of the successes achieved by Gen. Grant than those arguments.

Raising of the Siege of Puebla.
Next in importance to the capture of Vicksburg is the repulse of the French army at Puebla, and the relinquishment for the present at least of all attempts to capture the city. The Mexicans defended it most heroically, and after a siege, which is probably among the most remarkable for obstinacy and endurance in the annals of modern warfare, compelled their invaders to raise the siege and fall back.
Napoleon has failed disastrously in his attempt upon that weak and distracted republic, and it is very possible that from the restoration of Mexico to peace, stability and power, and the beginning of the downfall of the imperial master of France and of Europe, will both date from the raising of the siege of Puebla. What Moscow was to the first Napoleon, Puebla may be to the third.

Advantages of Celerity.
We give below a tabular summary of the brilliant achievements of Gen. Grant's army in the brief period
