

LOCAL INTELLIGENCE

From Saturday Evening Edition

The U. S. Sanitary Commission

This Commission was created by Government at the first outbreak of the rebellion, for the purpose of distributing, in accordance with the provisions of the National Army Act, all necessary supplies to the soldiers and sailors of the United States Army. It has since that time been engaged in the most extensive work of its kind in the history of the world.

Allegany County Teachers' Association

The Association met at 7:30 this morning and was called to order by President J. W. Hays. The first business in order was reading the report of the Secretary, J. W. Hays, who reported that the Association had a membership of 100 members.

Legal Intelligence

The following cases are within reach for Monday, June 1st: In re Estate of J. W. Hays, et al. vs. J. W. Hays, et al.

FROM WASHINGTON

Washington, May 30, 1914

The Department of Agriculture

The Department of Agriculture has just received from the Agricultural Experiment Station at the University of California a report on the progress of the work of the station during the past year.

Latest from Mexico—An Important

San Francisco, May 29.—Advises received from the city of Mexico, via San Francisco, that the situation in that city is becoming more serious.

A Bureaucrat's View

During the first half of the year, the Bureau of the Interior has been engaged in the work of reorganizing the department and of consolidating its various bureaus.
