SEWING MACHINES.

CARD TO THE PUBLIC.

A FALSEHOOD EXPOSED.

For some time past an advertisement has appeared in the papers here, stating that Five Gold Medals had been awarded "the Howe Sewing Machine" at the late World's Fair in London, "one for the best on exhibition for all purposes, and the others for superior specimens of sewing." Though aware at the time that the statement was wholly devoid of truth in fact, and a gross imposition on the public, we forbore noticing it until such time as we could get an official copy of the Report of the Judges in the matter, so that we could give it a positive and authoritive contradiction. That Report, published by authority of the Commissioners of the Exhibition, is now in our possession, and shows how utterly untrue are the statements in the advertisement alluded to.

At the World's Fair the WHEELER & WILSON COMPANY had but a single Machine in exhibition, while of the Howe Machine there were several on exhibition by several companies. Compare this with the high compliment bestowed on the WHEELER & WILSON MACHINE. Though the Company, avoiding all pretentious display, had but a single machine on exhibition, it was awarded

A GOLD MEDAL ON ITS MERITS AS A FAMILY MACHINE, AND ON ITS MERITS ALONE.

These are the facts of the case, as exhibited by the official report of the Commissioners, and in justice to ourselves, as well as to expose a paltroon and flagrant attempt at imposition, we have felt constrained to lay them before the public. We repeat, therefore, that the WHEELER & WILSON MACHINE is the ONLY MACHINE on its merits as a FAMILY MACHINE, and pronounce all statements to the contrary, no matter from what source they emanate, as wholly unworthy of belief.

MISCELLANEOUS.

GENERAL ORDERS No. 105.
WAR DEPARTMENT,
ADJUTANT GENERAL'S OFFICE,
Washington, April 28, 1863.
The organization of an Invalid Corps is hereby authorized.
This Corps shall consist of Companies, and if it shall hereafter be thought best, of Battalions.
The Companies shall be made up from the following sources, viz:
First. By taking those officers and enlisted men of the Volunteer service in the field (whether actually present or temporarily absent,) who, from wounds received in action or disease contracted in the line of duty, are unfit for field service, but are still capable of effective garrison duty, or such other light duty as may be required of an Invalid Corps. Regimental Commissioners shall at once make out, from information received from their Medical and Company Officers, and from their own knowledge, rolls (according to the Form furnished,) of the names of all the officers and enlisted men under their commands who fulfill the following conditions, viz:
1. That they are unfit for active field service on account of wounds or disease contracted in the line of duty; this fact being certified by a Medical Officer in the service, after personal examination.
2. That they are fit for garrison duty; this fact being likewise certified by the Medical Officer, as above, after personal examination.
3. That they are, in the opinion of their Commanding Officers, meritorious and deserving.
These rolls shall be certified by the Examining Surgeon and Regimental Commanders, and transmitted, through the regular channels of military correspondence, to the Provost Marshal General of the United States.
The Regimental Commander shall enter in the column of remarks, opposite each officer's name on the roll, a statement as to the general character of the officer for intelligence, sobriety, activity and attention to duty; and all intermediate Commanders shall endorse thereon such facts as they may possess in the case, or if they have none, they shall state how far they are willing to endorse the opinion of the officer or officers making the recommendation. Similar rolls shall be forwarded from time to time, whenever the number of men fulfilling the conditions enumerated or the exigencies of the service may render it expedient.
Second. By taking those officers and enlisted men still in service and borne on the rolls, but who are absent from duty, in Hospitals or Convalescent Camps, or are otherwise under the control of Medical Officers. In these cases the Medical Officer in attendance shall prepare the rolls according to Form, entering the names of officers and men from the same regiment on a roll by themselves, and send them, with the certificate of the Surgeon, duly signed, to the proper Regimental Commander, who will forward them, as heretofore specified, subject to the same conditions and requirements. If, in any case, the Regimental Commander shall think an officer unfit, in point of character, to continue in the service of the Invalid Corps, though disabled and certified by the Surgeon, he will state his objection in the column of remarks, and note the exception before signing the certificate. If any officer or enlisted man now in the service, but absent from it, be found beyond the reach of a Medical Officer in charge of a Hospital or Convalescent Camp, desires to enter this Corps, he will take the same steps prescribed below for those who have been honorably discharged the service.
Third. By accepting those officers and enlisted men who have been honorably discharged on account of wounds or diseases contracted in the line of duty, and who desire to re-enter the service. In the case of each officer, application for appointment must be made to the Provost Marshal General of the United States through the officer detailed for Acting Assistant Provost Marshal General of the State. No application of the kind will be considered unless the following conditions are completely fulfilled:
1. That the applicant produces the certificate of the Surgeon of the Board of Enrollment for the district in which he resides, that he is unfit for active field duty on account of wounds or disease, but may still be fit for garrison duty.
2. That he furnish evidence of honorable discharge on account of wounds or disability contracted in the line of duty.
3. That he procure recommendations from the Regimental, Brigade and Division Commanders under whom he formerly served, that he is worthy of being taken by the Government. In case it shall be impracticable to get this last evidence, he may, having established the first two points above, satisfy the Board of Enrollment that he is deserving and procure its certificate of the fact. This evidence must be obtained by the applicant, and must be transmitted with his application for appointment.
If there be no Acting Assistant Provost Marshal General for the State, the application must be forwarded through the Assistant Provost Marshal General of the District, to endorse thereon such facts in the military history of the applicant as he may know, or as are afforded by his records, and forward the same to the Provost Marshal General of the United States.
Enlisted men, honorably discharged on account of disability, desiring to re-enlist in this Corps, will present themselves to the Board of Enrollment for the district in which they reside, for examination by the Medical Officer thereof, who shall examine them and the Board of Enrollment shall report the result to the Board of Enrollment.
The Board shall then consider each case, and if the conditions specified below, the Board shall give him a certificate to that effect, viz:
1. That he is unfit for service in the field.
2. That he is fit for garrison duty.
3. That he is meritorious and deserving.
4. That he was honorably discharged from the service.
The Provost Marshal, for the District shall then forward the application, with the certificate of the Board, to the Acting Assistant Provost Marshal General of the State, who shall procure such evidence of service and character as the records of the Department to which he belongs, or the action Headquarters of the State, may show, and if satisfied that it is a case deserving, recommend that the man is deserving, be will enlist him in accordance with such special rules as the Provost Marshal General may establish.
Medical Inspectors, Surgeons in charge of Hospitals Military Commanders, and all others having authority to discharge, under existing laws and regulations, are forbidden to grant discharges to any men under their control who may be fit for service in the Invalid Corps.
The Provost Marshal General is charged with the execution of this order, and the troops organized under it will be under the control of his Bureau.
By order of the Secretary of War.
M. D. TOWNSEND,
Assistant Adjutant General.

WM. R. BRADBURY'S
PIANO-FORTE ESTABLISHMENT,
No. 427 BROOME STREET, N. Y.

The subscriber respectfully invites the attention of his friends and the public generally to his Piano-Forte Establishment, as No. 427 Broome street, corner of Crosby street
Having withdrawn his interest, stock and materials from the late firm of "Lights & Bradburys," which firm was dissolved on the 31st January ult., and having purchased the entire stock of Piano-Forte and Piano-Forte material owned by his brother, Edward G. Bradbury, to the said firm, he is now prepared to supply the increased demand for his instruments of this class. Employing the most skillful and experienced workmen, with a large stock of the best and most thoroughly seasoned material, and an abundance of capital, he has taken in hand the personal supervision of the whole business of manufacturing his instruments, and is resolved to turn out Piano-Fortes of unequalled tone and durableness.
BRADBURY'S NEW SCALE PIANO-FORTE.
In the arrangement of our new scale, drawn and prepared with the utmost care expressly for our new instruments, we have added every improvement which can in any way tend to the perfection of the Piano-Forte, and we can confidently assert that, for delicacy of touch, volume, purity, brilliancy and sweetness of tone, combined with that strength and solidity of frame necessary to durability, these instruments are unequalled.
"STRENGTH AND BEAUTY" is our motto, and we invite the closest criticism of the best unbiased judges in the land.
☞ Every instrument warranted for five years.

PROVOST MARSHAL GENERAL'S OFFICE,
Washington, May 25, 1863.
NOTICE.—The attention of all officers who have been honorably discharged on account of wounds or disability, and who desire to reenter the service in the Invalid Corps, is called to paragraph 3, General Orders, No. 105, of 1863, from the War Department, published in the papers throughout the country. Such officers are required to promptly comply with the provisions of that order, and to send their written applications, as therein provided, for positions in the Invalid Corps, stating the character of their disability,) with as little delay as possible, to the Acting Assistant Provost Marshal General of the State in which they may be. Such Acting Assistant Provost Marshal General will at once forward the applications, with his endorsement, to the Provost Marshal General of the United States. Officers for the Invalid Corps will be appointed immediately upon furnishing the papers required by General Order No. 105, of 1863, from War Department. Their pay and emoluments will commence from date of acceptance of such appointments, and not from date of organization of the respective companies to which they may be assigned.

The Situation at Vicksburg--Grant and Johnston.

Speaking of the situation of affairs in the Western Department, the New York Times, of Monday; makes the following pertinent remarks:

It is now fifteen days since the battle of Big Black Bridge, and fourteen since the investment of Vicksburg. With the first of these events, Gen. Johnston saw the desperateness of the rebel situation at Vicksburg, and the necessity of the utmost energy in concentrating all possible troops to flank Gen. Grant, and, if possible, to raise the siege. We [illegible] to his bringing [illegible] which said [illegible] would be [illegible] in. Of the Seat of War in Mississippi.

The following facts connected with the district of country in which the national army is now operating in Mississippi, will prove interesting and useful at this time. The district may be said to include three counties, viz: Warren, Claiborne and Hinds. Warren is that in which Vicksburg is situated. Claiborne includes the mouth of the Big Black river. Jackson, the capital of the State, is located in Hinds. The population of these counties, according to the census of 1860, was as follows:

	Whites.	Free Blacks	Slaves
Warren	6,846	37	12,793
Claiborne	3,239	44	12,296
Hinds	9,940	30	23,363
Total	19,125	117	48,422

The slave population, it is seen, is almost two and a half to one of the whites. The latter has, of course, been reduced largely by the withdrawal of men for the army.

President Lincoln's Response to the Address of the Emancipation Society of England.

The address to President Lincoln, adopted at an "Emancipation" meeting held at Exeter Hall in January last, has elicited a reply which comes from the pen of Mr. Seward. The President rejoices that his policy has received the sanction of the Exeter Hall gathering, and he marks with satisfaction the circumstance that "it in all cases those who are most just in their sentiments toward the United States are also the most earnest in their desire for the preservation of international peace and friendship." To the Federal Government this is declared to be "a new motive for adhering to its determined policy of peace, justice, and friendship toward all nations, and especially toward Great Britain."

The Philadelphia North American makes an elaborate estimate of the rebel armies, and arrives at the conclusion that their aggregate force cannot exceed 362,500, distributed as follows: Lee's army 100,000; rest of Virginia, 15,000; Bragg's army, 60,000; Beauregard's army, 20,000; Alabama 5,000; Mississippi, 20,000; Louisiana, 15,000; Texas, 20,000; Arkansas, 21,000; Guerrilla bands, 5,500. As a Hilton Head letter states that Beauregard has just sent 20,000 men to Johnston, it would appear from the estimate that there is not a rebel soldier left in South Carolina. Of course nothing but approximate correctness can at best be expected from such computations.

There seems a probability of warm work on the borders of Arkansas and the Indian Territory. On the 20th, Col. Phillips, commanding our forces in the Territory, had a fight with a portion of Price's army near Fort Gibson. The rebels were driven back, but as they are said to have 11,000 men well provided with artillery to our 3,000, our forces will rely for the present on their strong fortifications. Gen. Herron is, however, on his way to the scene of his former triumphs, and the rebels will not have everything their own way. It is stated that the Texan Rangers and their allies are likely to give the trains for New Mexico considerable trouble.

The editor of the Scientific American, who has examined the monitor Passaic, now undergoing repairs at New York, says the trial trip to which she was subjected during the attack on Charleston, proves that our iron-clads are impregnable, and that we may safely defy all the English iron-clads and their armaments. The Whitworth shot, or *fac-similes* of them, in a majority of cases, struck sideways; they reached the turret in all possible positions, and show very poor shooting on the part of the rebels. There is no indentation on the Passaic deeper than a tea-saucer, and she was the most injured of the attacking fleet, except the Keokuk, which was not a monitor.

It will not be necessary for any person who is enrolled to establish his claim to exemption until he receives a printed notice informing him that he has been drafted, and that he will have ten days to show that he is not liable or able to perform military service.

From an official statement in Parliament, it appears that the British Consul at Mobile was promptly removed by his government for shipping rebel spoils on a war steamer.

It is stated that all of Gen. Hunter's forces, not absolutely required for the performance of garrison duty on the Islands of the South Carolina coast, have been sent to New Orleans, to reinforce Ban
