GENERAL ORDERS No. 105.
WAR DEPARTMENT,
ADJUTANT GENERAL'S OFFICE,
Washington, April 28, 1863.
The organization of an Invalid Corps is hereby authorized.
This Corps shall consist of Companies, and if it shall hereafter be thought best, of Battalions.
The Companies shall be made up from the following sources, viz:
First. By taking those officers and enlisted men of commands now in the field (whether actually present or temporarily absent,) who, from wounds received in action or disease contracted in the line of duty, are unfit for field service, but are still capable of effective garrison duty, or such other light duty as may be required of an Invalid Corps. Regimental Commanders shall at once make out, from information received from their Medical and Company Officers, and from their own knowledge, rolls (according to the Form furnished,) of the names of all the officers and enlisted men under their commands who fulfill the following conditions, viz:
1. That they are unfit for active field service on account of wounds or disease contracted in the line of duty; this fact being certified by a Medical Officer in the service, after personal examination.
2. That they are fit for garrison duty; this fact being likewise certified by the Medical Officer, as above, after personal examination.
3. That they are, in the opinion of their Commanding Officers, meritorious and deserving.
These rolls shall be certified by the Examining Surgeon and Regimental Commander, and transmitted, through the regular channels of military correspondence, to the Provost Marshal General of the United States.
The Regimental Commander shall enter in the column of remarks, opposite each officer's name on the roll, a statement as to the general character of the officer for intelligence, industry, sobriety and attention to duty; and all intermediate Commanders shall endorse thereon such facts as they may possess in the case, or if they have none, they shall state how far they are willing to endorse the opinion of the officer or officers making the recommendation. Similar rolls shall be forwarded from time to time, whenever the number of men fulfilling the conditions enumerated or the exigencies of the service may render it expedient.
Second. By taking those officers and enlisted men still in service and borne on the rolls, but who are absent from duty, in Hospitals or Convalescent Camps, or are otherwise under the control of Medical Officers. In these cases the Medical Officer in attendance shall prepare the rolls according to the instructions, the names of officers and men from the same regiment on a roll by themselves, and send them, with the certificate of the Surgeon in charge, to the Regimental Commander, who will forward them, as heretofore specified, subject to the same conditions and requirements. The Regimental Commander shall think an officer unfit, in point of character, to continue in the service of the Invalid Corps, though disabled on account of wounds or disease, he will state his objection in the column of remarks, and note the exception before signing the certificate. If any officer or enlisted man has been in the service, but absent and beyond the reach of a Medical Officer in charge of a Hospital or Convalescent Camp, desires to enter this Corps, he will take the course indicated below for those who have been honorably discharged the service.
Third. By accepting those officers and enlisted men who have been honorably discharged on account of wounds or disease contracted in the line of duty, and who desire to re-enter the service. In this case the application must be made to the Provost Marshal General of the United States through the officer detailed as Acting Assistant Provost Marshal General of the State. No application of this kind will be considered unless the following conditions are completely fulfilled:
1. That the applicant produce the certificate of the Surgeon of the Board of Enrolment for the district in which he resides, that he is fit for active field service and the specific wounds or disease, and is not liable to draft, but is fit for garrison duty.
2. That he furnish evidence of honorable discharge on account of wounds or disability contracted in the line of duty.
3. That he produce recommendations from the Regimental, Brigade and Division Commanders under whom he formerly served, that he is worthy of being thus provided for and capable of returning to duty as a non-commissioned officer. In case it shall be impracticable to get this last evidence, he may, having established the first two points above, satisfy the Board of Enrollment that he is deserving and present its certificate of the fact. This evidence must all be obtained by the applicant, and must be transmitted with his application for appointment.
If there be no acting Assistant Provost Marshal General for the State, the application can be forwarded through the Adjutant General of the State, who is desired to endorse thereon such facts in the case as may be within his records, or the account of enlisted men honorably discharged, and who have served creditably, desiring to re-enlist in the Corps, to present themselves to the Board of Enrollment in the district in which they reside, for examination by the Surgeon thereof, who shall examine them and report the result to the Board of Enrolment.
The Board shall then consider each case, and if the applicant is found to fulfill the conditions specified below, the Board shall give him a certificate to that effect, viz:
1. That he is unfit for service in the field.
2. That he is fit for garrison duty.
3. That he is meritorious and deserving.
4. That he was honorably discharged from the service.
The Provost Marshal for the District shall then send the application, with this certificate of the Board, to the Acting Assistant Provost Marshal General of the State, who shall procure such evidence of service and character as the records of the Department to which he belonged, on file at the Headquarters of the State, may show; and if satisfied that it is a deserving case, and that the man is deserving, he shall enlist him in accordance with such general rules as the Provost Marshal General may establish.
Medical Inspectors, Surgeons in charge of Hospitals, Medical Directors, and all others having Medical Officers under them, under existing laws and regulations, are forbidden to grant discharges to any men under their control who may be fit for service in the Invalid Corps.
The Provost Marshal General is charged with the execution of this order, and the troops organized under it will be under the control of his Bureau.
By order of the Secretary of War.
E. D. TOWNSEND,
Assistant Adjutant General.
