

Union County Ticket. The President Judge of the District Court, ROSS HARRISON.

The State Union Convention. The State Union Convention has engaged Lafayette building, corner of Wood and Fourth streets, for the use of the delegates to the Convention, which is to convene in this city on Wednesday, July 1st.

Manufacturers' Convention at Chicago. On Thursday last a Convention of Manufacturers representing ten States, was held in Chicago for the purpose of inducing Congress to take of the tax on the profits of manufacturers, as this second tax is unequal and unjust, when a tax on sales is also levied.

The Convention of Manufacturers, which was held yesterday afternoon at the Circuit Court Room, in the Court House, was well attended, notwithstanding the very short notice that had been given.

On motion, James M. Cooper, Esq., of Pennsylvania, was elected President. The following were elected Vice Presidents: J. O. Hartney, New York; J. H. Hamilton, Massachusetts; J. B. Brown, Maine; J. A. Gray, Ohio; A. Leitch, Indiana; J. A. Brown, Kentucky; John Deane, Illinois; F. M. Mills, Iowa; C. O. Conant, Michigan; Peter Blankinship, Massachusetts.

Mr. H. T. Carter offered the following resolution: Resolved, That this Convention appoint a committee of three, one from New England, one from the Middle States, and one from the West, each with power to invite to visit Washington at once, the President and members of the House of Representatives, to be held on the 15th inst., to be held on the 15th inst., to be held on the 15th inst.

Mr. H. T. Carter moved that the city of New York be substituted for Buffalo, and that it be held on the 24th of September. He offered it as an amendment for the purpose of settling the date of the Convention.

Use, and New York as the place of holding the Convention. Mr. H. T. Carter offered the following resolution: Resolved, That this Convention appoint a committee of three, one from New England, one from the Middle States, and one from the West, each with power to invite to visit Washington at once, the President and members of the House of Representatives, to be held on the 15th inst., to be held on the 15th inst., to be held on the 15th inst.

The substitute was adopted, and the gentleman proposing the committee will be chosen tomorrow. The choice of this Convention was important to the cause, for it was the only one that was held in this city on Wednesday, July 1st.

Every reasonable question will probably be answered satisfactorily in time. Even the great secret of the earth, kept from all the ages and generations of the past—where the Nile has its source, has been revealed at last. But this geological secret, though not a great one, nor one of enduring importance to any mortal, is yet such a one as demands an answer—if we are not misled by certain urgent interlopers, if not indignity, least in some of our newspapers. Hear the Manichaeans!

In Great Britain, we notice a disposition of some members of Gov. Curtis to make him a candidate for Governor, and some who are considered insiders openly declare that he will be elected in Convention, and if nominated that he will be elected.

And the Harbinger Telegraph is hardly less prompt for an unqualified statement of Gov. Curtis's position under his own hand. After quoting the above from the Manichaeans, it adds: For the satisfaction of our correspondents, we will repeat what we announced a few days ago, that Gov. Curtis intended, publicly, while on his northwestern tour, to reiterate his declaration of not being a candidate for Governor, but that he had been offered to make the statement upon our own individual authority, and he was induced to do so by the fact that the declaration was made in a public place, and that it was made in a public place, and that it was made in a public place.

With our temporary quietude, we think it our duty to the public to repeat what we reported the great cause with which Gov. Curtis is identified, that he is intended to make by the assurance of his own mouth, in which he is entirely without reservation, that he is not a candidate for Governor, and that he is not a candidate for Governor, and that he is not a candidate for Governor.

Our soldiers at Vicksburg are almost within arms' length of the enemy. On the right General Sherman has pushed Steele's division squarely to the foot of the parapet, on the side of one of the principal forts. It is probable that by storm they are determined not to retire. The federal and rebel soldiers are not twenty feet apart. Both are prepared to inflict much harm. Each watches the other, and a dozen numbers are fired whenever a soldier exposes himself above the works on either side. Nearly the same condition of things exists in McPherson's front. His sharpshooters prevent the working of the enemy's pieces in one or two forts.

General Sherman is in Louisiana. A correspondent at Baton Rouge, under date of May 21st, writes: "There are already five regiments of colored troops organized in this department and evidently the State of Louisiana. It is expected that in all twenty-eight regiments will be organized under the department of Gen. Banks. The arrangement which Gen. Banks had made with the planters, in regard to paid negro labor, hindered the field recruiting. But Gen. Ullman was informed by Gen. Banks that a county would soon be opened where negro settlements might occur to an almost unlimited extent."
