LATER.—The American says we are not at liberty to give the present precise position of the Army of the Potomae. Suffice it to say that both railroad and telegraphic communication were resumed this morning with Fredirick and Harper's Ferry, and that the rabel raiders who cocupied Mongomery county yesterday afternoon, to make a raid, moved from those locations. They also disappeared from Marriotteville and Sykasville, on the Baltimore and Ohio Baliroad, yesterday afternoon, and there was no enemy last night between the Frederick road and the Potomae. General Meads, so soon as he took command of the army, issued orders for a general movement, and in a few hours relieved both Baltimore and Washington of all present fear of rabel invasion. We apprehend there is not a rabel in arms within thirty miles of Baltimore, and anna this side of the Potamae within a similar distance of Washington.
