### The Battle near Gettysburg.

WASHINGTON, July 3.—An official dispatch was received this afternoon from Major General Meade, dated, Headquarters of the Army of the Potomac, 12 p. m., July 2, which says: The enemy attacked me about four o'clock p. m., to-day, and after one of the severest contests of the war was repulsed at all points. We have suffered considerably in killed and wounded. Among the killed are Brig. Gens. Paul and Zook, and among the wounded Gens. Sickles, Barlow, Graham and Warren, slightly. We have taken a large number of prisoners.

A later dispatch has been received from Gen. Meade, dated 5 o'clock this morning, in which he says:

"The action commenced again at early daylight upon various parts of the line. The enemy thus far has made no impression upon my position, and accounts agree in placing their whole army here. Prisoners report that Longstreet's and A. P. Hill's forces were much injured yesterday, and had many general officers killed. Gen. Barksdale, of Mississippi, is dead; the body is within our lines. We have thus far about 1,500 prisoners, and a small number yet to be stated."

PHILADELPHIA, July 3.— Forney's *Press* of this morning, publishes the following special dispatch, dated July 2—midnight:

The list of casualties among the Pennsylvania troops are given as follows:—Eleventh army corps, Gen. Schimmelfennig wounded and a prisoner; Col. Hartung, 74th Pennsylvania, badly wounded in his left leg; Lieut. Col. Weiss, 74th Pennsylvania, wounded and missing; Col. Weaver, 75th Pennsylvania, very seriously wounded; Lieut. Col. Fogelsach, 27th Pa., wounded and missing; Dr. Hackel, 27th, Pa., wounded; Capt. Howell, 153 Pa., wounded; Capt. Young, killed; Capt. Bisker, wounded, both of the 153d Pa.; Capt. Yelton, 75th Pa., wounded slightly; Capt. Detamon and Lieut. Manle, of the 75th Pa., wounded; Lieut. Mahler, 7th Pa., wounded; Capt. Myer, 74th Pa., wounded; Lieut. Newmyer, 74th Pa., wounded; Lieut. Goldsmith, 74th Pa., missing; Brig. Gen. G. R. Paul is among the killed; Generals Wadsworth, Doubleday and Steinwehr, are reported wounded.

Our losses are enormously heavy, and the list of names now must be small. As yet we are in a region without railroads or telegraphs nearer than 20 or 40 miles, rendering the transmission of news very difficult. As to the rebels nothing definite as to their numerical strength is positively known, at least it known it is not stated. Some place their effective strength in Pennsylvania at 80,000, others say as high as 125,000. The list of killed and wounded, given above, refers exclusively to the first day's fight.

Late dispatches state that firing was heard at Gettysburg until late last night, and that the battle was again renewed this morning.

NEW YORK, July 3.—A dispatch dated Headquarters Army of the Potomac, says the engagement on Wednesday was desperate and remitting, terminating at sundown. Longstreet was in command. This force is said to have comprised Hill's Corps. During the early part of the day our forces failed to make an impression on the rebels, when Gen. Sickles arrived, and, with reinforcements, turned the tide of battle. The result may be stated thus: We advanced rapidly, met the enemy in force, attacked them with vigor, found them too strong, fell back until joined by the Eleventh Corps, renewed the attack, and regained our ground.

Generals Wadsworth, Barlow and Doubleday are reported wounded. General Baxter is reported killed. General Steinwehr was wounded. Our wounded are at Gettysburg, well taken care of.

Our forces at Gettysburg were largely reinforced on Wednesday night. Gen. Meade was in front superintending operations.

A special to the *Times*, dated "On the battle field of Thursday morning," says: No general engagement has yet taken place, though a great battle will be fought this p. m., or to-morrow. The enemy is in great force. Our troops are all up and well in hand.

The rebels occupy Pennsylvania College as a hospital. There has been skirmishing all the morning. Both parties are preparing for the great contest. Our troops are in splendid condition and fight like tigers.

Col. Hoshal was mortally wounded by a grenade while entering our end of the fort. Johnston's advance is said to be a few miles from our outer pickets, but only a show of the force expected. Nothing is more destructive than a rear attack, as everything is prepared.

Col. Stowe, 149th Pennsylvania, commanding a brigade, is badly wounded. Colonel Mahler, 75th Pennsylvania, is dangerously wounded.

HARRISBURG, July 3.—There is great excitement here to know the result of the battle fought yesterday and last night, between Meade's army and Lee's. Persons at Columbia and Bainbridge, in the neighborhood of York, heard distinctly the roar of artillery. At times it was rapid and heavy. At daylight this morning it was again renewed. The battle must have been in the neighborhood of Gettysburg.

Telegraphic communication has been reopened with Baltimore by way of the Northern Central Railroad.

BALTIMORE, June 3.—A gentleman from Parkton, twenty-six miles from Baltimore, says cannonading was heard there yesterday until nine o'clock last night. The cannonading was very heavy, and was resumed again at daylight this morning with great fury. It is positively known, however, that there was no engagement at Gettysburg, up to 4 o'clock in the afternoon.

### From Vicksburg.

NEW YORK, July 3.—The *Times* has the following special:

*Rear of Vicksburg, Wednesday, June 24.*—Up to yesterday, skirmishing has been going on along the whole line of our rear front, or rather that portion of it from Snyder's Bluff to the Big Black railroad crossing, there being every indication of a fight imminent. The rear front was put in order to resist an assault. The night before we lost a picket of 300 men, near Bear Creek, seven miles from Snyder's Bend.

On the same day the 4th Iowa cavalry was attacked by a superior force of rebel cavalry on the Bridgeport Ferry road. They were repulsed after a hard fight. Yesterday Osterhaus with considerable of Big Black, and a severe battle ensued. The rebels fought with great obstinacy and spirit and were repulsed with great slaughter. The guns of the Cincinnati have been removed by Gen. Steele and put in position in a land battery and was opened this morning.

### Latest from Vicksburg.

WASHINGTON, July 3.—The *Republican* of this afternoon says, the Government has a dispatch dated Vicksburg, June 27th, stating that the siege was progressing finely. No mention is made of the rebels in Gen. Grant's rear.

### The Reported Fall of Vicksburg.

PHILADELPHIA, July 3.—It is ascertained that the morning at the Navy Yard were detected this morning by a false report of the capture of Vicksburg.

### CASE OF DANIEL A. BOYD.

PITTSBURGH, December 21, 1861

DR. G. H. KEYSER:—I take pleasure in making this voluntary statement in favor of a medicine prepared by you called "KEYSER'S BLOOD SEARCHER." I had suffered for five years with Scrofula, which broke out on my head and forehead so as to disfigure me very much, and took off the hair when the disease made its appearance; it also broke out on my arm above and below the elbow, and set into the skin and flesh so as to expose a fearful sore. The disease on my head went so far that several small pieces of bone came out. I was very weak and low spirited and had given up all hope of ever getting well, had tried several skillful physicians and they did me no good. In September last, 1861, I was induced to try "KEYSER'S IMPROVED BLOOD SEARCHER," must confess I had no faith in patent medicines, but after I had used three bottles of Blood Searcher, the sores on my head and arm began to heal. I have now taken eight or ten bottles, and my head and arm are entirely well except the scars remaining from the sores. I will also state that I had the rheumatism very bad in my arms and legs. The Blood Searcher also cured the rheumatism. I am now a well man over forty years of age, and I feel as supple and young as I did when I was twenty, and have increased in weight twenty pounds. I would also state that the disease in my forehead was so bad that when he stooped and lifted anything heavy, the blood run out of the sore. Dr. Keyser had a photograph taken of me by Mr. Cargo, the artist, after I began to get well. It does not show my appearance as bad as it was before I commenced taking the medicine. You can see the photograph, one of which I have in a frame, and also at the office of Dr. Keyser, No. 140 Wood street, I would also state that I took the Blood Searcher which was made before Dr. Keyser commenced making it. Although it helped me some, I did not ever fear until I got the kind made by Dr. Keyser himself. One bottle of his did me more good than two of the old. I believe it is a great deal stronger and better. I have recommended the Blood Searcher to a great many of my friends for various diseases, and I believe it has helped the whole of them. You may publish this if you wish, and I am anxious that all who are afflicted as I was may be cured. I reside this city, No. 4 Pine street, and am employed at Oil Ville & Anderson's Union Marble Works, 54 Wayne street. DANIEL A. BOYD.

### A BLIND MAN CURED.

I live in Sligo, at Clinton Mill, and have been nearly blind in both eyes for nearly four years. I called on Dr. Keyser about three months ago, and asked him to give me directions to the Institution for the Blind in Philadelphia. He told me that I need not go to Philadelphia to get well, as he had medicine that would cure me, as he said my disease was in the blood. I was treated for it two or three times in the hospital in this city, and was relieved, but my disease always returned after a month or two after I came out of the hospital. I found my disease was returning and I called by the advice of a good friend of mine, on Dr. Keyser, who was restored my sight, and my eyes are nearly as well as ever. The Doctor gave me "Keyser's Blood Searcher" and a wash. DAVID KINNOLLY,

### A BAD SORE LEG CURED.

PITTSBURGH, September 18, 1861.—I hereby certify that I have had a bad leg for over a year. It was covered with ulcers and sores so that I could not work for nearly a year. My leg swelled so that I was unable to do anything for a long time, for at least six months. I tried several of the best doctors in the city, but without any benefit; finally I called on Dr. Keyser, at No. 140 Wood street who only advised me about two weeks, and gave me but two bottles of medicine and I am now entirely well and have on the small pox for six months. I am employed at the Eagle Engine House, on Fourth street, where my case can be had. THOMAS FARRELL.

PROPOSALS FOR HAY, STRAW AND GRAIN.

ASSISTANT QUARTERMASTER'S OFFICE,
Corner G and Twenty-second streets.
WASHINGTON, D. C., April 16, 1863.

WRITTEN PROPOSALS are invited for furnishing HAY, STRAW, OATS and CORN, for the use of this Depot, to be delivered at the Railroad Depot, or at any of the Government Wharves in this city.

The proposals to be addressed to the undersigned, and they should state the quantity of each article offered, also the price and the date of delivery.

Proposals will be received for five thousand (5,000) bushels of Corn, Oats, and fifty (50) tons of Hay or Straw, and upwards, unless it should be for the interest of the Government to contract for a less amount.

All grain to be put in good sacks of about two (2) bushels each, which are to be furnished at the cost of the contractor.

The Hay and Straw to be securely baled.

All Grain and Hay offered to be subject to a rigid inspection by the Government Inspector.

Contracts will be awarded from time to time to the lowest responsible bidders, as the interests of the service may require. Good security will be required for the faithful fulfilment of any contract made under this advertisement.

Payment to be made at the completion of the contract. S. L. BROWN,
ap21:2w Captain and A. Q. M., U. S. A.

QUARTERMASTER GENERAL'S OFFICE,
WASHINGTON CITY, March 19, 1863.

OWNERS OF STEAM VESSELS are invited to send to the Quartermaster General's office tenders for their charter or sale.

Tenders should contain descriptions of the vessels, their dimensions, enrolled or registered, tonnage, actual carrying capacity, material, whether coppered or not, character of engines or propellers, whether screw or iron fastened, size and power of engines and boilers, and should state the price at which they are offered, for long or short charter, with the estimated value of the vessel in case of loss, or in case the government should prefer to purchase instead of chartering.

Owners of steam vessels already in the service of the Quartermaster's Department, are requested to make known to the Department any suggestions in their present rates which they may be willing to grant, and also the price at which they will be willing to sell them.

All such tenders should be addressed to the Quartermaster General of the United States, at Washington, and should be endorsed "Proposals for the charter or sale of Steamers."

When received they will be considered, and the Department will reserve to reduce the heavy expense attending army transportation upon the ocean and tide waters by substituting, whenever it can be so, cheaper vessels of equal capacity for those now employed. m18d6w
