#### "The Arsenal Question" in Councils

It will be seen that the City Councils have taken measures to inquire into the matter of giving employment in the Allegheny Arsenal, to men of doubtful loyalty—and undoubted disloyalty—by the following extract from the journal of their session last night:

Mr. McCarthy submitted the following preamble and resolution, which were adopted without a dissenting voice:

WHEREAS, This community has been deeply grieved to hear that persons holding disloyal sentiments have been, and are now, employed in the Allegheny Arsenal; and believing that the policy of making no distinction on the part of the Commandant of said Arsenal, between sound unconditional Union men and those who have no party, and sincere opposition to the unholy and iniquitous attempt to destroy this Government and build upon its ruins, one whose corner stone, as declared by Alex. H. Stephens, is founded upon Slave labor, is unwise and calculated to shield treasonable conduct from the odium and detestation which properly belongs to it. Therefore,

*Resolved*, That a Committee of five—two from the Select and three from the Common Council—be appointed to investigate the facts of the case, and lay them before the Secretary of War for his action.

In C. C., Mr. Montgomery moved to lay the resolution on the table. The motion was seconded by Mr. Duffy. The yeas and nays were called and were as follows:

Yeas—Messrs. Duffy, Kearns, Montgomery and Sullivan—4.

Nays—Messrs. Ardray, Armstrong, Barckley, Bailey, Coffin, Coward, Hays, Holmes, Jeremy, Mackey, McCandless, McClelland, McVay, O'Neill, Steel and President Killen—16.

So the motion was not laid on the table.

On motion the action of S. C. was concurred in, and Messrs. Mackey, Kearns and Hays appointed on the committee.

The appointment in the Select Council, of the Committee raised by the above action, was held over, but will probably be announced shortly. Owing to the abuse heaped on one of the editors of this paper, for having directed attention to this matter some time ago, it may not be improper to state that the first knowledge of this action of the Councils we had was in reporting their proceedings last night. Our gratification, however, is unmixed in seeing the inquiry in hands where it will be searchingly probed. We direct the attention of the Committee to the evidences of disloyalty handed to Col. Whitney by Hon. Thomas Williams and Hon. J. K. Moorhead, upon which these gentleman felt called on to *demand* the dismissal of the disloyal operatives, and the *rebutting* testimony which furnished the pretext for their restoration.

And so we leave the subject, promising to keep our readers informed of the progress of the action of the Committee of the Councils.

#### The Night Police.

At the meeting of Councils, held last night, Mr. O'Neill introduced an ordinance providing for the increase of the pay of the Night Police, and ouiting off all fees for arresting vagrants, and drunken and disorderly persons. The present pay of the police is one dollar per night, (exclusive of fees,) for the watchmen; one dollar and twenty-five cents for the lieutenants, and one dollar and a half for the captain. The new ordinance fixes the compensation at one dollar and a half for the watchmen, and one dollar and seventy-five cents for the lieutenants and captain.

Those gentlemen are anxious to have the ordinance passed, and have petitioned Councils to advance their pay to one dollar and fifty cents per night, and cut off the fees. In fact, they even go further than to petition, and say they will not serve as policemen after the first of August if their wages are not advanced.

The ordinance was passed in Common Council as reported, but the select branch refused to concur, and amended by affixing the salary at twenty-five cents per day less than stipulated in the ordinance. This would make the pay of the watchmen about $38 per month, as they are paid for seven days' service in the week. Under the ordinance as reported their pay would be $45 per month.

The opposition of the Select Council, however, was not so much on the score of compensation. They did not regard a dollar and a half a night as too high, but the argument was made use of, that the present police force were not the right kind of men, and great doubt was impressed, whether any better men *would* be chosen, as the friends of the measure had promised. Some members were of the opinion, that many of the present night watchmen were paid a much higher sum than they earned.

We believe that the city would be greatly benefited by paying even two dollars per night to the police, if good and reliable men can be had—but "there's the rub." The constabulary affairs have been managed in such a way that we have but very few faithful and competent officers, and it is greatly to be feared that an increase of salary will not be followed by a corresponding increase in the amount of service rendered the city. An effort, however, will probably be made at the next meeting, to get the ordinance through as originally reported.

#### A Complaint Answered.

A correspondent sends us the following note: "Rev. Shied, of the German Catholic Church in Allegheny, asked me to-day whether the conscription law requires a lawyer to present an affidavit for exemption on the ground of alienage, as the Provost Marshal of the 23d District refuses all such papers if not presented by or through a lawyer. In bringing this imposition before the public, you will save a good deal of bad blood made by this Marshal."

We are authorized, by a member of the Board, to say that the above allegation is entirely unfounded. Capt. Kirker, so far from requiring these papers to be made out by a lawyer, refuses to receive them unless presented by the parties themselves. In a word, the Board has "turned the lawyers out," so to speak, and will not permit them to manage the case of any man applying for exemption. A good deal of unnecessary complaint is made against the Provost Marshals, simply because parties will not take the trouble to investigate the truth, but catch at every idle remark.

#### The Meeting of the Republican Convention Changed from Lafayette to Concert Hall.

The gentlemen having in charge the arrangements for the Republican State Convention, have secured Concert Hall for the sessions of that body. This is an excellent change of location. The interest which centers in the action of the Convention, and the large number which will be anxious to witness the proceedings, render this a wise action, and will receive the hearty approval of the public. The alterations and embellishments will be of such a character as to promote the comfort of the delegates and public, and render the hall well worthy of a visit independent of the great importance of the business to be transacted on next Wednesday week.

RESCUED.—A fine looking young girl, aged about twelve years, was last evening taken from a disreputable house, kept by Kate Eyler, in Church alley. The girl had left her parents' house in Lawrenceville, on Sunday morning, and visited an acquaintance, and while there, was met by the woman, Kate Eyler, whom she had known for some time. The woman induced the girl to go to her house in order to keep her company. On learning the fact, the police officers visited the house, and returned the girl to her home. The girl's father is in the army.

Co. B, FOURTH CAVALRY.—Capt. Parke, of Co. B, 4th Pennsylvania Cavalry, gives the following list of casualties in the cavalry fight at Shepherdstown, on the 17th inst: Orderly Sergeant John Harper, shot through the left breast and left in the hands of the enemy; Corporal Thomas Carothers, shot in the neck or cheek, also in the hands of the enemy; Sergeant John Irwin, Corp. George W. Crawford and private John Smith taken prisoners. There were only seventeen men of the company in the engagement.

THE VIGILANT FIRE COMPANY.—In Common Council, last night, a resolution was adopted instructing the Committee on Fire Engines and Hose to refuse any warrant to the Vigilant Fire Company, for the balance of the appropriation for the current year, and that no steamer receiving appropriations from the city, be allowed to leave the city for the purpose of making a visit, without obtaining permission from the Committee. In Select, the matter was laid on the table.

#### Lower St. Clair Schools.

The following teachers have been chosen for the schools of Lower St. Clair township:

No. 9 and 10—Mr. James Cook, Grammar Department, and Miss Maggie Creusen, Primary Department.

A FINE BUILDING.—The new building of Dr. H. P. Schwarts, on the corner of Federal and Water streets, Allegheny, is one of the finest and most substantial in either city. It is three stories, with iron front, well lighted from both front and sides. James M. Ralph, Esq., of Allegheny, is the architect, and Wm. Owens, Esq., the builder. We have not learned who the carpenter is. Dr. Schwarts deserves credit for setting so good an example to the business men of Federal street, especially as he has erected this fine building on leased ground, on the spot he has occupied for so many years as a drug store.

SURETY OF THE PEACE.—Peter Bullion was arrested on the information of Rev. Father Schmidt, of Lawrenceville, and held to answer the above charge, by Alderman Taylor, of the 5th Ward. Bullion is charged with threatening to shoot the reverend gentleman, and by his officers of the church subsequently charged Bullion with malicious mischief.

LARCENY.—This morning, a vegetable dealer named Mrs. Smith, who keeps a stand in the Allegheny market house, was robbed of a pocket book containing $20. The book was lying on the stand, and while her back was turned some one picked it up. She suspects a boy, a glimpse of whom she got as he was edging his way out through the crowd.

CROSS SUITS.—Michael Harron, Owen Harron, and Frank Harron appeared before Alderman Taylor, and made information against Charles O'Riley, for battery, and threatening to shoot them. O'Riley made a counter charge against the three Harrons. The magistrate held the entire party to bail to answer at Court.

CHILD BITTEN BY A DOG.—George Meixner charged John C. Vanryne, of the Fifth Ward, with keeping a ferocious dog. Vanryne was held to answer this charge. The beast had bitten a child of Meixner's severely; had hence the charge.

FORESTALLING.—Mrs. Cavanaugh, keeper of a grocery on Fifth street, opposite the Court House, was fined five dollars and costs, by Mayor Alexander, for purchasing cabbage in the Allegheny market to sell again.

CHARGE OF KEEPING A FEROCIOUS DOG.—Michael Flanegan appeared before Alderman Taylor yesterday, and made a charge against Mr. Dougan for the above offense. Dougan was held to bail to answer.

DISORDERLY.—Joseph Zahrhut, of the Fourth ward, Allegheny, was fined five dollars and costs, by Mayor Alexander, for disorderly conduct, or oath of Caroline Strobeck.

TRANSFERRED.—Mr. Jay T. Howard, son of Thomas Howard, Esq., late Consul at San Juan del Sur, Nicaragua, has been appointed Consul at Naples.

## LATE TELEGRAPHIC NEWS.

(FROM OUR EVENING EDITION.)

### GEN. LEE'S ARMY SOUTH OF CULPEPPER.

### A Stand Expected South of the Rapidan.

#### DESPONDENCY IN THE REBEL ARMY AND THE SOUTH.

WASHINGTON, July 28.—Information received to-day shows that Lee's army, under Longstreet, Hill and Ewell, passed through Chester Gap on Thursday and Friday, and are now at and South of Culpepper. Buford's cavalry opposed them, but had to fall back, but hung on their rear, capturing prisoners and cattle. It was generally thought that Lee was making all possible speed to Richmond, but Buford thinks the rebels intend making a stand on the South side of the Rapidan.

Rebel prisoners say, that our cavalry has done more to defeat Lee's plans than any other arm; also that a great deal of despondency prevails in the South, and in the army, in consequence of the recent defeats and failure of Lee's plans.

The defection of Joe. Johnston and his refusal to obey the orders, of Jeff. Davis, will necessitate the construction of an army in the South-west.

### THE REBEL STEAMER MERRIMAC CAPTURED.

### HEAVY FIRING HEARD AT CHARLESTON.

### Our Forces Still Battering Fort Wagner.

NEW YORK, July 28.—The rebel steamer Merrimac, which was built by the British for the rebels, last year, has arrived here. She was captured by the gunboat Iroquois while running the blockade at Wilmington. She is a 500 tons iron vessel, and is loaded with cotton.

The schooner Mason, from Port Royal, reports having passed off Charleston on the 20th. She heard heavy firing. Our forces were still battering Fort Wagner.

### Train Fired into near Manassas.

NEW YORK, July 28.—The *Herald's* Washington special says: Yesterday a train from Warrenton to Alexandria, conveying about 300 troops, was fired into by guerrillas, when within two miles of Manassas. No damage was done. The troops scoured the woods in the vicinity, but were unable to find the enemy.

Proceeding a short distance further, the train was again fired into, without injury, and the soldiers were again unable to corner the perpetrators, and the train proceeded without further interruption.

It was reported here to-day that some 40 of Moseby's guerrillas were captured last night, but on inquiry the story proves to be unfounded. One scouting party captured six and another a single guerrilla, which appears to be all that has been done in the line for the past 48 hours.

### Arrival of Morgan and his Officers in Cincinnati.

CINCINNATI, July 28.—John Morgan, Col. Clarke, and about thirty other rebel officers, arrived here last night, and were taken to the city prison.

CASE OF DANIEL A. BOYD.

PITTSBURGH, December 31, 1861.

DR. G. H. KEYSER:—I take pleasure in making this voluntary statement in favor of a medicine prepared by you called "KEYSER'S BLOOD SEARCHER." I had suffered for five years with Scrofula, which broke out on my head and took off the hair when the disease was made its appearance; it also broke out on my arm above and below the elbow, and eat into the skin and flesh so as to expose a fearful sore. The disease on my head went so far that several small pieces of bone came out. I was very weak and low spirited, and had given up all hope of ever getting well, as I had tried several skillful physicians and they did me no good. In September last, 1861, I was induced to try "KEYSER'S IMPROVED BLOOD SEARCHER." I sent several bottles I had no faith in patent medicines, but after I had used three bottles of Blood Searcher, the sores on my head and arm began to heal. I have now taken eight or ten bottles, and my head and arm are entirely well except the scars remaining from the sores. I will also state that I had the rheumatism very bad in my arms and legs. The Blood Searcher also cured the rheumatism. I am now a well man, and over forty years of age, and I feel as supple and young as I did when I was twenty, and have increased in weight twenty pounds. I would also state that the disease in my forehead was so bad that when he stooped and lifted anything heavy, the blood run out of the sore. Dr. Keyser had a photograph taken of me by Mr. Cargo, the artist, after I began to get well. It does not show my appearance as bad as it was before I commenced taking the medicine. You can see the photograph, one of which is now in my possession, and also at Dr. Keyser's, 140 Wood street.

I would also state that I took the Blood Searcher which was made before Dr. Keyser commenced making it. Although it helped me some, I did not get over fast until I got the kind made by Dr. Keyser himself. One bottle of his did me more good that two of the old. I believe it is a great deal stronger and better. I have recommended the Blood Searcher to a great many of my friends for various diseases, and I believe it has helped the whole of them. You may publish this if you wish, and I am anxious that all who are afflicted as I was may be cured. I live in this city, No. 4 Pine street, and am employed at Colville & Anderson's Union Marble Works, 54 Wayne street.
DANIEL A. BOYD.

A BLIND MAN CURED.

I live in Sligo, at Clinton Mill, and have been nearly blind in both eyes for nearly four years. I called on Dr. Keyser about three months ago, and asked him to give me directions to the Institution for the Blind in Philadelphia. He told me that I need not go to Philadelphia to get well, as he had cured that world over man, as he said, and also me was in the blood. I was treated for it two or three times in the hospital in this city, and was relieved. The disease always returned after a month or two after I came out of the hospital. I found my disease was returning, and I called, by the advice of a good friend of mine, on Dr. Keyser, who has restored my sight, and my eyes are nearly as well as ever. The Doctor gave me "Kinney's Blood Searcher" and a wash.

A BAD SORE LEG CURED.

PITTSBURGH, September 18, 1861.—I hereby certify that I have had a sore leg for over a year. It was covered with ulcers and sores so that I could not work for nearly a year. My leg swelled so that I was unable to do anything for a long time, for at least six months. I tried several of the best doctors in the city, but without any benefit; finally I called on Dr. Keyser, at No. 140 Wood street who only attended me about two weeks, and gave me but two bottles of medicine and I am now entirely well and have continued well for six months. I am employed at the Eagle Engine House, on Fourth street, where any one can see me.
THOMAS FARRELL.

*NOTICE.—Be careful to get the right kind, as there is a counterfeit in the market.*
