SATURDAY MORNING, DEC. 6, 1863. CITY AND SUBURBAN. SPECIAL PAPER.

The Right of Bridge Companies to Issue Tokens.

The following opinion by Judge McCord of the United States District Court, in the case against the Monongahela and other Bridge Companies, settles the question relative to the right of these corporations to issue paper tokens.

The question raised by the demurrer is, whether these corporations are liable to the penalty under the provision of the act of Congress of the 17th of July, 1863, for issuing paper tokens to be received for toll.

What are these tokens but a mere permit to pass on the defendant's bridge, the printed receipt for the toll which the passenger pays over a public thoroughfare for a given distance.

It is now finished and ready to be sent abroad by the best styles of the celebrated Baker & Baker Co., makers of the most perfect and reliable machinery.
