THE PITTSBURGH GAZETTE

BY MAGNETIC TELEGRAPH.

FRIDAY MORNING, JUNE 4, 1847.

ARRIVAL OF THE STEAMSHIP HIBERNIA.

GREAT ADVANCE IN FLOUR & CORN. DECLINE IN COTTON.

TWELVE DAYS LATER FROM EUROPE.

Extensive Commercial Failures in London, Liverpool, Glasgow, Manchester, &c.

Flour has advanced largely since the sailing of the Hibernia. Selling at 45s6d per bbl.

Corn has also advanced very considerably—it is quoted as selling at 65s6d per quarter of 480 pounds.

Cotton—The quotations for Wednesday are as follows—Bid 5d, Asked 5¼, White 4¾, Middling 5¼—all per 7lb pounds.

Provisions—The quotations are 65s for pork and 70s for Prime Mess.

Beef—We find no correction with this, that we have seen. They remain the same as the prior. There is a good demand for Prime Mess, and the quotations are firm, although we have no doubt there has been a large month from the interior. Stocks are not large, and the market is firm for the article. Sales of 1,000 barrels Ohio Prime Mess at 70s.

Lard—The quotations for Wednesday are as follows—Bid 42s, Asked 43s—43s per 70 pounds.

Rosin—The quotations are 6d for pale and 5s6d for fine.

We see no change in connexion with this, that we have seen. They remain the same as the prior. There is a good demand for Prime Mess, and the quotations are firm, although we have no doubt there has been a large month from the interior. Stocks are not large, and the market is firm for the article. Sales of 1,000 barrels Ohio Prime Mess at 70s.

We hope notto weary the attention of our readers by the attention given to the subject, and continued as we are at the present moment, we do not think any extra inducement will be given to awaken a great deal to the particulars, which we shall probably have to-morrow. Still produce would attract a small share of attention, for the time we are in a month from the interior.

Corn—The quotations for Wheat are as follows—Red 6s6d, White 7s—7s6d per 70 pounds.

Flour—The quotations are 45s6d per barrel.

We see no change in connexion with this, that we have seen. They remain the same as the prior. There is a good demand for Prime Mess, and the quotations are firm, although we have no doubt there has been a large month from the interior.
