however, for the sake of the South, to see the exchange, Cincinnati has one, and a majority of

corress of the South need only to be d

whilst the class. of "amproductive consumers" at the Suxth is fearfully large. The professions have much to answer for in this respect. Many study young follows, who would exjoy both health and competence it following the plough, are wasting thair energies and lives in a fruities chace after regarding the experiment of the community and their own.

Georgia, we are happy to see, is waking up, the former studd ides, that a greatlemor was one who were white kind, and never worked, is fast greatlemor was one who were white kind, and never worked, is fast greatlemor was one with the contract we give in the contract was greatlemor was one who were white kind, and never worked, is fast greatlemor was one with condition of the propect of an abundant harrising in the certainty of cash payments, snable inguisment (either with hand or beala), are the true contractors to offer for work on this imprevement is a rate lower than has a real propertion has not a rate lower than has a real propertion in the certainty of cash payments a state lower than has a real properties in a rate lower than has a real properties.

min (either with hand or braid). Yes obe two mility of sentry, and stuary is the Camera at a many mining of the County of the Camera and mining of the County of the Camera and mining of the Camera and Markatine at a many mining of the Camera and Markatine at a many mining of the Camera and Markatine at a many mining of the Camera and Markatine at a many mining of the Camera and Markatine at a many mining of the Camera and Markatine at the Camera and Marka it will be since int. These, will prove up to the projector but at the same time a source of amusement and recitions the same time a source of amusement and recitions to but citizens generally. All should off with by a horse. He mounted him of his same
