GARSAM'S PATENT BEDSTEAD.

NOTWITHSTANDING the opposition of a Pittsburgh Mechanic, a majority of the Cabinet makers of this city have given the above Bedstead their preference, simply because it deserves it, being the best, strongest, and most convenient Bedstead in use. The following testimonial speaks for itself:

We, the subscribers, practical cabinet makers of the city of Pittsburgh and Allegheny, do hereby certify that we have bought the right to manufacture bedsteads with Garsam's Patent Fastenings, and that we consider it superior to any fastening with which we are acquainted.

PATENT PRESS BRICK MACHINE

The undersigned having obtained a patent, May 19th, 1846, for a Machine for making Brick, which he thinks ably tested its ability, we now prepared to sell rights and contract to deliver machines in any part of the country. The machine is designed to make Brick from crude clay, and will make 20,000 per day. The Brick are finished hard and to stack up in the kiln; thus avoiding the expense and labor of repairing the clay, drying and handling the brick after pressed. A simple, strong, not liable to get out of repair, and is constructed that it can be taken to pieces and put together in the field. Machines packed and shipped to order. We are now building machines, and can furnish them on short notice. Post Office address, Ligonier, Westmoreland county, Pa. In case of special operation a Mill check button, near the West end of Smithfield street bridge, Pittsburgh, will be kept constantly where we shall be happy to wait on those who may call. We have at present no authorized Agent. All letters to our address will be promptly attended to.
