MEDICAL.

SURGICAL OFFICE.
No. 85 DIAMOND ALLEY, a few doors below Wood street, towards the market.

DR. BROWN,
Having great regularity attended to the medical profession, and even for some time in GENERAL practice, now confines his attention to the treatment of those private and delicate complaints for which his oppose peculiarly qualify him.

Eleven years' assiduous devotion to the study and treatment of these complaints, during which time he has had extensive practice and has cured more patients than can ever fall to the lot of a private practitioner) enables him to offer satisfactory references to those afflicted with delicate diseases, and all diseases arising therefrom.

Dr. Brown would inform those afflicted with private diseases, that he has never been guilty of using poisonous or aggravating and by the use of any of the common nostrums of the day. His complaints can be radically and thoroughly cured, by having given his careful attention to the treatment of such cases, and succeeded in hundreds of instances where others have considered them incurable. His experience in curing Syphilis, Affection of the neck of the bladder, and blended diseases which often result, is unequalled in many cases where others have consigned them to hopeless despair. He particularly invites those who have long and unsuccessfully treated by others to call on him, when every satisfaction will be given them and a perfect cure treated in a careful, thorough and intelligent manner, pointed out by long experience, study and investigation, which it is impossible for those engaged in general practice of medicine to give any one class of diseases.

Persons or Letters—Dr. Brown, as he has paid particular attention this delicate class of diseases, can safely undertake medicines with directions for use, by addressing T. BROWN, M. D. post pd.) and such can be sent to any part. dec19

CONSUMPTION ARRESTED—To those afflicted with Diseases of the Lungs.

—This is to certify to those afflicted with the first premonitory symptoms of Consumption, that I have been afflicted for several years with a bronchi, soreness of the throat and hoarseness. I used many medicines, but found no relief in any preparation of medicine, until I used one of DR. DUNCAN'S EXPECTORANT REMEDY. I have been using this valuable medicine for several years, and always find it to relieve whenever I make use of it. My occupation as an Auctioneer, which keeps me almost constantly engaged, causes a cold at times, to become very alarming, when I at once have recourse to this medicine. I therefore take pleasure in making this public statement, that others afflicted with a disease of the lungs and expectorant organs may try. Know the virtues of this "all healing remedy," and may be cured. I have recommended Dr. Duncan's Expectorant Remedy to many of my friends, some of whom owe their lives to this medicine.

Boomer, Ohio, Oct. 13, 1845. JAMES HEWIT

The proprietor of the above medicine would, also refer to the undersigned persons, who reside in Perry County, to whom any person may call upon and be convinced that there are virtues found in the above medicine that cannot be excelled:

MEDICAL.

TO THE SICK AND AFFLICTED.
DR. SWAYNE'S
GREAT DISCOVERY.
The great Remedy for
Consumption, Coughs, Colds, Asthma, Bronchitis, Liver Complaint, Spitting Blood, Difficulty of Breathing, Pain in the Side and Breast, Palpitation of the Heart, Influenza, Croup, Broken Constitution, Sore Throat, Nervous Debility, and all diseases of the Throat, Breast and Lungs; the most effectual and speedy cure ever known for any of above diseases,
IS DR. SWAYNE'S
COMPOUND SYRUP OF WILD CHERRY.
ANOTHER LIVING WITNESS.—Read with astonishment the wonderful cure performed by Doctor Swayne's Compound Syrup of WILD CHERRY:

PHILADELPHIA, January 25, 1847.

Dr. Swayne—Dear Sir: In justice to yourself and a duty I owe to suffering humanity, I cheerfully give my testimony, and declare it to the world the most astonishing effected, and the great cure your Compound Syrup of Wild Cherry performed on me, under the most unfavorable circumstances. I was taken with a violent Cough, Spitting of Blood, severe Pains in the Side and Breast, which seemed to break down and enfeeble my constitution, so that my physician thought my case was beyond the power of medicine, and my friends all gave me up to die; but thanks to you and the effects of your great discovery, I now feel myself a well man, and raised from a mere skeleton to as fleshy and healthy a man as I have been for years, and shall be pleased to give any information respecting my case, by calling at my residence, Mechanic street, third door below George street, Northern Liberties. JOHN PAIFFAR.

Testimony is now received from all quarter s o the Globe.

The following letters are presented with a view of more fully showing the opinions of Physicians in relation to the Medical value of Dr. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY.

Dr. Swayne—Dear Sir: Having used your Compound Syrup of Wild Cherry extensively in my practice, I was requested by your Agent, Doctor Crutcher, to express my opinion in writing of its properties as a remedial agent, I most cheerfully comply, as I feel by so doing, I will discharge a debt I owe the community at large, and Physicians in particular. As much as I detest Quack Remedies and Patent Nostrums, I was induced from a failure of the most potent expectorants, recommended in our Materia medica in some cases of Diseased Lungs, to try your preparation of Prunus Virginia or Wild Cherry. It is sufficient to say that I was so much pleased with the result of that and subsequent trials, that I now prescribe it in preference to all other Remedies where an expectorant is indicated. In the much dreaded, Pneumonia or Disease of the Lungs, in the alarming form in which it appears in Kentucky, I regard it as an invaluable Remedy in the treatment of that disease. You all who know me I have said enough, for what as this may be to persons out of the vicinity of Frankfort, I will briefly add, that I have been engaged in an active practice of my profession for a period of 12 years, and am a Regular Graduate of Transylvania, and related from first Patent Medicine I ever thought enough of to express an opinion in writing.

Jan. 7th, 1847. Dr. ELLISON, M. D.
Franklin County, Ky.

FRANKFORT, Ky., Jan'y 7th, 1847.

The above certificate is from one of our Physicians living a few miles from here, he is doing a very good practice, and is considered a good Physician, and stands fair; he is, so he says, a regular graduate.

Dr. W. L. CRUTCHER,
Druggist and Apothecary.

Testimonials still never cease.

From the Temperance Pledge.

Now that Winter is upon us we should standan train of Pulmonic and Bronchial affections, Coughs, Colds, &c., &c., we would advise those afflicted in this way to make immediate trial of Dr. Swayne's Compound Syrup of Wild Cherry. It will never fail to perform a permanent cure. The reputation of this medicine has caused many spurious articles to be put forth under its name; but the preparation of Dr. Swayne, besides being the first, is ever adored to the public, is the only one that can be relied on. The other mixtures sold for WILD CHERRY Syrup, Balsams, &c., are all spurious and worthless, and contain none of the virtues of the original preparation, Dr. Swayne's Compound Syrup of Wild Cherry.

From the Springfield Express.

Of the thousands of purported curative nostrums now before the public, but very few are found to possess the healing virtues for which they are recommended. Among the latter we are pleased to learn one proved a better test than Dr. Swayne's Compound Syrup of Wild Cherry. The afflicted in this vicinity are beginning to use it, and to their joy they find in its use their hopes based upon its recommendations more than realized. The afflicted need not despair. While there is life, there is hope.

A CAUTION TO THE PUBLIC.

Since the introduction of my article to the public, there have a number of unprincipled individuals got up nostrums which they assert contain Wild Cherry, some are called "Balsams," "Bitters," and even Syrup of Wild Cherry, but mine is the original and only genuine preparation ever introduced to the public, which can be proven by the public Records of the Commonwealth of Pennsylvania. The only safeguard against imposition is to see that my signature is on each bottle.

Prepared only by Dr. H. SWAYNE, at his Principal Office, corner of EIGHT and RACE Streets, Philadelphia. Swayne's Wild Cherry preparations being fictitious and counterfeit without his signature,

IMPORTANT TO THE LADIES.—Chinese Hair Cream, a most valuable article for the Growth, Beauty and Restoration of the Hair. This Cream, when once known, will supersede all other articles of the kind now used. Where the hair is dead, harsh, thin, or turning grey, a few applications will make the hair soft and glossy, and give it a beautiful appearance, and will also make it retain its invaluable and healthy color twice as long as all the preparations which are generally used. Every lady and gentleman who are in the habit of using oils on their hair, should be sure to purchase a bottle of the Chinese Hair Cream, as no one composed that it will not injure the hair like the other preparations, but will beautify it, and give perfect satisfaction in every instance.

For testimonials to its very superior qualities, see the following letter from Mr. Rev. Caldwell, to Rev. Henderson & Sprech, Nashville, General Agents for the Western States:

Letter from the Rev. R. Caldwell, pastor of the Presbyterian Church, Falsell.

Messrs. Henderson & Sprech—Gentlemen: I take pleasure in adding my testimony in favor of the Chinese Hair Cream—for about two years ago my hair was very dry, and disposed to come out; but having purchased a bottle of the Cream, and used it according to the prescription, my hair is now soft, elastic and fine in the head. Many instances and oils were applied each lasting my hair in a worse state than before. This Cream, however, has met my expectations.

As an article for Toilet use, my wife gives it preference over all others, being distinguished for its purity, and its freedom from greasiness. The ladies especially will find the Chinese Hair Cream a great convenience in their preparations for the toilet. Respectfully, &c.

SHERMAN'S TOOTH PASTE.
A PERFECT DENTIFRICE.

THIS best and most effectual means of whitening the Teeth, strengthening the gums, sweetening the breath, and preserving the teeth, is used every night with a soft brush, and the teeth and mouth well washed after washing in the morning. GREEN MOUNTAIN OINTMENT.

NEW YORK, Nov 15, 1846

Gentlemen: Some seven or eight months ago a sore came upon the bottom of one of my feet, which was attended with much pain, rendering the usual remedies for sores, but unsuccessfully. I at last procured a box of your Ointment, and spread on the skin of the palm of my hand; I put on my hand and foot, and it a beautiful thing. My salves and pain ceased as soon as I could bear of, and had the effect to relieve the pain or arrest the progress of the sore; in two days it commenced healing it, and a severe and perpetual pain, and in about five days it was entirely healed over. Dr. Spencer Stafford of this city, advised me to try your Ointment for a bad article, which was of long standing, and which no other remedy and prescription tried on it, and to my surprise it imparts to the skin a natural feeling as a cosmetic on the skin, making it soft and smooth.

Dr. James Anderson, Practical Chemist of Massachusetts, after analyzing Jones's Spanish Lilly White, I find it possesses no poisonous properties, and is the same time innocent white I ever saw. I cheerfully recommend it to the public, and recommend its use to all whose skin requires beautifying.
