[illegible]

...the beautiful village of Northampton, at an elevation of about 100 feet above the Connecticut River, which it overlooks. The grounds surrounding the Establishment [illegible] about forty acres, which are entirely appropriated to the use and pleasure of the Patients. Amidst its beautiful groves and primitive forest trees are numerous foot paths, completely shaded, and affording healthful and pleasant walks for nearly four miles.

The spacious and commodious buildings of the establishment are located upon the eastern brow of the hill, and overlook one of the most enchanting landscapes in the world.—Immediately in front is the village of Northampton, with its numerous and handsome dwellings, amidst the dense foliage of lofty and overhanging elms. Further on to the east are the rich meadows of Northampton and Hadley, dressed in the richest verdure of Spring or the variegated habiliments of Summer and Autumn. Midway for miles, north and south, is seen the smooth and glassy surface of the Connecticut, slowly winding its way to the ocean. On the north, in immediate prospect is the village of Hatfield with its rich and beautiful farms; on the east is the flourishing village of Hadley, and also of Amherst with its Colleges; while in the distance, with the aid of a glass, may be seen an extensive and beautifully diversified range of country. On the south-east, at about 2½ miles' distance, is Mount Holyoke, in its dress of ever-living green; and gentle beyond is seen the pleasant village of South Hadley; on the south, we behold at about 4 miles distance, the majestic Mount Tom, and the charming village of East Hampton, with its elegant school edifices;—the whole presenting a combination of natural scenery unsurpassed, perhaps unequalled, by any other in the world. It was remarked by a gentleman, who had spent some thirty years of his life in various parts of Europe, that he never beheld a scene so perfectly beautiful and enchanting.

The accommodations at Round Hill are very airy and spacious, and are amply sufficient for upwards of one hundred and fifty patients.

It is provided with an abundance of the purest spring water and every other requisite for the full and perfect application of this popular and wonderfully successful medium of restoring lost or impaired health.

Dr. Denniston who resides in the establishment, is a gentleman of enlarged experience, was educated in Europe, when he enjoyed the advantages of several years practice in the celebrated hospitals of Edinburg and Dublin, and has been a successful Practitioner in this vicinity for several years—Patients may therefore repose entire confidence in his skill and discretion.

Ample provision is made for attendance. Among those employed are several well instructed German nurses.

Terms of Boarding, including medical advice $10. Patients will be supplied with every article for packing, &c. at the cost of the articles.

A GREAT CURE, performed by the original and only true and genuine Liver Pill, prepared and sold by R. E. SELLERS.

Morris' Factory, Westmoreland Co., Pa., July 19th, 1847.

Mr. R. E. Sellers—A sense of duty to you and the afflicted induces me to add my humble testimony in favor of your justly celebrated Liver Pills. I have deferred doing so for years, adhering to Davy Crockett's maxim, "be sure you are right, then go ahead." Most of the many preparations of empirics and quacks, lauded to the skies, have sunk into oblivion since your Liver Pills have been offered to the public, and, indeed, I believe they will "survive them all," as they are just what you represent them to be. I have been afflicted with Liver Complaint, from my youth; have suffered much; employed many eminent physicians, to whom I paid much money; have lost much blood; been vomited and physicked almost to death; salivated 5 or 6 times, and finally given up as incurable. In 1839-40 I was induced to try your Liver Pills, and SOON GOT WELL. One box of which is now sufficient to keep me clear of pain in the side, and all the other symptoms, for at least 12 months. Your Pills are also the best cathartic I ever used; being mild, not griping or giving much sickness at the stomach, but give as much relief. I have kept them in my store for 6 or 7 years; sold hundreds of boxes, and have never heard a single complaint uttered by any one who has used them. They have superceded almost every other pill in this neighborhood, and in a short time will banish them all. I earnestly recommend them to all persons needing physic, whether for Liver Complaint or Billious Affections. I consider them far superior to Calomel or the Blue Pill. Respectfully yours, J E Morris.

CAUTION—As there are other Pills before the public called Liver Pills, persons who want the GENUINE should ask for and take no other than those prepared and sold by R E SELLERS, No 57 Wood st. between Third and Fourth streets.

INTRODUCTION TO AMERICAN LITERATURE, or the development of the English Language, with gems of poetry; by R L Rice.

The following notice of the above work is an extract from the May number of the New York Literary World, edited by Charles Fenno Hoffman.

"This neatly executed volume is eminently worthy of the Queen City of the West, and justifies her reputation for superior literary culture. The author's plan is happily conceived: He traces the history of the English language, and illustrates the subject as he proceeds by very judicious and beautiful extracts from the best writers, from Chaucer to the present day. It was designed to be philosophical and fitted to awake and confirm a taste for English Literature. It has always been to us a matter of astonishment considering the limited time which our busy citizens can give to reading and study, that they are prone to seek their mental aliment from foreign sources. Without disparaging the belles lettres productions of Europe, we are confident that in regard to sound and vigorous thought, noble and delicate imagery, splendid rhetoric, refined sentiment and rich vocabulary, English history and criticism abound, with all that is needful to elevate and instruct the mind. They are, too, the most natural and wholesome pabulum for the American intellect. The interior of the language of Shakespeare and Bacon owes it to himself and to the cause of sound culture to look at home, with zeal and discernment—to explore with enthusiasm and fidelity the literature which is his birthright—before he wanders into other spheres. Mr. Rice's work is admirably calculated to promote this desirable object. As a book for the higher classes in schools and a guide to the general reader, it will prove of great service, and to such we heartily commend it.

MEDICAL.

DR. TOWNSEND'S SARSAPARILLA.

Most extraordinary Medicine in the World.

This extract is put up in Quart bottles; it is six times cheaper, pleasanter, and warranted superior to any sold. It cures disease without vomiting, purging, sickening or debilitating the patient.

GREAT SPRING AND SUMMER MEDICINE.

The great beauty and superiority of this Sarsaparilla over all other Medicine is, whilst it Eradicates Disease it invigorates the Body. It is one of the very best SPRING AND SUMMER MEDICINES ever known; it not only purifies the whole system and strengthens the person, but it Creates New, Pure and Rich Blood; a power possessed by no other Medicine. And in this lies the grand secret of its wonderful success. It has performed within the past two years, more than 35,000 cures of Severe Cases of Disease; at least 5,000 of these were considered incurable. More than

3,000 cases of Chronic Rheumatism;
2,000 cases of Dyspepsia;
400 cases of General Debility and Want of Energy;
7,000 cases of different Female Complaints;
2,000 cases of Scrofula;
1,500 cases of the Liver Complaint;
2,500 cases of Disease of the Kidney and Dropsy;
3,000 cases of Consumption,

And Thousands of cases of Disease of the Blood, viz: Ulcers, Erysipelas, Salt Rheum, Pimples on the Face, &c., &c. Together with numerous cases of Sick Headache, Pain in the Side and Chest, Spinal Affections, &c., &c.

This, we are aware, must appear incredible, but we have letters from physicians and our agents from all parts of the United States, informing us of extraordinary cures. R. Van Buskirk, Esq., one of the most respectable druggists in Newark, N. J., informs us that he can refer to more than 150 cases in that place alone. There are thousands of cases in the City of New York, which we will refer to with pleasure, and to men of character. It is the best medicine for the Preventive of disease known. It undoubtedly saved the lives of more than

5,000 Children the Past Season!

As it removed the cause of disease, and prepared them for the Summer season.

United States Officer.

Capt. G. W. McClean, of the United States Navy, and member of the New Jersey Legislature, has kindly sent us the following certificate. It tells its own story.

Rahway, Jan. 25, 1847.

A year since I was taken with the Influenza, and my whole system left in a debilitated state. I was induced to try Dr. Townsend's Sarsaparilla, and after taking two or three bottles, I was very much relieved, and attribute it entirely to the said Sarsaparilla. I have continued taking it, and find that I improve every day. I believe it saved my life, and would not be without it under any consideration.

G. W. McClean, late U. S. N.

Scrofula Cured.

This certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate disease of the blood. Three persons cured in one house is unprecedented.

Three Children.

Dr. Townsend—Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad sores; have only taken four bottles; it took them away, for which I feel myself under deep obligation. Yours, respectfully,

Isaac W. Crain, 105 Wooster st.

New York, March 1, 1847.

GREAT FEMALE MEDICINE.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for incipient Consumption, Barrenness, Leucorrhea, or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes, produced by irregularity, illness or accident.

Nothing can be more surprising than its invigorating effects on the human frame. Persons, all weakness and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervelessness of the female frame, which is the great cause of barrenness.

It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us. Several cases where families have been without children, after using a few bottles of this invaluable medicine, have been blest with healthy offspring.

Dr. Townsend: My wife being greatly distressed by weakness and general debility, and suffering continually by pain and a sensation of bearing down, falling of the womb, and with other difficulties, and having known cases where your medicine has effected great cures; and also hearing it recommended for such cases as I have described, I obtained a bottle of your Extract of Sarsaparilla, and followed the directions you gave me. In a short period it removed her complaints and restored her health. Being grateful for the benefits she received, I take pleasure in thus acknowledging it, and recommending it to the public. M. D. Moore, Albany, Aug. 17, 1844. Cor of Grand and Lydius sts.

Coxsackie, Sept. 22, 1845.

Dr. Townsend: To all whom this may concern—This is to certify that my wife used one bottle of your Sarsaparilla previous to her confinement, under the most alarming and delicate circumstances, being troubled with the dropsy, swelling of the feet, nervous affections, and very much debilitated; with my persuasion, and the recommendation of those who had used it, she was induced to try it, with little or no faith; and suffice it to say, the medicine had the happy and desired effect, not only in the hours of confinement, but after the expiration of one week of its use, the dropsy and nervous affection gave way to an astonishing degree, and her health is now better than it had been for a long time previous.

If this will be of any service to you or any one who doubts the success of the medicine, you are entirely welcome to it.

I subscribe myself your most obedient and obliged servant, S S Jameson.

TO MOTHERS AND MARRIED LADIES.

This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "The turn of life," should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by using this medicine. Nor is it less valuable to those who are approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all of the delicate diseases to which women are subject.

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body—not so far stimulating the system as to produce a subsequent relaxation, which is the case of most medicines taken for female weakness and disease.

GIRLS READ THIS.

You who have pale complexions, dull eyes, blotches on the face, rough skin, or freckles, and are "out of spirits," use a bottle or two of Dr. Townsend's Sarsaparilla. It will cleanse your blood, remove the freckles and blotches, and give you animation, sparkling eyes, fine spirits, and beautiful complexion—all of which are of immense value to unmarried ladies.

DYSPEPSIA.

No fluid or medicine has ever been discovered which so nearly resembles the gastric juice or saliva in decomposing food and strengthening the organs of digestion, as this preparation of Sarsaparilla.

Bank Department, Albany, May 10, 1845.

Dr. Townsend—Sir:—I have been afflicted for several years with dyspepsia in its worst forms, attended with sourness of stomach, loss of appetite, extreme heartburn, and a great aversion to all kinds of food, and for weeks (what I could eat,) I have been unable to retain but a small portion on my stomach. I tried the usual remedies, but they had but little or no effect in removing the complaint. I was induced, about two months since, to try your Extract of Sarsaparilla, and I must say with little confidence, but after using nearly two bottles, I found my appetite restored, and the heartburn entirely removed; and I would earnestly recommend the use of it to those who have been afflicted as I have been. Yours, &c., W. W. Van Zandt.

Nov 22, 1845. State Island.

ALMOST A MIRACLE.

Read the following, and doubt if you can, that consumption cannot be cured. This is only one of the several hundred cases that Townsend's Sarsaparilla has cured:

Dr. Townsend—Dear Sir: I was taken, a little over a year ago, with a severe cough and pain in my side. It increased on me very fast, indeed. I was pronounced by physicians to have the quick consumption. I raised large quantities of bad matter, had night sweats, and sinking very fast; my doctor said he could do nothing for me. I was taken to the hospital in hope of being benefitted, but was pronounced there as incurable. I was now greatly distressed at the lungs and could hardly breathe; I soon became emaciated, and expected to die; was confined to my bed, and was obliged to have watchers. Indeed I cannot give you any description that would do justice to my case. I was recommended by my friends to try your Sarsaparilla. I had tried a great number of remedies, and all seemed to be to no purpose. I read of some most extraordinary cures performed by your medicine, and to tell you the truth, I suspected there was some humbug in them. But I was induced to try it; I did so, and am very thankful I did. I cannot say that I am entirely well, but am so far recovered as to be about my business, and hope to be entirely well in a few weeks. My cough and pain in the side, and night sweats have left me, and raise but very little, and am fast gaining my usual strength. I felt it a duty to give you a statement of my case, to publish if you please.

Peter Brown, 45 Little st, Brooklyn.

Opinions of Physicians.

Dr Townsend is almost daily receiving orders from physicians in different parts of the Union.

None genuine, unless put up in the large square bottles, which contain a quart and signed with the written signature of S P TOWNSEND, and his name blown in the glass.

From the New York Daily Express of April 9, 1847.

A pretty thing appeared in the streets yesterday. It was the advertising cab, or Sarsaparilla Express of Dr Townsend. The whole thing is got up in good taste; some of the ornamental landscape paintings are beautiful, which, together with the scroll work, in gold, glistening in the sun, made a show rarely equalled in Broadway. We take this opportunity to say we believe this extract of the Sarsaparilla deserves the very great popularity it has acquired.

Nervous Debility.

New York, March 27, 1847.

Dr. Townsend:—I have been afflicted more or less for 3 years, with a dreadful sinking in the chest, giddiness in the head, loss of appetite, pain in the limbs, and general debility, brought on no doubt by the continual heat and cold to which I am subject to in my business as a dyer. I have taken other medicines, too numerous to mention, but with little or no success. I was induced by what I saw in the paper to try a bottle of your Sarsaparilla, from which I found great relief. I have since taken several more bottles, and I can unhesitatingly say it is the best medicine I have ever taken—there would not be half the sickness there is, and consequently not so many Doctor's bills; for while it restores appetite, it also gives to the stomach and bowels their regular tone; it keeps the blood in a healthy state, so that disease is not so likely to attack the system. And to all those who are not in a healthy state, I say try Dr Townsend's Sarsaparilla. Thomas Smith, 70 Allen st.

Canker in the Mouth.

Below is an account of another child saved. Dr Townsend's Sarsaparilla has saved the lives of thousands of children.—The following certificate is selected from a great number received this week.

New York, April 9, 1847.

Dr Townsend: Dear sir,—One of my children was very sick with the Canker in the mouth and throat, attended with great debility. It came near dying; I obtained some of your excellent medicine, and it cured it directly, for which I can assure you I feel very grateful. Yours respectfully, Elizabeth Fowler, 27 Delancey st.

GREAT ENGLISH REMEDY
For Coughs, Colds, Asthma, and Consumption!

THE GREAT AND ONLY REMEDY for Colds, Coughs, Asthma, and CONSUMPTION, is the HUNGARIAN BALSAM OF LIFE, discovered by the celebrated Dr. Buchan, of London, England, and introduced into the United States under the immediate superintendance of the inventor.

The extraordinary success of this medicine, in the cure of Pulmonary diseases, warrants the American Agent in soliciting for treatment the WORST POSSIBLE CASES that can be found in the community—cases that seek relief in vain from any of the common remedies of the day, and have been given up by the most distinguished Physicians as CONFIRMED AND INCURABLE. The Hungarian Balsam has cured, and will cure, the MOST DESPERATE OF CASES. It is no quack nostrum, but a standard English medicine, of known and established efficacy.

Every family in the United States should be supplied with Buchan's Hungarian Balsam of Life, not only to counteract the consumptive tendencies of the climate, but to be used as a preventive medicine in all cases of Colds, Coughs, Spitting of Blood, Pain in the Side and Chest, Irritation and Soreness of the Lungs, Bronchitis, Difficulty of Breathing, Hectic Fever, Night Sweats, Emaciation and General Debility, Asthma, Influenza, Hooping Cough, and Croup.

Sold in large bottles, at $1 per bottle, with full directions for the restoration of Health.

Pamphlets, containing a mass of English and American certificates, and other evidence, showing the unequalled merits of this Great English Remedy, may be obtained of the Agents, gratuitously.

MEDICAL AND SURGICAL OFFICE.

No. 63 DIAMOND ALLEY, a few doors below Wood street, towards the market.

DR. BROWN, Having been regularly educated to the medical profession, and been for some time in general practice, now confines his attention to the treatment of those private and delicate complaints for which his opportunities and experience peculiarly qualify him.—Eleven years assiduously devoted to the study and treatment of those complaints, (during which time he has had more practice and has cured more patients than can ever fall to the lot of any private practitioner) amply qualifies him to offer assurances of speedy, permanent, and satisfactory cure to all afflicted with delicate diseases, and all diseases arising therefrom.

Dr. Brown would inform those afflicted with private diseases which have become chronic by time or aggravated by the use of any of the common nostrums of the day, that their complaints can be radically and thoroughly cured, he having given his careful attention to the treatment of such cases, and succeeded in hundreds of instances in curing persons of inflamation of the neck of the bladder, and kindred diseases which often result from those cases where others have consigned them to hopeless despair. He particularly invites such as have been long and unsuccessfully treated by others to consult him, when every satisfaction will be given them and their cases treated in a careful, thorough and intelligent manner, pointed out by long experience, study and investigation, which it is impossible for those engaged in general practice of medicine to give any one class of disease.

Hernia or Rupture—Dr. Brown also invites persons afflicted with Hernia to call, as he has paid particular attention to this disease.

Skin Diseases; also Piles, Palsy, etc., speedily cured. Charges very low.

N. B.—Patients of either sex living at a distance by stating their disease in writing, giving all the symptoms, can obtain medicines with directions for use, by addressing T. BROWN, M. D., post paid and enclosing a fee.

No Cure, No Pay!
Dr. Jackson' Piles Embrocation. Never Fails!

THERE are few diseases more common or more troublesome than the Piles, and yet, notwithstanding great efforts have been made to cure by the use of pills, electuaries, liniments, &c., all were futile and of little benefit. Now the Embrocation is the only medicine used. A person who has been suffering with the Piles of the worst kind came from Salem, New Jersey, almost on purpose to express his gratitude for the speedy cure that this medicine had effected in his case.—Phila. Sat. Post.

NO CURE NO PAY.

DR. CULLEN'S INDIAN VEGETABLE REMEDY—Warranted to cure, or the money returned. This medicine is prepared from an Indian Receipt, obtained from one of them in the Far West, at great expense. Those who have been familiar with the Indians, know that they can and do cure Venereal without the knowledge of Mercury, Balsam, or anything of the kind. The afflicted have now an opportunity of being cured without the use of Balsam. This medicine is pleasant to the taste, and leaves no smell on the breath.

TO THE SICK AND AFFLICTED.
DR. SWAYNE'S GREAT DISCOVERY.

The Great Remedy for Consumption, Coughs, Colds, Asthma, Bronchitis, Liver Complaint, Spitting Blood, Difficulty of Breathing, Pain in the Side and Breast, Palpitation of the Heart, Influenza, Croup, Broken Constitution, Sore Throat, Nervous Debility, and all diseases of the Throat, Breast and Lungs; the most effectual and speedy cure ever known for any of above diseases, is DR. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY.

Another living witness.—Read with astonishment the wonderful cure performed by Doctor Swayne's Compound Syrup of WILD CHERRY.

Philadelphia, January 25, 1847.

Dr. Swayne—Dear Sir: In justice to yourself and a duty I owe to suffering humanity, I cheerfully give my testimony, and declare to the world the most astonishing effects, and the great cure your Compound Syrup of Wild Cherry performed on me, under the most unfavorable circumstances. I was taken with a violent Cough, Spitting of Blood, severe Pains in the Side and Breast, which seemed to break down and enfeeble my constitution, so that my physician thought my case beyond the power of medicine, and my friends all gave me up to die; but thanks to you and the effects of your great discovery, I now feel myself a well man, and raised from a mere skeleton to as fleshy and healthy a man as I have been for years, and shall be pleased to give any information respecting my case, by calling at my residence, Mechanic street, third door below George street, Northern Liberties. Jacob Painter.

Testimony is now received from all quarters of the Globe.

The following letters are presented with a view of more fully showing the opinions of Physicians in relation to the Medical value of Dr. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY.

Dr. Swayne—Dear Sir: Having used your Compound Syrup of Wild Cherry extensively in my practice, I was requested by your Agent, Doctor Crutcher, to express my opinion in writing of its properties as a remedial agent, I most cheerfully comply, as I feel by so doing, I will discharge a debt I owe the community at large, and Physicians in particular. As much as I detest Quack Remedies and Patent Nostrums, I was induced from a failure of the most potent expectorants, recommended in our materia medica in some cases of Diseased Lungs, to try your preparation of Prunus Virginia or Wild Cherry. It is sufficient to say that I was so much pleased with the result of that and subsequent trials, that I now prescribe it in preference to all other Remedies where an expectorant is indicated. In the much dreaded Pneumonia or Disease of the Lungs, in the alarming form in which it appears in Kentucky, I regard it as an invaluable Remedy in the treatment of that disease. To all who know me I have said enough, but as this may be seen by persons out of the vicinity of Frankfort, I will briefly add, that I have been engaged in an active practice of my profession of 12 years, and am a Regular Graduate of Transylvania, and this is the first Patent Medicine I ever thought enough of to express an opinion in writing.

J. H. Ellison, M. D.
January 7th, 1847. Franklin County, Ky.

Frankfort, Ky., Jan'ry 7th, 1847.

The above certificate is from one of our Physicians living a few miles from here, he is doing a very good practice, and is considered a good Physician, and stands fair; he is, as he says, a regular graduate.

Dr. W. L. Crutcher, Druggist and Apothecary.

Testimonials will never cease.

From the Temperance Pledge.

Now that Winter is upon us with its attendant train of Pulmonic and Bronchial affections, Coughs Colds, &c. &c, we would advise those afflicted in this way to make immediate trial of Dr. Swayne's Compound Syrup of Wild Cherry. It will never fail to perform a permanent cure. The reputation of this medicine has caused many spurious articles to be put forth under its name; but the preparation of Dr. Swayne, besides being the first ever offered to the public, is the only one that can be relied on. The other mixtures sold for Wild Cherry Syrup, Balsams, &c., are all spurious and worthless, and contain none of the virtues of the original preparation, Dr. Swayne's Compound Syrup of Wild Cherry.

From the Springfield Express.

Of the thousands of purported curative nostrums now before the public, but very few are found to possess the healing virtues for which they are recommended. Among the latter we are pleased to learn none, stand a better test than Dr. Swayne's Compound Syrup of Wild Cherry. The afflicted in this vicinity are beginning to use it, and to their joy they find in its use their hopes based upon its recommendations more than realized. The afflicted need not despair. While there is life, there is hope.

A CAUTION TO THE PUBLIC.

Since the introduction of my article to the public, there have a number of unprincipled individuals got up nostrums which they assert contain Wild Cherry, some are called "Balsams," "Bitters," and even Syrup of Wild Cherry, but mine is the original and only genuine preparation ever introduced to the public, which can be proven by the public Records of the Commonwealth of Pennsylvania. The only safeguard against imposition is to see that my signature is on each bottle.

DR. H. SWAYNE.

Prepared only by Dr. H. Swayne, at his Principal Office, corner of Eight and Race Streets, Philadelphia. All Wild Cherry preparations being fictitious and counterfeit without his signature.

IT NEVER FAILS!
Dr. CULLEN'S INDIAN VEGETABLE PANACEA

PERSONS afflicted with Scrofula, King's Evil Cancer, Erysipelas, Old Sores, Ulcers, Tetter Mercurial Diseases, or any other complaints arising from impurities of the blood, are requested to read the following testimonials, in proof of the wonderful properties of the above named medicine.

READ! READ!! READ!!!

We, the undersigned, having visited Mr. Isaac Brooks, Jr. at the office of Messrs. Rowand and Walton, 376 Market street, Philadelphia, consider his case the most remarkable one we have ever witnessed or heard of.

His disease was SCROFULA, and terrible must have been his twelve years' conflict with the destroyer!

His palate, the entire roof of his mouth, Nose, Upper Lip, and lower Lid of the Right Eye have been destroyed, his Face nearly eaten up, and part of the Jaw Bone carried away. And yet we can give a description of his case:

Mr. B. informs us that in January last, the whole interior of his mouth, as well as most of his face was a mass of deep and painful ulcers!

On the 11th of January last, he commenced taking Dr. CULLEN'S INDIAN VEGETABLE PANACEA, which checked the disease in a few days, and from that time the cure has progressed without interruption.

New flesh has supplied the place of the deep ulcers, and though badly disfigured, his face is sound, and his general health is restored.

We are assured that in the treatment of Mr. Brooks' case, no Mercurials, Ointments, or Caustic applications have been used,—in fact, the PANACEA ALONE, has wrought this wonderful change

SHERMAN'S TOOTH PASTE.
A PREMIUM DENTRIFICE.

THE best article known for cleaning and whitening the Teeth, strengthening the gums, sweetening the breath, &c. It should be used every night with a stiff brush, and the teeth and mouth will only require a slight washing in the morning. Wet the brush with warm water, or cold will answer, and rub it a few times on the paste, when enough will adhere for cleaning the teeth. It leaves a delicious taste in the mouth, and imparts a most delightful fragrance to the breath. It stands unrivalled as a pleasant, efficacious, convenient, and safe dentrifice. It is warranted not to injure the teeth, but to preserve them.

By using it regularly, it will remove the tartar and prevent its accumulation—prevent the toothache strengthen the gums, and prevent all diseases of them. Chemists, physicians, and the clergy recommend it as decidedly superior to every thing of the kind in use.—Ask for Sherman's Compound Orris Tooth Paste, and observe his signature is attached to each pot.

Recommended by Dr. Castle, 361 Broadway, one of our best Dentists, and by most of the old established ones in the United States, and even extensively used by the nobility of England and France.

A large proportion of the diseases that afflict mankind arise from some derangement of the stomach or bowels, which a timely use of the Cathartic Lozenges would entirely obviate. Persons of bilious habits should always have a box at hand, and take a dose whenever they feel the least derangement in their health. A judicious use of these Lozenges would prevent thousands of cases.

CITIZENS PORTABLE BOAT LINE.
1847.
FOR THE TRANSPORTATION OF ALL KINDS OF MERCHANDISE TO AND FROM Philadelphia, Baltimore, New York and Boston.

THE encouragement this line has received since its commencement, has induced the proprietors to increase the stock by adding a number of first class boats; and instead of giving receipts as heretofore as agents, we will give our own receipts for freight shipped by this line.

The boats are all portable, consequently freight is taken the whole distance without transhipment, thereby preventing damage from frequent handling on the route, and as each boat is owned by the Captain who runs them, which is a sufficient guarantee that there will be no delay on the route.

All Produce or Merchandise consigned to the undersigned will be forwarded FREE OF COMMISSION, for advancing and forwarding, and will be shipped without delay at the lowest rates of freight.

THE TRUTH, BY MEN OF TRUTH, CONCERNING SELLERS' VERMIFUGE.

—A single vial producing wonders.—Read the following from the Rev. S. Wakefield, Pastor of Liberty st. M. E. Church:

Pittsburgh, March 8, 1847.

Mr. R. E. Sellers: It is from a sense of duty, as well as with great pleasure, that I bear testimony to the virtue of your justly celebrated Vermifuge. I procured a single bottle, and gave it to three of my children, who had been ill for several weeks. The eldest was seven years old, the next four, and the youngest eighteen months. The first passed fifty-six worms, the second forty seven, and the third a considerable number not distinctly recollected. Since then they have been doing well, and are now in good health.

Yours respectfully, S. Wakefield.

From the Rev. S E Babcock, of the Methodist Episcopal Church.

Mr. R. E. Sellers: It is with great pleasure I would inform you of the good effects produced on my son of four years of age, by your justly celebrated Vermifuge. After his having convulsions, I gave him three doses, when he passed an almost incredible number, from which time his general health has been improved.

S E Babcock.

From the Rev Charles Cooke, of the Methodist Episcopal Church:

Pittsburgh, December 14, 1845.

Mr. R. E. Sellers: I gave my little daughter (between three and four years old) three doses of your Vermifuge, according to prescription, with the happiest success.—The number of worms expelled I do not know precisely, but it was large. She is now in possession of good health. I think the medicine may be confided in with great unreservedness. C Cooke.

As this Vermifuge has never been known to fail in any instance, when worms actually existed, parents should give it in preference to all others.

MEDICAL.

CHRISTIE'S

A POSITIVE & PERMANENT CURE FOR RHEUMATISM AND ALL NERVOUS COMPLAINTS.

"Why though the [illegible] may not be explained,
Since their effects are duly ascertained,
Let not [illegible], prejudice, or pride,
Induce mankind to set the means aside;
Means which, tho' simple, are by Heaven design'd
To alleviate the ills of human kind."

DR. CHRISTIE'S GALVANIC RINGS AND MAGNETIC FLUID.

THIS remarkable invention, which has received the universal approbation of the medical profession of Great Britain, comprises an entirely new application of Galvanism, as a remedial agent, by means of which the ordinary Galvanic Batteries, Electric and Magnetic Machines, &c., are entirely dispensed with, and the mysterious power of Galvanism applied without any of the objections which are inseparable from the general mode now in use. The strong doses, and irregular intervals, in which Galvanism is applied by the Machines, has been pronounced, after a fair and impartial trial, to be *decidedly injurious*, and it was to remedy this radical defect that this new application was projected, which, after unceasing toil and perseverance, has been brought to its present state of perfection. The *Galvanic Rings* answer all the purposes of the most expensive Machines, and in many other respects are more *safe* and *certain* in accomplishing the desired effect.

The *Galvanic Rings* used in connection with the *Magnetic Fluid*, are confidently recommended in *all disorders which arise from an enfeebled or unhealthy state of the nervous or vital system*, and these complaints are among the most painful and universal to which we are subject. They arise, without exception, from one simple cause—a derangement of the Nervous System—and it was in these cases that other remedies having so often failed, a new agent was greatly needed, which it is confidently believed, has been found in the proper and judicious application of Galvanism.

The Galvanic Rings have been used with entire success in all cases of Rheumatism, acute or chronic; applying to the head, face or limbs; *Gout, Tic-Doloreux, Toothache, Bronchitis, Vertigo, Nervous or Sick Headache, Indigestion, Paralysis, Palsy, Epilepsy, Fits, Cramp, Palpitation of the Heart, Apoplexy, Stiffness of Joints, Spinal Complaints, Lumbago, Neuralgia, Nervous Tremors, Dizziness of the Head, Pain in the Chest and Side, General Debility, Deficiency of Nervous and Physical Energy, and all* NERVOUS DISORDERS. In cases of confirmed Dyspepsia, which is simply a nervous derangement of the digestive organs, they have been found equally successful. Their extraordinary effects upon the system must be witnessed to be believed, and as a certain preventive for the preceding complaints they are equally recommended. The Rings are of different prices, being made of all sizes, and of various ornamental patterns, and can be worn by the most delicate female without the slightest inconvenience. In fact, the sensation is rather agreeable than otherwise.

The Galvanic Belts, Bracelets, Bands, Garters, Necklaces, &c.

In some cases of a very severe character, and of long standing, the power as applied by the Galvanic Rings is not sufficient to arrest the progress of disease and ultimately restore health. The improved modification in the Galvanic Belts, Bracelets, &c., entirely remedies this objection; any degree of power that is required can readily be obtained, and no complaint which the mysterious agent of Galvanism can effect will fail to be permanently relieved. These articles are adapted to the waist, arms, wrists, limbs, ancles, or any part of the body, with perfect convenience. The Galvanic Necklaces are used with greater benefit in cases of Bronchitis or affections of the throat generally; also in cases of Nervous Deafness; and with almost uniform success as a preventive for Apoplexy, Epileptic Fits, and similar complaints.

Christie's Magnetic Fluid

Is used in connection with the Galvanic Rings and all their modifications. This composition has been pronounced by the French Chemists to be one of the most extraordinary discoveries of modern science. It is believed to possess the remarkable power of *rendering the nerves sensitive to galvanic action* by this means causing a concentration of the influence, at the seat of disease, thus giving rapid and permanent relief. No other composition in chemistry is known to produce the same effect, or to impart a similar property to the nervous system, by means of an outward local application. The Magnetic Fluid contains nothing capable of the slightest injury; its application is agreeable, and it is as harmless in its action as it is beneficial in its results. Full explanations and directions accompany it. The combined inventions are in every way perfectly harmless; they are sold at prices within the reach of all and the discovery only requires a fair trial as a test of its surprising efficacy and permanent benefit.

Christie's Galvanic Strengthening Plasters.

These articles form another valuable application of the mysterious influence of Galvanism. They are an important adjunct to the genuine Galvanic Rings and their modifications, acting upon the same principle, but having the advantage of more local application. They are confidently recommended as a valuable addition in the speedy cure of Rheumatism, acute or chronic; in all nervous complaints, and as a positive remedy in cases of *Pain and Weakness in the Chest or Back, Pain in the Side, in Asthmatic Affections*, and in *Weakness or Oppression of the Pulmonary Organs*. In Spinal Complaints their effects are of the most decided character, and they have often been tried with complete success. They are also of the greatest advantage in Pains and Weakness of the Breast, and are highly recommended for many of those complaints to which females are especially liable. As an effectual means for strengthening the system when debilitated with disease or other causes; as a certain aid in Constitutional Weakness, as a Preventive for Colds, and all affections of the Chest, generally, the Galvanic Strengthening Plaster will be found of great and permanent advantage. In a few words, it embraces all the virtues of the best tonic preparation, with the important addition of the galvanic influence, which is neither impaired nor exhausted, while the action continues. These articles will be found entirely free from those objections which are a constant source of complaint with the ordinary plasters in common use.

CAUTION.

The great celebrity and success of these articles has caused them to be counterfeited by unprincipled persons. To provide against imposition, Dr. Christie has but one authorized agent in each city of the Union. The only agent in Pittsburgh, W. W. WILSON.

CERTIFICATES & TESTIMONIALS,

Of the highest and most respectable character, are constantly received, regarding the extraordinary value and success of the above articles. It is believed that in the city of New York alone, upwards of EIGHT THOUSAND PERSONS, during a period of less than a year, have been entirely relieved of the most painful chronic disorders, some of which have completely baffled all former efforts of medical art. Indeed many of the first physicians of this city, who disapprove of the Galvanic and Magnetic Machines, constantly recommend this application in their practice, and with the exception of those who are too prejudiced to give it a trial, the invention has received unanimous favor with the most intelligent among the American Faculty. Dr. Christie is at all times ready and most happy to give every facility to physicians, and all interested, for testing the truth of his assertions and the efficacy of his discovery.

STANTON'S EXTERNAL REMEDY, CALLED HUNT'S LINIMENT,

IS now universally acknowledged to be the INFALLIBLE REMEDY for Rheumatism, Spinal Affections, Contractions of the Muscles, Sore Throat and Quinsy, Issues, Old Ulcers, Pains in the Back and Chest, Ague in the Breast and Face, Tooth Ache, Sprains, Bruises, Salt Rheum, Burns, Croup, Frosted Feet and all Nervous Diseases.

THE TRIUMPHANT SUCCESS which has attended the application of this most WONDERFUL MEDICINE in curing the most severe cases of the different Diseases above named—and the HIGH ENCOMIUMS that have been bestowed upon it, wherever it has been introduced, gives me the right to call on the AFFLICTED to resort at once to the ONLY REMEDY THAT CAN BE RELIED ON.

The faculty unite in recommending the celebrated External Remedy, Hunt's Liniment.

The following letter from the highly eminent Physicians who have been attached to the Mount Pleasant State Prison for many years, is the best evidence of the value of this celebrated Liniment.

Sing Sing, December 25, 1845.

My Dear Sir—I received your note of yesterday, asking my opinion in relation to Hunt's Liniment, as prepared by Mr George E Stanton. Knowing its composition, and having frequently used it, I can recommend it to you as a safe External Remedy, and in my opinion, the best Liniment now in use. Very truly and respectfully yours,

A K HOFFMAN.

Col Pierre Van Cortlandt, Croton Manor.

I fully concur in the above opinion.

W A BELCHER.

Yorktown, Jan. 14, 1845.

Sir—In reply to your letter, I would say that I have used your External Remedy, called Hunt's Liniment, in my practice since you made me acquainted with its composition, and unhesitatingly say that I believe it to be the best External Remedy now in use for the complaints for which you recommend it. Yours respectfully,

BENJ D MILLER, M. D.

Gen E Stanton, Esq.

Among the mass of worthless articles and humbugs that are poured forth at the present day upon the country, it is really refreshing to find something of real practical utility, something simple, speedy and effectual in its operation, and at the same time free from those injurious effects which generally attend powerful remedies. Hunt's Liniment, prepared by Geo. E Stanton, of Sing Sing, though it has been but a short time before the public, has already obtained the confidence, not only of our most wealthy and influential citizens, but our most eminent physicians. All acknowledge it to be a sovereign balm for many of the ills that flesh is heir to, soothing the aching limb, and by its genuine stimulating influence, banishing disease from the system.

Mr. Stanton—Sir—Seeing your advertisement of Hunt's Liniment, I was induced to try its effects on my son, who had been crippled with a lame back from an infant; and it is with gratitude I bear testimony to its wonderful healing properties. My child, who is now five years of age, is now in a fair way of recovery. Yours, &c.,

DEMMON C NICKERSON.

Post Office, Townlers, Putnam Co.

I certify that I am personally acquainted with the above named child, and think the father would be safe in saying that his son is almost well.

JAS W DYKMAN, Deputy Post Master.

Nov 5, 1845.

P. S. I would also state that I have been for a number of years subject to frequent attacks of the Rheumatism, which in many instances prevented my attending to my business. Two or three applications of the Liniment invariably remove all affections of the kind. In cases of bruises, sprains and sores, too numerous to mention, it has in this vicinity proved a certain remedy. Its value can only be estimated by those who have given it a fair trial.

This Liniment is sold at 25 and 50 cents per bottle, by all the Principal Druggists and Merchants throughout the country.

LAST Saturday I gave a teaspoon full of B. A. Fahnestock & Co's Vermifuge to my little girl, who is between four and five years old, and during the day she passed 105 large worms, averaging more than a foot in length.

Seeing its effects on this child, I then gave a teaspoon full to her younger sister, who was apparently well, and she passed 37 worms of equal size.

MEDICAL

DR. SHERMAN'S MEDICATED LOZENGES, AND POOR MAN'S PLASTER.

DR. SHERMAN has discovered a way to make medicine pleasant, so that children will take it readily and cry for more. See that his fac simile is around each box of Lozenges, a Pot of Tooth Paste on the back of each Plaster, and in each Bill of Directions.

SHERMAN'S COUGH LOZENGES.

These Lozenges are the safest, most sure and effectual remedy for coughs, colds, consumptions, whooping coughs, asthma, tightness of the lungs or chest, etc, etc. The proprietor has never known an instance where they did not give perfect satisfaction. Several thousand boxes have been sold within the last year, restoring to health persons in almost every stage of consumption, and those laboring under the most distressing colds and coughs. They do not check and dry up the cough, but render it easy, promote expectoration, allay the tickling or irritation, and remove the proximate or exciting cause. They are made from a combination of a most valuable expectorant, or cough medicines, and are undoubtedly superior to every thing in use for those complaints. Hundreds upon hundreds of certificates have been offered of their wonderful virtues, from those who have been saved from an untimely grave, and restored to perfect health by using them.

Where there is much pain in the breast or side, one of Sherman's Poor Man's Plasters (price only 12½ cents,) should be applied over the part, and worn till relieved. If attended with costiveness, a few cathartic or laxative lozenges, or an mild cathartic medicine, should be used as occasion requires

SHERMAN'S WORM LOZENGES.

These worm lozenges have been proved in more than 1,400,000 cases to be infallible; the only certain worm destroying medicine ever discovered. Many diseases arise from worms and occasion long and intense suffering, and even death, without their ever being suspected; grown persons are very often afflicted with them, and are doctored for various complaints without any benefit; when one dose of these Lozenges would speedily cure them.

Symptoms of Worms.—Pains in the joints or limbs, offensive breath, picking at the nose, grinding of the teeth during sleep, and at times a paleness about the lips, with flushed cheeks, bleeding at the nose, a gnawing sensation at the stomach, flashes of heat over the surface of the body, slight chills or shiverings, headache, drowsiness, vertigo, torpor, disturbed dreams, sudden starting in sleep, with fright and screaming, sometimes a troublesome cough, feverishness, thirst, pallid hue, fits, bad taste in the mouth, difficult breathing, pain in the stomach or bowels, fatigue, nausea, squeamishness, voracious appetite, leanness, bloated stomach or limbs, gripings, shooting pains in various parts of the body, a sense of something rising in the throat, itching of the anus towards night, a frequent desire to pass something from the bowels, and sometimes discharges of slime and mucus.

SHERMAN'S CAMPHOR LOZENGES.

They give immediate relief in nervous or sick headache, palpitation of the heart, lowness of the spirits, despondency, inflammatory or putrid sore throat, bowel or summer complaint, fainting, oppression or a sense of sinking of the chest, cholic, spasms, cramp of the stomach or bowels, hysterical affections, and all nervous diseases, drowsiness through the day, and wakefulness through the night; cholera or cholera morbus, diarrhoea, lassitude or a sense of fatigue. Persons travelling or attending large parties, will find the Lozenges really reviving, and imparting the buoyancy of youth; used after dissipation, they will restore the tone of the system generally, and remove all the unpleasant symptoms arising from too free living. Persons who have been too high livers, and abandoned their dissipated habits, will find these Lozenges admirable composers of the nerves.

SHERMAN'S POOR MAN'S PLASTER.

The best strengthening plaster in the world, and a sovereign remedy for pains, or weakness in the back, loins, side, neck, limbs, joints, rheumatism, lumbago, &c. &c. One million a year will not supply the demand. They require a little warming before application. Warranted superior to all others, and for one quarter the usual price, making not only the best, but the cheapest plaster in the world. It affords relief in a few hours, and makes astonishing cures.

In liver complaint and dyspepsia, it should be worn over the region of the liver or stomach, and it will afford great and astonishing relief. In coughs, colds, asthma, difficulty of breathing, oppression of the chest or stomach, they will immediately sooth and greatly benefit the patient. Persons of sedentary habits, or those obliged to stand much, will receive decided support from one of these truly strengthening Plaster. Physicians generally recommend them, in preference to all others, because they stick or adhere better, and afford greater relief. In their operation, they are stimulant, tonic, and anodyne. They are composed of entirely different ingredients from any other, and known from the experience of millions who have used them, as well as the united testimony of all the celebrated and distinguished clergy and physicians, to be the most useful and highly medicated plaster.

Several persons have called at the warehouse to express their surprise and thanks, at the almost miraculous cures these plasters have effected.

Directions for use are on the back of each plaster, with a fac simile of Dr. Sherman's name. It is important you should always ask for Sherman's Poor Man's Plaster, and see that you get the genuine, as there are many worthless imitations hawked about and sold for the true Sherman's Plasters, by unprincipled dealers.

IMPORTANT TO THE LADIES—Chinese Hair Cream, a matchless article for the Growth, Beauty and Restoration of the Hair. This Cream, when once known, will supersede all other articles of the kind now used. Where the hair is dead, harsh, thin, unhealthy or turning grey, a few applications will make the hair soft and dark, and give it a beautiful lively appearance; and will also make it retain its liveliness and healthy color twice as long as all the preparations which are generally used. Every lady and gentleman who are in the habit of using oils on their hair, should at once purchase a bottle of the Chinese Hair Cream, as it is so composed that it will not injure the hair like the other preparations, but will beautify it, and give perfect satisfaction in every instance.

For testimony to its very superior qualities, see the following letter from Rev. Mr. Caldwell, to Messrs. Henderson & Stretch, Nashville, General Agents for the Western States:

Letter from the Rev. R. Caldwell, pastor of the Presbyterian Church, Pulaski.

Messrs. Henderson & Stretch—Gentlemen: I take pleasure in adding my testimony in favor of the excellent preparation called Dr. Parrish's Chinese Hair Cream—for about two years ago my hair was very dry, harsh, and disposed to come out; but having procured a bottle of the Cream, and used it according to the prescription, my hair is now soft, elastic and firm to the head. Many balsams and oils were applied each leaving my hair in a worse state than before. This Cream, however, has met my expectations.

As an article for the Toilet, my wife gives it preference over all others, being deliciously perfumed, and not disposed to rancidity. The ladies especially will find the Chinese Cream to be a desideratum in their preparations for the toilet. Respectfully, &c.

SCROFULA AND SCROFULOUS SWELLINGS.—Scrofula in all its multiplied forms, whether in that of King's Evil, enlargements of the glands or bones, Goitre, White Swellings, Chronic Rheumatism, Cancer, diseases of the Skin or Spine, or of Pulmonary Consumption, emanate from one and the same cause, which is a poisonous principle more or less inherent in the human system. Therefore, unless this principle can be destroyed, no radical cure can be effected, but if the principle upon which the disease depends, is removed, a cure must of necessity follow, no matter under what form the disease should manifest itself. This, therefore is the reason why Jayne's Alterative is so universally successful in removing so many malignant diseases. It destroys the virus or principle from whence those diseases have their origin, by entering into the circulation, and with the blood is conveyed to the minutest fibre, removing every particle of disease from the system.
