MEDICAL.

A DR. TOWNSEND'S
SARSAPARILLA.
Most extraordinary Medicine in the World.

This extract is put up in Quart bottles; it is not mean trashy stuff, but a concentrated, universal remedy, for the cure of Scrofula, Chronic Rheumatism, Syphilis, Mercurial disease, Erysipelas, Blotches, Boils, Tumors, Ulcers, Pains in the Bones, Side, Back and Limbs, Female Complaints, Jaundice, Dimness of Sight or Blindness, Dizziness, Sick Headache, Nausea at the Stomach, Dyspepsia, Biliousness, Fever and Ague, Fever and Chills, Habitual Costiveness, Inward Piles, Rush of Blood to the Head, Acidity of the Stomach, Heartburn, Nausea, Sick Stomach, Loss of Appetite, Coughs, Colds, Consumption, Liver Complaint, and Diseases arising from an impure state of the Blood, or Constitutional Taint, Minerals, Poisons, or the Venereal Virus, however long standing or deep seated the case may be.

GREAT SPRING AND SUMMER MEDICINE!

The great beauty and superiority of this Sarsaparilla over all other Medicines is, whilst it Eradicates Disease it invigorates the body. It is one of the very best SPRING AND SUMMER MEDICINES ever known; it not only purifies the whole system and strengthens the person, but it Creates New, Pure, and Rich Blood, a power possessed by no other Medicine. And in this lies the grand secret of its wonderful success. It has performed within the past two years, more than 20,000 cures of Severe Cases of Disease; at least 5,000 of these were considered incurable. More than

3,000 cases of Chronic Rheumatism;
2,000 cases of Dyspepsia;
2,000 cases of the Liver Complaint;
400 cases of General Debility and Want of Energy;
7,000 cases of different Female Complaints;
2,000 cases of Scrofula;
2,000 cases of the Liver Complaint;
2,000 cases of Disease of the Kidney and Dropsy;
2,000 cases of Consumption.

and Thousands of cases of Disease of the Blood, viz: Ulcers, Erysipelas, Salt Rheum, Pimples on the Face, &c., &c. Together with numerous cases of Sick Headache, Pain in the Side and Chest, Spinal Affections, &c., &c.

This, we are aware, must appear incredible, but we have letters from physicians and our agents from all parts of the United States, informing us of astonishing cures. R. Van Buskirk, Esq., one of the most respectable druggists in Newark, N.J., informs us that he can refer to more than 100 cures in that place alone. There are thousands of cases in the City of New York, which we will refer to with pleasure, and to men of character. It is the best medicine for the Preventive of disease known. It undoubtedly saved the lives of more than

5,000 CHILDREN THE PAST SEASON!

As it removed the cause of disease, and prepared them to the Summer season.

UNITED STATES OFFICE.

CAPT. G. W. MCCLAIN, OF THE UNITED STATES NAVY, and member of the *New Jersey Legislature*, has kindly sent us the following certificate. It tells its own story.

NEWARK, Jan. 23, 1847.

A year ago I was taken with the influenza, and my whole system took a debilitated state. I was induced to try Dr. Townsend's Sarsaparilla, and after taking two or three bottles, I was very much relieved, and attribute it entirely to the said Sarsaparilla. I have continued taking it, and find that I improve every day. I believe it saved my life, and would not be without it under any consideration.

G. W. MCCLAIN, late U. S. N.,
Sommerville, N. J.

This certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate disease of the blood. Three persons cured in one house is unprecedented. Read the following:

THREE CHILDREN.

Dr. TOWNSEND—Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted with the disease for two years, attended with great severity. I had used a great deal of medicine, but without effect, before I commenced using your Sarsaparilla. I used three bottles, which is the whole I have taken, and they are entirely restored; and I would recommend the use of it to those who have been afflicted as I have been. Yours, &c.,

W. W. WILLIAMS, late U. S. N.,
Somerville, N. J.

This certificate concludes all. Read the following, and doubt if you can, that consumption cannot be cured. This is only one of the several hundred cases that Townsend's Sarsaparilla has cured:

Dr. TOWNSEND—Dear Sir: I was taken, a little over a year ago, with a severe cough and pain in my side. It increased on me very fast, and I was attacked by physicians who said I was in a quick consumption. I tried large quantities of bad medicine, and night sweats, and almost every thing else, and got nothing for me. I was told that the hospital in hope of being benefited; but was prevented there by circumstances. I was now greatly reduced in flesh, and my friends could hardly breathe for me. I became emaciated, and expected to die; was confined to my bed, and was obliged to have watchers. I was reduced to a mere skeleton, and had given up all hopes of ever being restored to health. I was prevailed upon by my friends to try your Sarsaparilla, and followed the directions you gave me. In a short period it removed my complaints and restored my health. I am grateful for the benefits she received, I take pleasure in thus acknowledging it, and recommending it to the public. M. D. MOORE, Xenia, Ohio, Aug. 21, 1846. Cor of Grand and Lydia sts.

CONSUMPTION, Sept. 29, 1845.

Dr. Townsend: To all whom this may concern—This is to certify that my wife used one bottle of your Sarsaparilla previous to her confinement; and from the effects of which, and a severe cough, she was reduced to try it; with little or no faith, but was induced to do so, and was happy to find that her cough and night sweats have left her entirely, and she is now in the enjoyment of her usual health and strength. I am happy to say that I am a living witness to the truth of the above statement, and feel it my duty to publish it for the benefit of others. Yours, &c.,

PETER BROWN, 67 Little 4d, Brooklyn.

Opinions of Physicians.

Dr. Townsend's Sarsaparilla having ordered from fifty persons in different parts of the Union.

This is to certify that we, the undersigned, Physicians of the City of Albany, have frequently in numerous cases prescribed Dr. Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations of the Sarsaparilla in the market.

E P FOWLER, M D.
I VAN ZANDT, M D.
E R HARRIS, M D.
P E HENDRICKS, M D.

Albany, April 1, 1845.

This is to certify that we, the undersigned, practising Physicians of the City of Albany, have frequently prescribed Dr. Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations of the Sarsaparilla in the market, and from its known qualities, would recommend it to the public for mercurial, scrofulous, and cutaneous diseases, as a preferable to any of the advertised remedies now in use.

A W BEEBEE, M D,
JOHN V B FONDA, M D,

Albany, April 2, 1845.

Principal Office, 126 Fulton st, Sun Building, N. Y. Redding & Co State st Boston; Dr Dyott & Sons, 132 North Second st Philadelphia; S Hance, Baltimore; and by druggists and general druggists generally throughout the United States, West Indies and the Canadas.

Price of Sarsaparilla $1 per bottle, or six bottles for $5.

None genuine, unless put up in the large square bottles, with the name blown in the glass, and signed with the written signature of DR TOWNSEND, and the fac simile drawn on the label.

From the New York Daily Express of April 9, 1847.

A pretty thing appeared in Exotic pudding. It was a beautiful bottle of Sarsaparilla from Dr Townsend's establishment. The whole thing is got up in good taste: some of the ornamental work is gold, glistening in the sun, make a show in the street worthy a gold glistening in the sun, make a show in the street worthy a gold speculator in Broadway. We take this opportunity to say we believe this extract of the Sarsaparilla deserves the very great popularity it has acquired.

Nervous Debility.

New York, March 17, 1847

Dr. Townsend:—I have been afflicted more or less for 3 years with a dreadful sinking in the chest, giddiness in the head, loss of appetite, pain in the limbs, and general nervous debility; I thought I was going into a consumption, and had sold to which I brought on so much as to be in any business or a dyer. I have taken other medicines, but without benefit, but with little or no relief, and instead of using what I saw in the paper to try your Sarsaparilla, from which I found great relief. I have used about seven bottles, and feel myself unusually well; my health is now restored. I have given others the same to try your medicine I know even the pain to my chest is gone, and I feel quite a different man altogether since I have taken your Sarsaparilla. I never knew a better appetite than now I had. My wife has taken it with me, and finds great benefit. I would recommend it as a family medicine and feel convinced that if so used there would not be half the sickness there is, and consequently not so many doctors' bills to pay. I remain, sir, yours, &c., JAMES DUNCAN, Doctor's Bills to pay. I remain, sir, yours, &c., JAMES DUNCAN, 16 Doctor's Bills to pay. I remain, sir, yours, &c., JAMES DUNCAN, 16 Doctor's Bills to pay. I remain, sir, yours, &c., JAMES DUNCAN, 16 and bowels their regular use; it keeps the blood in the stomach and bowels their regular use; it keeps the blood in a healthy state, so that disease is not so likely to attack the system. And to all those who are not in a healthy state, I say try Dr. Townsend's Sarsaparilla.

THOMAS SMITH, 70 Allen st.

Cankers in the Mouth.

Below is an account of another child saved. Dr Townsend's Sarsaparilla has saved the lives of thousands of children.—The following certificate is selected from a great number:

NEW YORK, April 9, 1847.

Dr. Townsend:—One of my children was very sick with the Canker in the mouth and throat, attended with a high fever, and was given over by two physicians as past recovery. I was induced to try your Sarsaparilla, and in a few days after commencing to use it, the canker began to heal, and I feel confident it saved the child's life. Yours respectfully,

ELIZABETH FOWLER, 97 Delancey st.

MISCELLANEOUS.

IT HAS FOUND AT—Boston.

CONSUMPTION CAN BE CURED BY USING DR. D DURGAN'S EXPECTORANT REMEDY.

Cincinnati, O., March 26, 1847.

Dear Sir.—This is to certify to the public, particularly to those afflicted with any of the Lungs or Consumption, that in the Spring of 1842 I was attacked with a severe cold which soon became seated upon my lungs, showing all the symptoms of an approaching Consumption. My cough was tight and troublesome, attended with copious night sweats; I spit up daily a considerable quantity of blood, mixed with thick dark matter. My situation became serious indeed. Seeing this (as I was attended by two of our most skilful Physicians; they did the best they could for me, which at length they gave up all hopes of my recovery, informing me that nothing more could be done—that my lungs were fatally diseased, and beyond recovery. I was then persuaded by a friend of mine to make a trial of *Dr. Durgan's Expectorant Remedy*, which my Physician persisted against, saying that this medicine would do no good, and should still add more to my suffering. I told them it was my last and only hope, and that if I must die of the disease, (which was evident to me,) there would be nothing lost. So I sent to the Cincinnati Office and obtained 3 bottles of this truly Valuable Medicine, and commenced using according to the directions, which, in fact of adding to my suffering, immediately gave me relief, at once arresting the troublesome Cough easing the pain and tightness in my Chest; giving me a new life and strength, which soon enabled me to be about again. This medicine continued its good work, which it so nobly commenced, until I was made a sound man. I have since been attending to my business, (upwards of 2 years) and am as healthy as I wish. I have recommended Dr. Durgan's Expectorant Remedy in many instances to those similarly afflicted and it has always proved successful so far as I have witnessed its effects. My sister is using this medicine at present, for a disease of the same kind as *Affection of the Lungs*, which she had suffered with for some time; she has nearly recovered by the use of this medicine, and I am confident the 5 bottles that I take with me to-day will entirely cure her. I am sorry to know that there are thousands of valuable persons wasting away with this dreadful destroyer—CONSUMPTION.

Were it only possible for those to procure this medicine in time, before it be too late, many lives might be prolonged and their families and relations again rendered happy. This medicine will give instant relief, and at the same time arrest the hard and painful Cough, remove the tightness in the Chest give strength to the enfeebled and emaciated frame, and in most cases, I am certain, will perform a perfect cure.

ANDREW J. FELTON.

Montgomery, Hamilton County, Ohio.

N. B.—Those who may not be acquainted with Mr. Felton or the undersigned, citizens of Montgomery, Hamilton county, O, they will at any time substantiate the above statements.

THOMAS BROWN,
CAPT. J. SEIBER.

ROUND HILL WATER CURE ESTABLISHMENT—NORTHAMPTON, Mass.,

ACCESSIBLE BY RAILROAD.

SAMUEL WARTHMAN, M. D., Proprietor.
Dr. EDWARD E. DUDLEY, Resident Physician.

THIS delightful and commodious establishment is pleasantly situated on a beautiful eminence, about one mile west of the handsome village of Northampton, at an elevation of about 200 feet above the Connecticut River, which it overlooks. The grounds surrounding the Establishment comprise about forty acres, which are tastefully appropriated to the use and purposes of the Patients. Among the beautiful groves are several primitive forest-trees of great size and age, completely shaded, and affording healthful and pleasant walks for twenty four miles.

The main or central portion of the buildings of the establishment are forty feet upon the eastern brow of the hill, and overlook one of the most enchanting landscapes in the world. Immediately in front, is the village of Northampton, with its numerous and elegant dwellings, amidst the dense foliage of lofty and overhanging elms. Further on to the east lies the rich meadows of Northampton and Hadley, dressed in the velvet verdure of Spring, and variegated with flowers; while Mount Holyoke, Mount Tom, Mount Nonotuck, Mount Warner and Easthampton Mountains, Holyoke, Granby, North and south, in turn the smooth and glassy surface of the Connecticut, gracefully winding its way to the ocean. On the north, the immediate prospect is the village of Hatfield with its rich and beautiful farms; on the east the undulating foliage of Mount Toby, and also of Amherst with its College, while in the distance, with the aid of a glass, may be seen the extensive and greatly diversified range of mountains in Vermont, the Green Mountains, White Mountains, in Mount Holyoke, in its form of seven different forms; and a little beyond, to form the distance College of South Hadley; on the south, in the middle distance, the majestic Mount Tom, and the charming village of East Hampton, with its elegant and tasteful dwellings, the whole presenting a picture of natural scenery unsurpassed, perhaps unequalled, by any other in the world.

The Establishment is replete with every convenience for the use of the Patients, and is supplied with every article for packing, &c. at the cost of the Patients.

Northampton, Mass., August 5th, 1847. a17-3m

A GREAT CURE, performed by the original and only true and genuine LIVER PILL, prepared and sold by R. F. SELLERS.

MORRIS' FACTORY, Westmoreland Co., Pa.,
Dec. 1, 1846.

Mr. R. E. Sellers:—A sense of duty to you and the afflicted induces me to add my humble testimony in favor of your justly celebrated Liver Pills. I have derived much benefit from adhering to Dary Crockett's maxim, "be sure you are right, then go ahead." Most of the many perverse forms of evil, and ills, baffled the skill of many learned men, have sunk into oblivion once I was Fever Fit have been offered to the public, and, indeed, I believe they will "cease to be," when the virtues of your Liver Pills are known. I have been afflicted with Liver Complaint from my youth; have suffered much, employed the most eminent physicians, and tried many remedies, but all to no purpose, till I used your Liver Pills, which have entirely restored me to health. I have used about six boxes, and am now in the enjoyment of health, which I consider the greatest blessing in this life. Respectfully yours, &c.,

JAMES M'CLELLAND.

CAUTION.—As there are other Pills before the public called Liver Pills, persons who want the GENUINE should ask for and take none but those prepared and sold by R. E. SELLERS, No 57 Wood st, between Third and Fourth sts, Pittsburgh.

Sold by Dr. Cassel, Fifth Ward, D M Geary, Allegheny city. apr6

INTRODUCTION TO AMERICAN LITERATURE, or the old doctrine of the English Language, with notes of positive EL Eic.

The following notice of the above work is an extract from the New Englander and Yale Review, for May, 1847, edited by Charles Fenno Hoffman.

This really appetizing volume is worthy to satisfy nearly of the literary fare of the whole family. It has earned for itself a high reputation for superior literary culture. The author's plan is happily conceived. Instead of confining himself to the dry rules governing the construction of the English language, he has made the subject as he proceeds by very judicious and beautiful extracts from the best writers, from Sir Thomas Browne to Dugald Stewart, a very philosophical and fixed to awake and confirm a taste for English Literature. It has always been to us a matter of astonishment that considering the limited time which our busy citizens can give to reading and study, that they are not more frequently induced to read the English classics. Whereas dispensing the belles lettres productions of Europe, we are confident that in regard to sound and substantial literature, we have at home a more splendid theatre, refined sentiment and rich vocabulary. English history and evidences should be familiar with all that is needful as to prevent and burden the mind. They are, too, the most natural and wholesome pabulum for the American intellect. Let us have a thorough knowledge of our own tongue, and we shall not be in danger of becoming a nation of imitators. Bacon owes it to himself and to the cause of sound culture to stand, as he does, with well and discriminating taste. Whoever
