CONSUMPTION CAN BE CURED BY USING DR. DUNCAN'S EXPECTORANT REMEDY.

Cincinnati, O., March 24, 1847.

Dear Sir:—This is to certify to the public, particularly to those afflicted with a cough or Incipient Consumption—that in the Spring of 1845 I was attacked with a severe cold which soon became seated upon my lungs, showing all the symptoms of an approaching Consumption. My cough was tight and troublesome, attended with copious night sweats; I rapidly lost flesh, and my quantity of blood raised each day was a matter of astonishment. My situation became serious and alarming. During this time I was attended by two of our most skillful Physicians, they did the best they could for me, when at length they gave up all hopes of my recovery, intimating to me that nothing more could be done—that my lungs were fearfully diseased, and beyond remedy. I was then persuaded by a friend of mine to make a trial of Dr. Duncan's Expectorant Remedy, which my Physicians persisted against, saying that this medicine would do no good, and would still add more to my suffering. I told them it was my last and only hope, and that if I must die of the disease, (which was evident to me,) there would be nothing lost. So I sent to the Office and procured a bottle of this truly Valuable Medicine, and commenced using according to the directions, which, instead of adding to my suffering, immediately gave me relief, at once arresting the troublesome Cough, easing the pain and tightness in my Chest; giving me a new life and strength, which soon enabled me to be about again. This medicine continued its good work; which it so nobly commenced, until I was made a sound man. I have since been attending to my business, (grocery and provisions,) and feel as strong as my business (several times the amount) will bear. I have recommended Dr. Duncan's Expectorant Remedy in many instances to those similarly afflicted and it has always proved successful—for as I have witnessed its effects. My sister is using this medicine at present, for a Bronchial Throat and an Affection of the Lungs, which she has suffered with for many years. She has taken twenty recommended of this medicine, and I am confident the 6 bottles that I take with me to-day will entirely cure her. I am sorry I have not time to call upon every public house and confectionary, and many other persons, to whom I paid much money, have attended to me, and who can testify to the truthfulness of what I have stated in a few lines. I am indebted to Dr. Duncan's Expectorant for my life, and all the other symptoms, for at least 12 months. Your Pills are also the best cathartic I ever used; and for Liver Complaint, Dyspepsia, Sick Headache, &c., they are giving great relief in many cases. Should any one wish further information, they can call at my store, No. 4 Western Row, where I am always to be found.

Yours, &c., JAMES M. McCLAIN.

Sworn before me, this 24th day of March, 1847.

JAMES M. CLARKE, Mayor of Cincinnati.

Cincinnati, O., March 24, 1847.

Dear Sir:—I have been acquainted with Mr. James M. McClain for many years, and have frequently heard him speak of the benefit he received from the use of your Expectorant Remedy. I have no hesitation in saying that I believe his statements entirely correct, and that your Expectorant is a valuable medicine.

Yours, &c., W. W. VAN ZANDT.

ALMOST A MIRACLE.

Read the following, and decide! If you can, that testimonial can exceed the above. Mr. Jones is one of the several hundred thousand whom Dr. Sarsaparilla has cured:

Dr. Townsend:—Dear Sir: I was taken, a little over a year ago, with a severe attack of Rheumatism, which for a time confined me entirely to my bed. I was prescribed for by several physicians to no purpose, and finally gave up all hopes of ever being relieved. I was induced to try your Sarsaparilla, and before I had taken one bottle I found relief, and after taking two or three bottles, I was entirely restored, and attribute it entirely to the use of your Sarsaparilla, which I found great relief. There are others besides myself who have used your Sarsaparilla, and I feel confident that if it was more generally known, a great many would be saved from much suffering. I have used my influence in recommending it to my friends, and have made sales to the amount of a dozen bottles, and have yet to hear the first complaint. I would recommend it to all afflicted, as I feel confident that if it would have any effect, it would cure them. I am willing to answer any inquiries that may be made of me, relative to the above statement.

Yours, &c., W. W. VAN ZANDT.

DR. SWAYNE'S

COMPOUND SYRUP OF WILD CHERRY.

ANOTHER LIVING WITNESS.—Read with astonishment the wonderful cure performed by Doctor Swayne's Compound Syrup of WILD CHERRY:

PHILADELPHIA, January 25, 1847.

Dr. Swayne—Dear Sir: In justice to yourself and a duty I owe to suffering humanity, I cheerfully give my testimony, and declare to the world the most astonishing effects, and the great cure your Compound Syrup of Wild Cherry performed on me, under the most unfavorable circumstances. I was taken with a violent Cough, Spitting of Blood, severe Pains in the Side and Breast, which seemed to break down and enfeeble my constitution, so that my physician thought my case beyond the power of medicine; and my friends all gave me up to die; but thanks to you and the effects of your great discovery, I now feel myself a well man, and raised from a mere skeleton to as fleshy and healthy a man as I have been for years, and shall be pleased to give any information respecting my case, by calling at my residence, Mechanic street, third door below George street, Northern Liberties.

Testimony is now received from all quarters of the Globe.

The following letters are presented with a view of more fully showing the virtues of Physicians in relation to the Medical value of Dr. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY.

Dr. Swayne—Dear Sir: Having used your Compound Syrup of Wild Cherry in my private practice, I was requested by your Agent, Doctor Crutcher, to express my opinion in writing of its properties as a remedial agent. I most cheerfully comply, as I feel, by so doing, I will discharge a debt I owe the community at large, and Physicians in particular. As much as I detest Quack Remedies and Patent Nostrums, I was induced from a failure of the most potent expectorants, recommended in our materia medica in some cases of Diseased Lungs, to try your preparation of Pumpkin Wine and Wild Cherry, which I found to be all you claimed for it. I was much pleased with the result of that and subsequent trials, that I now prescribe it in preference to all other Expectorants, where an Expectorant is indicated. In the much dreaded Pneumonia or Disease of the Lungs, in the alarming form in which it appears in Kentucky, I regard it as an invaluable Remedy in the commencement of the complaint, and who, know'ing I have said enough, but as this may be seen by persons out of the vicinity of Frankfort, I will briefly add, that I have been engaged in the active practice of my profession of 12 years, and am a Regular Graduate of Transylvania, and this is the first Patent Medicine I ever thought enough of to express an opinion in writing.

Now that Winter is upon us with its attendan train of Pulmonic and Bronchial affections, Coughs Colds, &c., &c., we would advise those afflicted in this way to make immediate trial of Dr. Swayne's Compound Syrup of Wild Cherry. It will never fail to perform a permanent cure. The reputation of the medicine has increased many spurious articles to be put forth under its name; but the preparation of Dr. Swayne, besides being the first ever offered to the public, is the only one that is genuine. The other mixtures sold for Wild Cherry Syrup, Balsams, &c., are all spurious and worthless, and contain none of the virtues of the original preparation. Dr. Swayne's Compound Syrup of Wild Cherry.

Of the thousands of proprietary quack nostrums now before the public, but very few are found to possess the healing virtues for which they are recommended. DR. BROWN,

Has long and extensively educated to the medical profession, and been for nearly 20 years engaged in the treatment of Chronic and Private diseases, and has devoted his whole attention to the treatment of these diseases, and has had peculiar facilities for acquiring a practical knowledge of especially qualifying him for the successful treatment of such diseases.

Eleven years continuous devotion to the study and treatment of Syphilitic diseases, in which time he has had extensive practice and has cured more persons than can ever fall to the lot of any private practitioner, in any quarter of the globe, to enjoy opportunities of speedy, permanent and satisfactory cure to all afflicted with Syphilitic diseases, and all diseases of a private nature.

Dr. Brown would inform those afflicted with private diseases which have become chronic by time or neglect, that they can have the most reasonable charges, and the day that their complaints can be radically and thoroughly cured, he having given his undivided attention to the study of their nature, and succeeded in hundreds of instances in curing persons of inflammation of the neck of the bladder, ulceration of the kidneys, and other diseases of the urinary organs where others have considered them to be hopeless and incurable. He particularly invites all persons who have been salivated by others in any manner, and to such he will, when every satisfaction will be given them in their cases treated on reasonable terms.

Dr. Brown would call the attention of the deaf and dumb, that by long experience, study and intense application he has succeeded in the discovery of a certain remedy, which is impossible for those engaged in general practice of medicine to get a knowledge of their diseases.

☞ Heroin or Rupture—Dr. Brown's Truss for the cure of Hernia or Rupture, or call, as he has paid particular attention this disease.

PITTSBURGH PORTABLE E-LINE.

1847.

FOR the transporation of Freight between Pittsburgh and the Atlantic Cities, avoiding transhipments on the Mountains, thereby saving risk of delay, damage, breakage and separation of goods.

Propelling Power.

HORSEPOWER & CASH!

No 276 Market street, Philadelphia.

WAINWRIGHT, PALMER & Co.

Encouraged by increased business the Proprietors have added to their stock, and extended their arrangements during the year, and are now prepared to forward freight with regularity and dispatch unsurpassed by any other Line. Their long experience as carriers, the palpable superiority of the Portable Boat System, and the great capacity and convenience of the warehouses at each end of the Line, are considered sufficient to enable the proprietors to fulfil their engagements and merit a continuance of their patronage, confidently offering the best as a guaranty for the time they respectfully solicit a continuance of that patronage which they now receive from the public.

All consignments to Traffic & O'Connor will be receipted forwarded. Steamboat charges paid and Bills of Lading transmitted free of any charge for commission, advancing or storage. Having no interest directly or indirectly in steamboats, the interest of the consignee must necessarily be their primary object in shipping west, and they pledge themselves to forward all goods consigned to their agency and on the most advantageous terms to the owners.

THE TRUTH, BY MEN OF TRUTH.

CONCERNING SELLERS' VERMIFUGE.—A single vial producing wonders.—Read the following from the Rev. S. Wakefield, Pastor of Liberty st. M. E. Church:

Pittsburgh, March 6, 1847.

Mr. R. E. Sellers: It is from a sense of duty, as well as from great pleasure, that I bear testimony to the virtues of your justly celebrated Vermifuge. I procured a *single bottle*, and gave it to three of my children, who had been ill for several weeks. The eldest was seven years old, the next five, and the youngest eighteen months. The first passed fifty-six worms, the second forty seven, and the third a considerable number not counted. From that time they have been doing well, and are now in good health.

Yours respectfully, S. W. WAKEFIELD.

From the Rev. S E Babcock, of the Methodist Episcopal Church:

Pittsburgh, December 14, 1845.

Mr. R E. Sellers: I gave my little daughter (between three and four years old) three doses of your Vermifuge, according to prescription, with the happiest success. The number of worms expelled I do not know precisely, but it was very large. For this most invaluable gift to health I think the medicine may be confided in with great unreservedness. C COOKE.

As this Vermifuge has never been known to fail in any instance, when worms actually existed, parents should give it in preference to all others.
