"I HAVE FOUND IT."—Exodus.

CONSUMPTION CAN BE CURED BY USING DR. DURKEE'S EXPECTORANT REMEDY.

Cincinnati, O., March 24, 1847.

Dear Sir:—This is to certify to the public, particularly to those afflicted with a disease of the Lungs, or Consumption that in the Spring of 1846 I was attacked with a severe cold which soon became seated upon my lungs, showing all the symptoms of an approaching Consumption. My cough was tight and troublesome, attended with copious night sweats; I spit up daily a considerable quantity of blood, mixed with dark dark matter. My situation became serious and alarming. During this time I was attended by two of our most skilful Physicians; they did the best they could for me, when at length they gave up all hopes of my recovery, informing me that nothing more could be done—that my lungs were fatally diseased, and beyond remedy. I was then persuaded by a friend of mine to make a trial of *Dr. Durkee's Expectorant Remedy*, which my Physicians persisted against, saying that this medicine would do no good, and would still add more to my suffering. I took them it was my last and only hope, and that if I must die of the disease, (which was evident to me,) there would be nothing lost. So I sent to the Cincinnati Office and obtained 5 bottles of this truly Valuable Medicine, and commenced using according to the directions, which, instead of adding to my suffering, immediately gave me relief, at once arresting the troublesome Cough easing the pain and tightness in my Chest, giving me a new life and strength, which soon enabled me to be about again. This medicine continued its good work, which it so nobly commenced, until I was made a sound man. I have since been attending to my business, (upwards of 2 years) and feel as healthy as I wish. I have recommended Dr. Durkee's Expectorant Remedy in many instances to those similarly afflicted and it has always proved successful so far as I have witnessed its effects. My sister is using this medicine at present, for a *Diseased Liver* and an *Affection of the Lungs*, which she had suffered with for some time; she has nearly recovered by the use of this medicine, and I am confident she 6 bottles more will make her to-day will entirely cure her. I would in no manner do less than convince the world of the wonderful cures this medicine is performing in this vicinity, by publishing the following certificates, which can be relied upon as being genuine.

Yours with respect,

WM. CHASE, Jr.

CONSUMPTION ARRESTED—To those afflicted with Diseases of the Lungs.

—This is to certify to those afflicted with the first premonitory symptoms of Consumption, that I have been laboring for several years with a bronchi, soreness of the throat and hoarseness. I used many medicines, but found no relief in any preparation of medicine, until I made use of DR. DUNCAN'S EXPECTORANT REMEDY. I have been using this valuable medicine for several years, and always found it to relieve whenever I took one of it. My occupation, as an Actuary, which keeps me almost constantly engaged, causes my disease, at times, to become very alarming, when at once procure this medicine. I therefore take pleasure in making the public statement, that others affected with a disease of the lungs and expectorant organs may have the benefit of this valuable remedy," and may be saved. I have recommended Dr. Duncan's Expectorant Remedy to many of my friends, some of whom owe their lives to this medicine.

Consumptive's Consolation.

Does sickness weigh upon your heart?
Or pains within your breast?
Try Dr. Duncan's Healing Art,
And it will give you rest.

It clears away the misty cloud
Disease spreads o'er the soul,
And whispers through the gloomy shroud,
Your healing you yet be whole."

See yonder rose of lovely hue!
'Tis withering with decay
It scarcely ape the morning dew
Before it fades away.

The Worm of Death was in the stem,
And strengthened as it grew—
And when it bloomed, (a lovely gem,)
It nipped through and through.

That Worm of Death might be defied;
If Dr. Durkee's art were tried;
And many lovely dames is saved
From a fate of untimely grave.

DR. JAYNE'S ALTERATIVE AND EXPECTORANT for ASA SHINN, a well known and popular Clergyman of the Protestant Methodist Church.

The undersigned has been afflicted during the past winter with a disease of the stomach, sometimes producing great pain in the stomach for ten or twelve hours without intermission, and after having tried various remedies with little effect, was furnished with a bottle of Dr. Jayne's Carminative Balsam. This he used according to directions, and found invariably that this medicine caused the pain to abate in three or four minutes, and in from twenty minutes every normal sensation was entirely quieted. The medicine was afterwards used whenever indications of the approach of pain were perceived, and the pain and distress prevented. He continued to use the medicine every evening and morning for a short time, and in a few weeks health was so far restored, that the sufferer was relieved from a large amount of oppressive pain. From experience, therefore, he can confidently recommend Dr Jayne's Carminative Balsam, as a salutary medicine for diseases of the stomach and bowels.

LADIES' CERTIFICATES

New York, May, 1845.

Mr. Reid—Dear Sir:—I have the pleasure to say, that your valuable Dr. Jayne's Vermifuge Powder, has made a perfect cure in the case of my sister, and I now consider myself bound to say so. I have been surprised at it, as it was in my opinion incurable. I believe, however, I was never willing to say much before as being infallible, and do advise all others who are afflicted in the like manner, to procure the article, as they may depend on a perfect cure.

Yours with respect,

DR. JAYNE'S FAMILY MEDICINES.—It is our principle in the management of the paper on medicine, nothing which we know from personal investigation, to be of utility to the public. Some of Dr. Jayne's medicines we have used in our family for many years. For instance, his EXPECTORANT, the CARMINATIVE, and VERMIFUGE, which we know to be good for the complaints they profess to cure. We have used the Lake Ontario the past summer, when several of our travelling companions, from having in Western New York, drank, for many days, the limestone water of that region, were badly attacked with violent Diarrhœa, and Dysentery. Mr. B. had provided himself, however, with Jayne's Carminative, the immediate relief of Dr Jayne's and in all cases of its use, among five gentlemen, it was successful in effecting a speedy cure.

Dr. Jayne's medicines we have known and among our intimate friends with equal success; and we feel that we are doing a great act in families (especially those, situated as they cannot have access to immediate medical skill,) to advise them to keep on hand both the Expectorant and Carminative. The Expectorant is believed by general physicians to be the best recipe for Pulmonary Consumptive Complaints, that has ever been compounded. The reason is, Dr. Jayne is not a quack, but a regular, scientific, and able medical practitioner himself. His medicines are used by the best physicians.
