abroad than the people at home.
It is probable that the House will enter upon a cussion of this subject to-day. If the Western mbers friendly to the Administration, are true to the interests of their constituents, the motion Mr. Vinton most triumph, I do hope that the West is not again to be wounded in the house of to feel, that if it can make war without the advice of Congress, and purchase foreign territory with the advice of Congress, and construct a right of way over foreign territory, and withal send its officers to explore and survey the Dead Sea, it can also rens from our Rivers, make Harbors build Light Houses, and do whatever is necessary to protect the lives and property of the people en

red in Commerce among the States. The Graduation Bill has been reported to the nate, according to the recommendati President and Secretary of the Treasury. Its object is to reduce the price of Public Lands gradually from a dollar twenty-five to twenty-five cents m acre. The straightened cond on of the Tress ury prompts the Administration to obtain money all possible sources, and pretty much just now upon the principle of the father's advice to Thus in receiving the territory of Louis his sone "Clat money, John, honestly it you can, Prance, in 1803, the right of property in Slaves

This Bill could not to be passed without material amendment. The Land must be poor indeed increased the evil,—and finally, in an evil hour, that will not at an early day bring the Government and finally, in an evil hour, the Government negotiated with the independent power of Texas, and still further extended the dominion of Slavery. The Oregon controversy, in the meantime, has been settled with Great Britain in the meantime, has been settled with Great Britain in the meantime, has been settled with Great Britain in the meantime, has been settled with Great Britain in the meantime, has been settled with Great Britain in the meantime, has been settled with Great Britain in the meantime.

time past at sea as a part of the necessary time after the declaration of citizenship.

The Mouse have made the beginning of an at-bangs to do away with one of the obnazious pro-visions of the Post office Law, which requires the perse, person of the cents on transient newspa-pers. Congress never designed that the jets incula gress, in which "the Wilmot Proviso" was defast. pers. Congress pover designed that the jux should construed as it is by the Post Master General. The abundant success which has attended the with a body now so organized as to decrease cap postage law, makes all such retail and peddling measures as this unworthy of the Govern-ment. Cave Johnson seems, like some other Loco Focos, to have a special spite against newspapers, and all other means of intelligence. His calibre is not shove the smallest things. Starting with opposition to the chesp postage system, h

is. His administration of the department has been pamy wise and pound feeling from first to last.

No news of interest in the city to describe the city to last. NEW QUESTIONS BEFORE CONGRESS Weshington, Dec. 15-Tuesday night.

Jose in both wings of the capital to-day. Mr. Calboun has fixing his flag to the breeze,and Anti-Adm ration upon the war and at an early day he will "define his position." It is doubtful hors many Senators Mr. Calhoun can parry with him, or how many members of the Roses with him in opinion: But having taken the stand he will shide by it come what may. It is got impossible that the Administrasey in regard to the war. Mr. Celhom's Resolulist, except for the punishment of crime." Upon
flows are good, as far as they go, and each, I think
he the white can askey stand upon. They oppersor, the Southern States regulate the instituwire with her masts, come practical opinion of what is due to the country in regard to the war. Mr. Celhom's Resolu-

promptu review of the Message; and particularly that part of it altempting to define what is, and what is not, Constitutional. It is not now the chemical difference between salt warm upd fresh which has sometimes between salt warm upd fresh which has sometimes been the argument has the difference between deep and shallow water, between a ship of war and a coarsing schooner. If during a rise of twenty feet in the Ohio, Pitter burgh should put in her claims, perhaps she would the constitution:

The the most grammatic exercises, the or the most grammatic exercises and the most gra be deemed within the purview of the Constitution; but as I remember now, according to the Presi of the Ohio, that might destroy our prospects in the estimation of Mr. Polk. Mr. Schenck argued phibicus, and might live on land or water. Mr Smith, of Is., opposed the chemical analysis re-cently applied to it, and both gentlemen, with of Congress was just as complete over comm among the States of our internal improvements as such foreign nations and foreign trade. I re

Mr. Vinton, of Unito, are again present of Con-subject of a divided so ion on the part of Con-subject of a divided so ion on the part of Con-grace between the two, proposing that the Com-grace between the two, proposing that the Com-grace between the two, proposing that the Com-grace between the two, proposing that the Com-posed legislation in behalf of the Commerce of the conners. It was said by Mr. Rhest, of S. C., that the organization of the Committee on man-Committee skell be appointed to take charge of ufactures grew out of the statement meaning of the Committee and Proving Nations." It has manufactures grew out of the statement manufactures. Convention, if it may overt a good public sents much toow, only does that far the West which ought to have been accomplished years gone by.

E. S.

ELAVERY & POREIGE TERRITORY.

Washington De. 16 1847.

Washington De. 16 1847.

Amidst the political speculations going on the the first of the disposition of "new territory," which first to the disposition of "new territory," which first has pointed from the office of Governor in 1 1737, he spointed first to the disposition of the State of New York. In Petroury 1804, was appointed Chief Justice of the Supreme Count of the State of New York. In Petroury 1804, officers.

SECOND WARD.—We have not received the proceedings of the meeting in this Ward, but learn collor, 25th Feb., 1814, and continued in officers.

SECOND WARD.—We have not received the proceedings of the meeting in this Ward, but learn collor, 25th Feb., 1814, and continued in officers.

SECOND WARD.—We have not received the proceedings of the meeting in this Ward, but learn collor, 25th Feb., 1814, and continued in officers.

by a more summary process than is now allowed after the with a curtailment of our own expectbut rather with a curtailment of our own expectable of the territory than with its enlargement. We have what all before admitted to be ours, and nothing more. Every extension of Ampire has been a new homage to the institution of Slavery. How, then, are we to rid ourselves of the evil of Slavery is limply by adhering, and exacting admitted to be constitution of the serior. Slavery is limply by adhering, and exacting admitted to the constitution of the serior. After the experience of the last Constitution of the secondary. After the experience of the last Constitution of the secondary. After the experience of the last Constitution of the secondary and power. The Missaccian of the secondary is a majority of ten vetes, and with a body now so organized set to decrease the secondary is a majority of ten vetes, and with a body now so organized set to decrease the proviso into a law. But the germ of Liberty embodied in that Proviso, and borrowed from the Proviso into a law. But the germ of Liberty embodied in that Proviso, and borrowed from the State of the 3d, contains more returns of the Proviso into a law. But the germ of Liberty embodied in that Proviso, and borrowed from the State of the 3d, contains more returns of the Proviso into a law. But the germ of Liberty embodied in that Proviso, and borrowed from the State of the 3d, contains more returns of the State Constitution, and an invession of the rights of the Constitution, and an invession of the rights of the Constitution, and an invession of the rights of the Constitution, and an invession of the rights of the Constitution of the policy special than the contract of the state of the provision to a law. But the germ of Liberty should be stated to the Constitution of the provision to a law. But the germ of Liberty should be stated to the provision to a law. But the germ of Liberty should be stated to the state of the stat ed free territory than with its enlargement. We by law. The design of the Bill is to allow the have what all before admitted to be ours, and

with opposition to the cheap postage system, he no power to establish it where it has no existence laims the honor of all the benefits resulting from The Mexican soil is free soil, and any attempt to who have with authority acted upon the subject that in the free and in the Slave States. Thus it was abolished as a "local institution" from the low free States, where it existed, at, and after the Revolution. It is regarded by these States also as subject within State jurisdiction, because they ave generally made provision for the freedom of with the consent of their masters, and the only reason for not making Slaves free who have es resson for not making Slaves free who have established against their mester's will, from "one State day evening lest." press terms, declarse they shall be delivered up.

Upon the principle that it is a local subject, Pennol of other free States declare, that neither Slavery nor tavoluntary servinds shall exist, except for the punishment of crime. Upon the same principle, and in the exercise of the same

pose however, a war of conquest, without meets tion, prohibiting the importation of Slaves, reguing other and graver issues,—as for example, what shall be done with our troops, and what shall be ulations and restraints they please over them.

take the responsibility, and show him the way.—

The resolutions of Mr. Calhoun are important in any aspect, and will give rise to what perhaps may be, in the Senate, the debate of the session upon the war question.

Mr. Holmes, of S. C., has thrown in a different series of resolutions in the House, where, howev.

Judicial power of the land, say "hands off."

As ded to the Councils to subscribe a sufficient sum in connection with individual subscriptions, to council to subscribe a sufficient sum in connection with individual subscriptions, to council to principle of Liberty embodied in the Wilmot Prosecure its speedy completions. That the County Legislature, to exempt from levy and sale so forms in the subject under consideration, and requested to call a county meeting, at a suitable time, to bill seems thus far to be lavorably received.

The Councils to subscribe a sufficient sum in connection with individual subscriptions, to council to subscribe a sufficient sum in connection with individual subscriptions, to council to subscribe a sufficient sum in connection with individual subscriptions, to council to subscribe a sufficient sum in connection with individual subscriptions, to council to subscribe a sufficient sum in connection with individual subscriptions, to council to subscribe a sufficient sum in connection with individual subscriptions, to council to subscribe a sufficient sum in connection with individual subscriptions, to council to subscribe a sufficient sum in connection with individual subscriptions, to council to subscribe a sufficient sum in connection with individual subscriptions, to council to subscribe a sufficient sum in connection with individual subscriptions, to council to subscribe a sufficient sum in connection with individual subscriptions, to council to subscribe a sufficient sum in connection with individual subscriptions, to council to subscribe a sufficient sum in connection with individual subscriptions, to council to subscribe a sufficient sum in connection with individual subs

teous discussion was had, and the Convention made the only decision in its power, viz: that a cen-tral route should be built, locating its Eastern terminus, and its Western so far as it could do so without interfering with the rights of Western

RAIL ROAD MESTING.—The citizens of Alleing other and graver issues,—as for example, what shall be abelled done in reference to spoilations upon American trade and commerce. Congress, it seems to me, or all the high Courts of the States, and of the opposition to a war of conquest, and its readiness to make peace upon the payment of the claims due to our citizens, either in land or money. This done, our troops might retain possession of the country and more power to create its existence in a free term.

RAIL ROAD MEXTING.—The citizens of Allegency on Thursday the 16th inste, the Mayor presiding. Resolutions were passed, expressing the profound interest of the citizens of this section in the efforts of Philadelphia to construct a Rail Road from their city to the Ohio late 24 hours, and is still recoding. The weather the court of the Court, and the opinion of the Judges. It applies that sid from our two citizes should not be withheld from so important an enterprise.

The River has fallen nine inches, during the construct a Rail Road from their city to the Ohio late 24 hours, and is still recoding. The weather the withheld from so important an enterprise.

The telegraph life is through to St. Louis and the first of the diverse.

our currens, either in land or money. This done on more your cope might retain possession of the country on more power to create its existence in a free formula boundary was agreed upon and the indem nity provided for. The road to peace is easy any one of the States of the Government. The money,—much more so than war,—if there is any disposition to travel it. The Executive, I believe, lempts to create its existence in a free formulation with Allegheny county should the disposition to travel it. The Executive, I believe, lempts to create its existence in a free formulation with Allegheny county should the disposition of the States of the Government. The People may, and will interpose to prevent all attempts to create its existence. Should the Government to construct a road to the Correspondence of the Pittsburgh Gazette Chick State line, and that as soon as adequate legwishes Congress to relieve him of the responsibility of continuing the war, and if he has not the rights and welfare, they can, with the authority of nellavillo charter becomes fully applicable to the two feet since our report of Saturday. There ity of continuing the war, and it me has not use income one started proceedants of the highest courage to do right, I hope Congress will law, and the most sacred proceedants of the highest construction of such a road, that it be recomment is overy appearance to-night, of, more rain.

Law, and the most sacred proceedants of the highest construction of such a road, that it be recomment is overy appearance to-night, of, more rain.

meat in Pittahurah. units which a surely and he accounty.

In may be shipped loose from any point below-without injury, and after having been smokes been, can be forwarded to the eastern cities, either by wagon or by cannel, without transhipment, where it amon't invariably arrives in fine condition, and generally commands the highest contraction of the same, which are unavoidably expenses where Bacco intended for eastern markets is smoked at points below, not taking into account the fact that it arrives in much better order than when packed in eask. It will also be borne in mind that Pittsburgh it one of the best points in the Union for selling Bacco.
